STAFF MEMO

Village of Jackson
Plan Commission

Meeting Date: October 27, 2022

Agenda Item: Item #3

To: Mike Schwab, Village President
Village of Jackson Plan Commission
Jen Keller, Village Administrator

From: Collin Johnson, Director of Inspections

Subject: Conditional Use Permit – Signage for Morning Meadows Subdivision

Background and Analysis:

Morning Meadows subdivision began Phase I & Phase II grading and utility work in 2020 followed by construction of twenty-four (24) single-family homes throughout the Phase I area. Phase I home construction is nearing completion with additional twenty-eight (28) homes anticipated to be built within the Phase II area. The Developer is requesting approval to install a sales sign in the outlot area near the intersection of Daisy Drive and County Hwy. P.

The proposed sign is double-sided with each side measuring 4' x 8' (32 sf) in area, for a total of 64 square feet. The sign will advertise "New Homes For Sale" and include the subdivision name, developer name, and contact information.

The proposed signage would exceed the maximum allowable area of eight (8) square feet for a real estate sign outlined in Ordinance Sec 48-300(1) below, a Conditional Use Permit is required to allow for the increase size.

Comprehensive Plan & Zoning Impacts:

The Comprehensive Plan is not impacted by this request. Zoning Chapter 48, Division 7 is applicable to the request as outlined by specific ordinances below:

Sec. 48-300. Signs permitted in all districts without a permit.

The following signs are permitted in all zoning districts without a permit, subject to the following regulations:

(1) Real estate ground or wall signs not to exceed eight square feet in area which advertise the sale, rental, or lease of the premises upon which the signs are temporarily located. Such signs may not be placed in the right-of-way.

Site Plan:

See attached site map for general location of proposed signage

Signage:

A double-sided sign with each side measuring 4' x 8' (32 sf) in area for a total of 64 sf. is proposed. See attached sign renderings.

Additional Staff Comments:

None

Review Procedures:

The Plan Commission is advisory; and the Village Board makes the final decision.

Notice Requirements:

1. Posting on the agenda.
2. Publication of a Class 2 notice of public hearing. *(Two consecutive weekly publications required)*
3. Notification of all other municipalities, located within 1,000 feet of the subject property. *(Includes all non-contiguous municipalities)*

Potential Action:

Motion to recommend the Village Board approve the signage request for Morning Meadows subdivision as submitted conditioned upon the following:

1. This approval is only applicable to signage for Phase I & II.
2. The sign shall be approved for display for an initial period of 24-months with the opportunity to extend for an additional 12-month period upon submittal of a new sign permit application and fee to the Building Inspection Department.
3. The sign shall be removed within 30-days of the sale of the last lot or home within Phase I and/or Phase II.

ORDINANCE #22-12

TO ESTABLISH ZONING FOR VARIOUS PROPERTIES ANNEXED TO THE VILLAGE WITH APPROVAL OF ORDINANCE #20-09 AND TO AMEND THE ZONING MAP OF THE VILLAGE OF JACKSON PURSUANT TO SECTION 48.34 OF THE MUNICIPAL CODE

WHEREAS, the Village Board for the Village of Jackson adopted zoning regulations for the Village of Jackson and has amended such regulations from time to time; and

WHEREAS, the zoning regulations, as amended, are codified as Chapter 48 of the Village of Jackson municipal code, which is titled "Zoning;" and

WHEREAS, the Village of Jackson annexed various properties in 2021 as set forth in Ordinance #20-09 and desires to establish the zoning of such properties specified therein; and

WHEREAS the proposed zoning has been submitted to the Village of Jackson Plan Commission for report and recommendation; and

WHEREAS the Village of Jackson Plan Commission considered the matter at its meeting on September 29, 2022 and recommended approval; and

WHEREAS, the Village Board conducted a public hearing on October 11, 2022; and

WHEREAS, the Village Plan Commission has recommended to the Village Board that the rezoning change be made; and of the recommendation of the Plan Commission, having determined that all procedural requirements and notice requirements have been satisfied, having given the matter due consideration, having determined that the rezoning is consistent with the Village's Comprehensive Plan, and having based its determination on the effect of granting of said rezoning on the health, safety, and welfare for the community, and the immediate neighborhood in which said use will be located, and having given due consideration to the municipal problems involved, as well as the impact on the surrounding properties as to the noise, dust, smoke, odor and others, has hereby determined that the rezoning will not violate the spirit or intent the zoning ordinance for the Village of Jackson, will not be hazardous, harmful, noxious, offensive or a nuisance by reason of noise, dust, smoke odor or other similar factors and will not for any other reason cause a substantial adverse effect on the property values and general desirability of the neighborhood as long as the development is conducted pursuant to the following conditions and is in strict compliance with the same.

NOW, THEREFORE BE IT RESOLVED, the Village of Jackson Village Board, Washington County Wisconsin ORDAINS AS FOLLOWS:

Section 1. To create Section 48-144.1 of the zoning code to establish a new residential zoning district to be identified as RT-10 as set forth below:

Sec. 48-144.1 RT-10 Single-Family Residential District.

(a) Generally. The RT-10 Single-Family Residential District is intended to provide for single-family residential development not to exceed one (1) dwelling unit per parcel, served by municipal sewer and water facilities. This zoning designation shall not be used in any other location except for those properties annexed into the Village under Ordinance No. 20-09 and indicated as Exhibits B-1, B-5, B-6 on the attached map.

(b) Permitted uses. Single-family dwellings.

(c) Permitted accessory uses. Permitted accessory uses include private garages, private carports, sheds (garden, tool and storage) incidental to the residential use, and home occupations and professional home offices as specified in section 48-1.

(d) Conditional uses. Conditional uses include group homes, foster homes, and halfway houses provided there be a minimum lot area of 1,500 square feet per person (upon ultimate development) and a minimum principal building area of 200 square feet per person.

(e) Lot area and width. Lots shall be a minimum of 20,000 square feet in area and shall not be less than 50 feet in width at the setback line. Corner lots shall not be less than 100 feet in width at the setback line along at least one of the frontage yards.

(f) Building height and area. No principal building or parts of a principal building shall exceed 35 feet in height. No accessory building shall exceed 15 feet in height. The total minimum floor area of a one-story dwelling shall be 1,200 square feet; the total minimum floor area of a multi-story dwelling shall be 1,800 square feet. Multi-story dwellings shall have a minimum first floor area of 1,000 square feet.

(g) Setbacks and yards. There shall be a minimum setback of 75 feet from the road centerline or 42 feet from the right-of-way of local streets, whichever is greater. There shall be a minimum side yard of 10 feet and there shall be an aggregate side yard of not less than 25 feet. There shall a minimum rear yard setback of not less than 50 feet.

Section 2. To create Section 48-144.2 of the zoning code to establish a new residential zoning district to be identified as RT-11 as set forth below:

Sec. 48-144.2 RT-11 Single-Family Residential District.

(a) Generally. The RT-11 Single-Family Residential District is intended to provide for single-family residential development at densities not to exceed one (1) dwelling unit per

parcel, served by municipal sewer and water facilities. This zoning designation shall not be used in any other location except for those properties annexed into the Village under Ordinance No. 20-09 and indicated as Exhibits B-2 and B-3 on the attached map.

(b) Permitted uses. Single-family dwellings.

(c) Permitted accessory uses. Permitted accessory uses include private garages, private carports, sheds (garden, tool and storage) incidental to the residential use, and home occupations and professional home offices as specified in section 48-1.

(d) Conditional uses. Conditional uses include group homes, foster homes, and halfway houses provided there be a minimum lot area of 1,500 square feet per person (upon ultimate development) and a minimum principal building area of 200 square feet per person.

(e) Lot area and width. Lots shall be a minimum of one (1) acre in area and shall not be less than 175 feet in width at the setback line.

(f) Building height and area. No principal building or parts of a principal building shall exceed 35 feet in height. No accessory building shall exceed 15 feet in height. The total minimum floor area of a one-story dwelling shall be 1,200 square feet; the total minimum floor area of a two-story dwelling shall be 1,800 square feet. Multi-story dwellings shall have a minimum first floor area of 1,000 square feet.

(g) Setbacks and yards. There shall be a minimum setback of 100 feet from the road centerline or 42 feet from the right-of-way of local streets, whichever is greater. There shall be a minimum side yard of 25 feet from all structures. There shall be a minimum rear yard setback of not less than 50 feet.

Section 3. The properties listed in the Table below are hereby zoned RT-10 as specified above, and the zoning map of the Village of Jackson is hereby amended to incorporate the zoning for the various properties.

Section 9. This ordinance shall be in full force and effect from and after its passage and posting or publication as provided by law.

Section 10. The several sections of this ordinance are declared to be severable. If any section or portion thereof shall be declared by a court of competent jurisdiction to be invalid, unlawful, or unenforceable, such decision shall apply only to the specific section or portion thereof directly

specified in the decision and shall not affect the validity of any other provisions, sections, or portions thereof of the ordinance. The remainder of the ordinance shall remain in full force and effect. Any other ordinances whose terms are in conflict with the provisions of this ordinance are hereby repealed as to those terms that conflict.

Section 11. The Village Clerk and Village Administrator are authorized and directed to make all changes within the Village of Jackson Code of Ordinances necessary to reflect this Ordinance.

RE: TID 7 Commercial Parcel Concept Plans

Enclosed for Village Board consideration are:

- “Concept Plans Assumptions” summary sheet EDWC authored and revised to incorporate recent discussions among you, Brian Kober and myself (notes section)
- 3 site concepts prepared by Cedar Corp that optimally address limitations and leverage strengths aligned with details included assumptions sheet
- For each concept, a proforma EDWC prepared depicting the potential for TIF revenue

Proforma Notes

- The “Lot” numbers correspond to the numbers on the concept plans
- Lot acreage is an approximation given actual lots in the plan are not perfectly squared off
- Pace of absorption (build-out) is assumed to be “rapid,” which is aggressive in current market / economic conditions. Changing the “pace of absorption” will have material effects on revenue.
- Until we have Village Board consensus on how to handle site limitations (like the pipeline easement and 100-year floodplain), we did not build into the proforma any costs associated with the public build-out / infrastructure. This provides for a high-level, baseline view of maximum cashflow from the site.

Recommendation Respective to Site Limitations

While we don’t yet have specific cost estimates nor a specific developer / end-user identified, EDWC is recommending that the Village of Jackson retain ownership of the portions of the property affected by the pipeline easement, floodplain, and major setbacks. Further, EDWC recommends leveraging these portions of the site to construct a centralized and shared public parking lot, greenspace / trails to connect with the “Next Gen Housing” development to the south. If accepted, these costs would need to be subsequently built into the proforma and development plan. The “developable” portions could then be “condo’d” for private ownership.

This accomplishes the following:

1. Provides the Village Hall campus with overflow parking for major events and activities
2. Optimizes use of the site while addressing material constraints to buildable acreage
3. Virtually eliminates any developer / end-user perception that they are paying taxes on land they cannot fully leverage for revenue-producing purposes
4. Reduces substantially “sunk costs” developers / end-users would incur by minimizing infrastructure investment on effectively unbuildable space
5. Focuses developer / end-user investment on revenue-producing assets while keeping site infrastructure as operating expense (via long-term shared use / lease agreements of parking for example)

6. May serve as an effective, ongoing incentive for attracting developers / end-users

Conclusion

3-structure concept (anchor and two “out-lots”) maximizes buildable acreage and TIF revenue.

Decisions Required

1. Which (any or all) of the three site concepts are acceptable for achieving the Desired Future State already agreed to by the Village Board?
2. Do you accept the recommendation of public ownership of parking, floodplain and major setbacks as a potential solution for addressing site limitations (assuming it cash flows and developers / end-users agree)?
3. Which site concept best achieves the village’s objectives?
4. What assumptions do you feel we need to change? For example, “Slow down the pace of absorption to be less aggressive.” (See assumption and proforma sheets)

Next Steps

Once consensus is reached on the above, EDWC will work the village administration on building a Commercial Real Estate Development Proposal for the Village Board’s consideration in December.

Next steps thus include:

1. Developing cost estimates for public projects
2. Honing cost estimates for private projects (including land purchase, utility connection fees, impact fees, permit and review fees, construction)
3. Completing a more detailed development proforma
4. Completing a feasibility report
5. Integrate all of the above and previous work on location analysis into a draft Commercial Real Estate Development Proposal / Plan in slide deck form. Major components to include:
 - a. Executive summary
 - b. Site overview
 - c. Ownership history
 - d. Location analysis
 - e. Desired future state
 - f. Concept plan(s)
 - g. Feasibility analysis
 - h. Financial analysis
 - i. Risk analysis
 - j. Development timeline
 - k. Go-to-market strategy
 - l. Consultant / professional team

Concept Plan(s) Assumptions

Date: 11/03/2022	Parcel: Jackson TID 7 Commercial
Legal Description: Lot 2 of CSM 6969	
Acres: 5.76	
Zoning: B-1: Community Business District. Lots shall have a minimum of one acre and not less than 150 feet wide. No building can exceed 35 feet in height. All uses are conditional.	
Known Limitations: ANR Pipeline easement running roughly north/south in the middle of the property; concrete, asphalt or grass allowed on top. Creek along southern property edge limits access and may also affect developable area.	
Access: Assume access only from Ridgeway Dr. WisDOT restricts STH 60 access. Spruce Street access is limited from a cost-efficacy / timing standpoint. A box culvert and floodway review of creek on southside of property would cost ~\$100k and a year to get a permit from DNR.	
Parking: Include 1 parking spot for every 300 SF and 1 space for each 3 employees.	
Setbacks: <i>Building</i> - ROW 50 feet, side yard on either side of the principal structure 15 feet, rear yard 25 feet (3 sides ROW, 1 side yard) building must stay out of setback. Landscaping allowed within setbacks. <i>Parking</i> - Asphalt/concrete up to 2 feet from lot line.	
Other Notes: An asphalt path now runs along the northern lot line, within the ROW, which promotes bike/ped traffic. Ridgeway and Spruce Street are improved.	
Parcel Map	Aerial with 50,000 SF Building Visualization
	
Addressing the Pipeline Easement	
Issue: Easement basically cuts right down the middle of the property. With no structures allowed on the easement, it would need to be preserved for either greenspace or parking. Given the desired future state and building requirements noted below, more likely than not, the easement's best use would be parking. Couple this with limited access to the site, and maximum use of the site will undoubtedly require more creative site concepts and solutions. Goal: Maximize commercial development on the site while minimizing the amount of effectively "unbuildable" space under private ownership. At best, developers will deeply discount real estate they have to own (and on which they pay taxes) but not on which they are free to build or expand. At worst, the easement could be a disincentive to securing developers and end-users if not addressed properly. Possible Solution: The parcel could be "condominium-ized" to allow the non-buildable space to be owned and maintained by the village and each structure owned separately by various private end-users (if not a single developer). The village owned portion would include the pipeline easement and creek setbacks (wetland). The pipeline easement could then be converted to public parking with shared access / use agreements between the private end-users and village. The required creek setbacks could become buffer / green space to the residential development south of the commercial parcel.	

Desired Future State					
Land Use	B1 Community Business District: Retail / Restaurant / Medical / Health / Services				
Assessed Value	\$2.9M (TID Plan = \$2.4M) – 4.8 buildable acres, 15% of which is under roof due to pipeline easement constraints (approx. 31,490 SF); Total CapEx of \$4.1M; \$3.9M in construction; \$206K in site preparation				
Market Position	Raise the profile by leveraging the commuter population and proximity to Cedarburg. Position for high touch businesses offering an “experience” and a more premium ascetic. Serves and complements families living in the mainstream residential development beyond this central gateway.				
Site Profile	Establish a destination anchor with one or two smaller compatible additional developments. Market supported themes include: (1) vet with higher-end pet retail, (2) family food business with adjacent unique family entertainment, (3) boutique retail, shoe store, taproom/distillery with food service, (4) health/physical therapy clinic next to sporting goods store.				
Significance	Focal point for village; sense of place; destination point; draw visitors & family				
Impact	Gets commuters to pause and spend money in Jackson, creates tax base, establishes a niche for the village; provides a new service or market; attracts spenders seeking “something more” from their visit				
ROI	Contribute net positive revenue to TID 7 inclusive of site’s share of infrastructure costs, land discounts and any other incentive costs; engender a new generation of pride in the community				
Market Strategy

Notes					
• The above datapoints represent reasonable assumptions rooted in industry specific research and design standards. Various subjective judgements were required in their formulation; therefore, these are for illustrative purposes only. • While access to the site is off Ridgeway, most of the targeted uses would want to maximize visibility to the high traffic counts off of Hwy 60 / Main. As such, any site concept plans should position structures for maximum visibility to Hwy 60. • Centralized parking area – per solution for pipeline easement – is publicly owned and shared by “condo’d” structures. 100-year floodplain, setbacks and right-of-way also to remain publicly owned. • The stormwater pond on Spruce Street is designed to handle the water from this site; so, allowance for onsite stormwater management is not required.

Tuesday, October 11, 2022 at 7:30 p.m.

Jackson Municipal Complex

N168W19851 Main Street

Jackson, WI 53037

1. Call to Order and Roll Call

Pres. Schwab called the meeting to order at 7:30 p.m.

Members Present: Trustees Emmrich, Engelhardt, Heckendorf, Kruepke, Matter, and Wells.

Staff Present: Building Inspector Collin Johnson, Administrator Jen Keller, Director of Public Works/Village Engineer Brian Kober, Fire Chief Aaron Swaney, Parks and Recreation Director Kelly Valentino, Police Chief Ryan Vossekuil, and Administrative Assistant Tiffany Washburn. Also Present: Moraine Park Technical College - Dean of the West Bend Campus Pete Rettler and Vice President of Finance and Administration Director Carrie Kasubaski, Washington County Executive Josh Schoemann, and Washington County Sheriff Martin Schulteis.

2. Pledge of Allegiance

Pres. Schwab led the assembly in the Pledge of Allegiance.

3. Village Citizen Comment on an Agenda Item

Paula Schwartz, N161W20107 Riverview Drive, requested clarification regarding the Village's dog leash policy, as she has noticed an increase in unleashed dogs. Pres. Schwab referred to the Village Ordinance posted on the Village website.

Pres. Schwab asked permission of the Board to rearrange the agenda to move Item #12 after Item #3, as well as allowing Washington County's Executive Schoemann and Sheriff Schulteis to present at approximately 8:00PM versus waiting until Item #14.

The Board had no objections.

12. Moraine Park Technical College Report

MPTC's Pete Rettler and Carrie Kasubaski presented background information regarding the upcoming MPTC District referendum on the November 8th election ballot, including the projects planned if the referendum is granted and the corresponding timelines.

Discussion ensued.

14. Washington County Board Report (Part 1)

Washington County's Executive Schoemann and Sheriff Schulteis presented background information regarding the upcoming Washington County Anti-Crime Plan referendum on the November 8th ballot, including a general overview, the supporting data, future plans if the referendum passes, the fiscal impact, and how it may directly affect the Village of Jackson. Discussion ensued.

4. Fifteenth-Amended Agreement for the Operation of Mid-Moraine Municipal Court

Administrator Keller provided a review of the amendment to the agreement, which includes personnel changes to Staff, term changes for officers, and inclusion of three (3) communities: Town of West Bend, Town of Polk, and the Big Cedar Lake Protection and Rehabilitation District.

Motion by Tr. Emmrich, second by Tr. Engelhardt, to adopt the Fifteenth-Amended Agreement for the Operation of the Mid-Moraine Municipal Court.

Vote: 5 ayes, 2 nays (Pres. Schwab and Tr. Heckendorf). Motion carried.

5. Vandewalle and Associates Update and Proposed New Contract – Next Generation Housing Development

Administrator Keller provided background information on the proposal.

Motion by Tr. Engelhardt, second by Tr. Wells, to accept the proposed new contract with Vandewalle & Associates beginning November 1, 2022, for professional services related to the Next Generation Housing Development, with an amount not to exceed \$19,000.00.

Vote: 6 ayes, 1 nay (Tr. Emmrich). Motion carried.

6. Discussion and Possible Action Related to 2022 Jackson Fire and EMS Study Recommendations

Staffing Recommendation

Motion by Tr. Wells, second by Tr. Emmrich, to approve the recommendations related to changes in staffing of the Department included in Appendix B of the Fire and EMS study, "Proposed Organizational Chart," subject to the following conditions:

- a. The changes go into effect in 2023.
- b. Any promotion is subject to establishment of job descriptions if needed, formal position testing, and approval by the PFC.

Discussion ensued regarding the data provided by the study, PFC involvement with promotions, and the source of funding. Chief Swaney provided background information regarding the staffing and promotion process.

Vote: 0 ayes, 7 nays. Motion failed.

Motion by Tr. Emmrich, second by Tr. Kruepke, to approve the recommendations related to changes in staffing of the Department included in Appendix B of the Fire and EMS study, "Proposed Organizational Chart," subject to the following conditions:

- a. The changes go into effect in 2023.
- b. Any promotion is subject to establishment of job descriptions if needed, formal position testing, and approval by the PFC.
- c. Conditioned upon funding.

Vote: 7 ayes, 0 nays. Motion carried.

Wage Increases and Promotion Recommendations

Motion by Pres. Schwab, second by Tr. Emmrich, to approve the recommendations related to increasing full-time employee pay included in Appendix D of the Fire and EMS study, "Proposed Fire Department Compensation Structure with Steps," subject to the following conditions:

- a. Year 1 wage level approved.
- b. Chief wage to be peer community wage.
- c. Steps subject to fiscal constraint.
- d. Wages subject to fiscal constraint.

Administrator Keller reviewed calculations made by Staff prior to the meeting so that different options for wage adjustments would be available for discussions. It was determined by Staff there was not financial capacity for the Village to implement all PAA wage and position changes without making significant cuts throughout all other Village Departments. Instead, Staff are recommending a two-year phased approach to the recommendations as well as delaying the hiring of the new full-time firefighter-paramedic. Vote: 7 ayes, 0 nays. Motion carried.

Paid-On-Call Wage Increase and Call-in Recommendation

Motion by Pres. Schwab, second by Tr. Emmrich, to approve the recommendation increasing Paid-on-Call hourly wages 20% and increasing pay to a 1-hour minimum, to go into effect in 2023, subject to fiscal constraint.

Discussion ensued regarding the relation between wages for paid-on-call and part-time. Vote: 6 ayes, 0 nays, 1 abstain (Tr. Heckendorf). Motion carried.

Recuperation of Costs Recommendation

Motion by Pres. Schwab, second by Tr. Wells, to approve the recommendation that cost recuperation efforts be discussed with contracted communities and included in future budgets so as to include a 5-10% fee added to charges to the communities served to account for administrative costs related to management of accounts payable and receivables functions, HR matters, and debt management for the Department.

Vote: 7 ayes, 0 nays. Motion carried.

7. Ordinance #22-13 Adopt Amendments to the Village of Jackson Comprehensive Plan: Map 1 Future Land Use Plan 2050 (2nd Reading)

Motion by Tr. Heckendorf, second by Tr. Wells, to approve Ordinance #22-13 Adopt Amendments to the Village of Jackson Comprehensive Plan 2050.

Vote: 7 ayes, 0 nays. Motion carried.

8. Approval of Minutes for the Village Board Meeting of September 13, 2022, and Special Village Board Meeting of September 26, 2022

Motion by Tr. Heckendorf, second by Tr. Emmrich, to approve the minutes for the Village Board Meeting of September 13, 2022, and the Special Village Board Meeting of September 26, 2022, as presented.

Vote: 7 ayes, 0 nays. Motion carried.

Memo

To: Jen Keller, Village Administrator

From: Brian W. Kober, P. E., Director of Public Works/Village Engineer

Subject: Bid Results – STH 60 – Utility Upgrades

Date: October 21, 2022

CC:

The STH 60 Utility Upgrades Project received four bids for the project. Since we have an unstable market the Engineer's Estimate is more of a guess where the cost of the project will become. The cost increase of the project is being driven by the standards by WisDOT for STH 60. Slurry backfill is one of the increase costs, and the oil market driving the cost on asphalt pavement. We are in discussion with the low bid contractor for cost savings with certain line items.

The leaking sanitary sewer needs to be replaced along with the other utility corrections. The Jackson Sewer and Water Utilities are doing this project ahead of the STH 60 Resurfacing Project is 2024. WisDOT resurfaces the road roughly every twenty years, which would be the next opportunity to replace the underground utilities.

Recommendation to approve the project with the low bid by Advanced Construction.

If you have any questions, please let me know.

Brian W. Kober, P.E.

Bid Review

Dear Mr. Kober:

We have evaluated the bids received on October 18th, 2022 for the STH 60 Utility Upgrades.

Fours bids were received and are summarized below:

<u>Contractor</u>	<u>Bid Total</u>
Advance Construction, Inc.	\$2,713,433.75
Super Excavators, Inc.	\$3,198,999.00
PTS Contractors, Inc.	\$3,480,006.00
MJ Construction, Inc.	\$4,055,012.00

Our evaluation of the submitted prequalification statement, bid form, and bid bond for Advance Construction, Inc. indicates that they are capable of completing the work required as shown in the contract documents. Therefore, if approved by the Board of Public Works and Village Board, we recommend the award of a contract for the STH 60 Utility Upgrade project to Advance Construction, Inc.

Sincerely,

- 1.01 The undersigned Bidder proposes and agrees, if this Bid is accepted, to enter into an Agreement with OWNERS in the form included in the Bidding Documents to perform all Work as specified or indicated in the Bidding Documents for the prices and within the times indicated in this Bid and in accordance with the other terms and conditions of the Bidding Documents.
- 2.01 Bidder accepts all of the terms and conditions of the Advertisement or Invitation to Bid and Instructions to Bidders, including without limitation those dealing with the disposition of Bid security. The Bid will remain subject to acceptance for 60 days after the Bid opening, or for such longer period of time that Bidder may agree to in writing upon request of OWNERS.
- 3.01 In submitting this Bid, Bidder represents, as set forth in the Agreement, that:
- A. Bidder has examined and carefully studied the Bidding Documents, the other related data identified in the Bidding Documents, and the following Addenda, receipt of all which is hereby acknowledged:

<u>Addendum No.</u>	<u>Addendum Date</u>
<u>1</u>	<u>10-13-22</u>

- B. Bidder has visited the Site and become familiar with and is satisfied as to the general, local and Site conditions that may affect cost, progress, and performance of the work.
- C. Bidder is familiar with and is satisfied as to all federal, state and local Laws and Regulations that may affect cost, progress and performance of the Work.

- D. Bidder has obtained and carefully studied (or assumes responsibility for having done so) all additional or supplementary examinations, investigations, explorations, tests, studies and data concerning conditions (surface, subsurface, and Underground Facilities) at or contiguous to the Site which may affect cost, progress, or performance of the Work or which relate to any aspect of the means, methods, techniques, sequences, and procedures of construction to be employed by Bidder, including applying the specific means, methods, techniques, sequences, and procedures of construction expressly required by the Bidding Documents to be employed by Bidder, and safety precautions and programs incident thereto.
 - E. Bidder does not consider that any further examinations, investigations, exploration, tests, studies, or data are necessary for the determination of this Bid for performance of the Work at the price(s) bid and within the times and in accordance with the other terms and conditions of the Bidding Documents.
 - F. Bidder is aware of the general nature of work to be performed by OWNERS and others at the Site that relates to the Work as indicated in the Bidding Documents.
 - G. Bidder has correlated the information known to Bidder, information and observations obtained from visits to the Site, reports and drawings identified in the Bidding Documents, and all additional examinations, investigations, explorations, tests, studies, and data with the Bidding Documents.
 - H. Bidder has given ENGINEER written notice of all conflicts, errors, ambiguities, or discrepancies that Bidder has discovered in the Bidding Documents, and the written resolution thereof by ENGINEER is acceptable to Bidder.
 - I. The Bidding Documents are generally sufficient to indicate and convey understanding of all terms and conditions for the performance of the Work for which this Bid is submitted.
- 4.01 Bidder further represents that this Bid is genuine and not made in the interest of or on behalf of any undisclosed individual or entity and is not submitted in conformity with any agreement or rules of any group, association, organization or corporation; Bidder has not directly or indirectly induced or solicited any other Bidder to submit a false or sham Bid; Bidder has not solicited or induced any individual or entity to refrain from bidding; and Bidder has not sought by collusion to obtain for itself any advantage over any other Bidder or over OWNERS.
- 5.01 Bidder will complete the Work in accordance with the Contract Documents for the unit prices listed in Document 00310 Schedule of Prices.
- 6.01 Bidder agrees that the Work will be complete as specified in Document 00500, Agreement, Article 4.02, Contract Time, and ready for final payment in accordance with Paragraph 15.06 of the General Conditions and Article 4.02 of the Agreement.
- 6.02 Bidder accepts the provisions of the Agreement as to liquidated damages in the event of failure to complete the Work within the times specified above, which shall be stated in the Agreement.

7.01 The following documents are attached to or submitted via QuestCDN vBid and made a condition of this Bid:

- A. Document 00310, Bid Schedule
- B. Document 00490, Disclosure of Ownership
- C. Required Bid bond in the form of Bid Bond, Certified Check or Bank Cashier's Check.

8.01 The terms used in this Bid, which are defined in the General Conditions of the Construction Contract included as part of the Contract Documents and have the meanings assigned to them in the General Conditions.

BID BOND

Any singular reference to Contractor, Surety, Owner or other party shall be considered plural where applicable.

CONTRACTOR:

(Name, legal status and address)

Advance Construction, Inc.
2141 Woodale Ave
Green Bay, WI 54313

SURETY:

(Name, legal status and principal place of business):

Great American Insurance Company
301 E. Fourth Street
Cincinnati, OH 45202

OWNER:

(Name, legal status and address)

Village of Jackson
W194 N16660 Eagle Drive
Jackson, WI 53037

BOND AMOUNT: \$ 5% of the amount bid

PROJECT: STH 60 Utility Upgrade

(Name, location or address, and Project number, if any)

The Contractor and Surety are bound to the Owner in the amount set forth above, for the payment of which the Contractor and Surety bind themselves, their heirs, executors, administrators, successors and assigns, jointly and severally, as provided herein. The conditions of this Bond are such that if the Owner accepts the bid of the Contractor within the time specified in the bid documents, or within such time period as may be agreed to by the Owner and Contractor, and the Contractor either (1) enters into a contract with the Owner in accordance with the terms of such bid, and gives such bond or bonds as may be specified in the bidding or Contract Documents, with a Surety admitted in the jurisdiction of the Project and otherwise acceptable to the Owner, for the faithful performance of such Contract and for the prompt payment of labor and material furnished in the prosecution thereof; or (2) pays to the Owner the difference, not to exceed the amount of this Bond, between the amount specified in said bid and such larger amount for which the Owner may in good faith contract with another party to perform the work covered by said bid, then this obligation shall be null and void, otherwise to remain in full force and effect. The Surety hereby waives any notice of an agreement between the Owner and Contractor to extend the time in which the Owner may accept the bid. Waiver of notice by the Surety shall not apply to any extension exceeding sixty (60) days in the aggregate beyond the time for acceptance of bids specified in the bid documents, and the Owner and Contractor shall obtain the Surety's consent for an extension beyond sixty (60) days.

If this Bond is issued in connection with a subcontractor's bid to a Contractor, the term Contractor in this Bond shall be deemed to be Subcontractor and the term Owner shall be deemed to be Contractor.

When this Bond has been furnished to comply with a statutory or other legal requirement in the location of the Project, any provision in this Bond conflicting with said statutory or legal requirement shall be deemed deleted herefrom and provisions conforming to such statutory or other legal requirements shall be deemed incorporated herein. When so furnished, the intent is that this Bond shall be construed as a statutory bond and not as a common law bond.

This document has important legal consequences. Consultation with an attorney is encouraged with respect to its completion or modification.

Any singular reference to Contractor, Surety, Owner or other party shall be considered plural where applicable.

The Contractor and Surety are bound to the Owner in the amount set forth above, for the payment of which the Contractor and Surety bind themselves, their heirs, executors, administrators, successors and assigns, jointly and severally, as provided herein. The conditions of this Bond are such that if the Owner accepts the bid of the Contractor within the time specified in the bid documents, or within such time period as may be agreed to by the Owner and Contractor, and the Contractor either (1) enters into a contract with the Owner in accordance with the terms of such bid, and gives such bond or bonds as may be specified in the bidding or Contract Documents, with a surety admitted in the jurisdiction of the Project and otherwise acceptable to the Owner, for the faithful performance of such Contract and for the prompt payment of labor and material furnished in the prosecution thereof; or (2) pays to the Owner the difference, not to exceed the amount of this Bond, between the amount specified in said bid and such larger amount for which the Owner may in good faith contract with another party to perform the work covered by said bid, then this obligation shall be null and void, otherwise to remain in full force and effect. The Surety hereby waives any notice of an agreement between the Owner and Contractor to extend the time in which the Owner may accept the bid. Waiver of notice by the Surety shall not apply to any extension exceeding sixty (60) days in the aggregate beyond the time for acceptance of bids specified in the bid documents, and the Owner and Contractor shall obtain the Surety's consent for an extension beyond sixty (60) days.

If this Bond is issued in connection with a subcontractor's bid to a Contractor, the term Contractor in this Bond shall be deemed to be Subcontractor and the term Owner shall be deemed to be Contractor.

When this Bond has been furnished to comply with a statutory or other legal requirement in the location of the Project, any provision in this Bond conflicting with said statutory or legal requirement shall be deemed deleted herefrom and provisions conforming to such statutory or other legal requirement shall be deemed incorporated herein. When so furnished, the intent is that this Bond shall be construed as a statutory bond and not as a common law bond.

This Power of Attorney is made and executed pursuant to and by authority of the following By-laws and Authorizations of Liberty Mutual Insurance Company, The Ohio Casualty Insurance Company, and West American Insurance Company which resolutions are now in full force and effect reading as follows:

ARTICLE IV - OFFICERS - Section 12. Power of Attorney. Any officer or other official of the Corporation authorized for that purpose in writing by the Chairman or the President, and subject to such limitation as the Chairman or the President may prescribe, shall appoint such attorneys-in-fact, as may be necessary to act in behalf of the Corporation to make, execute, seal, acknowledge and deliver as surety any and all undertakings, bonds, recognizances and other surety obligations. Such attorneys-in-fact, subject to the limitations set forth in their respective powers of attorney, shall have full power to bind the Corporation by their signature and execution of any such instruments and to attach thereto the seal of the Corporation. When so executed, such instruments shall be as binding as if signed by the President and attested to by the Secretary. Any power or authority granted to any representative or attorney-in-fact under the provisions of this article may be revoked at any time by the Board, the Chairman, the President or by the officer or officers granting such power or authority.

ARTICLE XIII - Execution of Contracts - SECTION 5. Surety Bonds and Undertakings. Any officer of the Company authorized for that purpose in writing by the chairman or the president, and subject to such limitations as the chairman or the president may prescribe, shall appoint such attorneys-in-fact, as may be necessary to act in behalf of the Company to make, execute, seal, acknowledge and deliver as surety any and all undertakings, bonds, recognizances and other surety obligations. Such attorneys-in-fact subject to the limitations set forth in their respective powers of attorney, shall have full power to bind the Company by their signature and execution of any such instruments and to attach thereto the seal of the Company. When so executed such instruments shall be as binding as if signed by the president and attested by the secretary.

Certificate of Designation - The President of the Company, acting pursuant to the Bylaws of the Company, authorizes David M. Carey, Assistant Secretary to appoint such attorneys-in-fact as may be necessary to act on behalf of the Company to make, execute, seal, acknowledge and deliver as surety any and all undertakings, bonds, recognizances and other surety obligations.

Authorization - By unanimous consent of the Company's Board of Directors, the Company consents that facsimile or mechanically reproduced signature of any assistant secretary of the Company, wherever appearing upon a certified copy of any power of attorney issued by the Company in connection with surety bonds, shall be valid and binding upon the Company with the same force and effect as though manually affixed.

I, Renee C. Llewellyn, the undersigned, Assistant Secretary, of Liberty Mutual Insurance Company, The Ohio Casualty Insurance Company, and West American Insurance Company do hereby certify that this power of attorney executed by said Companies is in full force and effect and has not been revoked.

IN TESTIMONY WHEREOF, I have hereunto set my hand and affixed the seals of said Companies this 18th day of October, 2022.

Disclosure of Ownership

The statutory authority for the use of this form is prescribed in Sections 66.0903(12)(d), 66.0904(10)(d) and 103.49(7)(d), Wisconsin Statutes.

The use of this form is mandatory. The penalty for failing to complete this form is prescribed in Section 103.005(12), Wisconsin Statutes.

Personal information you provide may be used for secondary purposes [Privacy Law, s. 15.04(1) (m), Wisconsin Statutes].

- (1) On the date a contractor submits a bid to or completes negotiations with a state agency, local governmental unit, or developer, investor or owner on a project subject to Section 66.0903, 66.0904 or 103.49, Wisconsin Statutes, the contractor shall disclose to such state agency, local governmental unit, or developer, investor or owner, the name of any "other construction business," which the contractor, or a shareholder, officer or partner of the contractor, owns or has owned within the preceding three (3) years.
- (2) The term "other construction business" means any business engaged in the erection, construction, remodeling, repairing, demolition, altering or painting and decorating of buildings, structures or facilities. It also means any business engaged in supplying mineral aggregate, or hauling excavated material or spoil as provided by Sections 66.0903(3), 66.0904(2), 103.49(2) and 103.50(2), Wisconsin Statutes.
- (3) This form must ONLY be filed, with the state agency project owner, local governmental unit project owner, or developer, investor or owner of a publicly funded private construction project that will be awarding the contract, if **both (A) and (B) are met**.
 - (A) The contractor, or a shareholder, officer or partner of the contractor:
 - (1) Owns at least a 25% interest in the "other construction business," indicated below, on the date the contractor submits a bid or completes negotiations; or
 - (2) Has owned at least a 25% interest in the "other construction business" at any time within the preceding three (3) years.
 - (B) The Wisconsin Department of Workforce Development (DWD) has determined that the "other construction business" has failed to pay the prevailing wage rate or time and one-half the required hourly basic rate of pay, for hours worked in excess of the prevailing hours of labor, to any employee at any time within the preceding three (3) years.

This document has important legal consequences. Consultation with an attorney is encouraged with respect to its completion or modification.

Any singular reference to Contractor, Surety, Owner or other party shall be considered plural where applicable.

The Contractor and Surety are bound to the Owner in the amount set forth above, for the payment of which the Contractor and Surety bind themselves, their heirs, executors, administrators, successors and assigns, jointly and severally, as provided herein. The conditions of this Bond are such that if the Owner accepts the bid of the Contractor within the time specified in the bid documents, or within such time period as may be agreed to by the Owner and Contractor, and the Contractor either (1) enters into a contract with the Owner in accordance with the terms of such bid, and gives such bond or bonds as may be specified in the bidding or Contract Documents, with a surety admitted in the jurisdiction of the Project and otherwise acceptable to the Owner, for the faithful performance of such Contract and for the prompt payment of labor and material furnished in the prosecution thereof; or (2) pays to the Owner the difference, not to exceed the amount of this Bond, between the amount specified in said bid and such larger amount for which the Owner may in good faith contract with another party to perform the work covered by said bid, then this obligation shall be null and void, otherwise to remain in full force and effect. The Surety hereby waives any notice of an agreement between the Owner and Contractor to extend the time in which the Owner may accept the bid. Waiver of notice by the Surety shall not apply to any extension exceeding sixty (60) days in the aggregate beyond the time for acceptance of bids specified in the bid documents, and the Owner and Contractor shall obtain the Surety's consent for an extension beyond sixty (60) days.

If this Bond is issued in connection with a subcontractor's bid to a Contractor, the term Contractor in this Bond shall be deemed to be Subcontractor and the term Owner shall be deemed to be Contractor.

When this Bond has been furnished to comply with a statutory or other legal requirement in the location of the Project, any provision in this Bond conflicting with said statutory or legal requirement shall be deemed deleted herefrom and provisions conforming to such statutory or other legal requirement shall be deemed incorporated herein. When so furnished, the intent is that this Bond shall be construed as a statutory bond and not as a common law bond.

This Power of Attorney is made and executed pursuant to and by authority of the following By-laws and Authorizations of The Ohio Casualty Insurance Company, Liberty Mutual Insurance Company, and West American Insurance Company which resolutions are now in full force and effect reading as follows:

ARTICLE IV – OFFICERS: Section 12. Power of Attorney.

Any officer or other official of the Corporation authorized for that purpose in writing by the Chairman or the President, and subject to such limitation as the Chairman or the President may prescribe, shall appoint such attorneys-in-fact, as may be necessary to act in behalf of the Corporation to make, execute, seal, acknowledge and deliver as surety any and all undertakings, bonds, recognizances and other surety obligations. Such attorneys-in-fact, subject to the limitations set forth in their respective powers of attorney, shall have full power to bind the Corporation by their signature and execution of any such instruments and to attach thereto the seal of the Corporation. When so executed, such instruments shall be as binding as if signed by the President and attested to by the Secretary. Any power or authority granted to any representative or attorney-in-fact under the provisions of this article may be revoked at any time by the Board, the Chairman, the President or by the officer or officers granting such power or authority.

ARTICLE XIII – Execution of Contracts: Section 5. Surety Bonds and Undertakings.

Any officer of the Company authorized for that purpose in writing by the chairman or the president, and subject to such limitations as the chairman or the president may prescribe, shall appoint such attorneys-in-fact, as may be necessary to act in behalf of the Company to make, execute, seal, acknowledge and deliver as surety any and all undertakings, bonds, recognizances and other surety obligations. Such attorneys-in-fact subject to the limitations set forth in their respective powers of attorney, shall have full power to bind the Company by their signature and execution of any such instruments and to attach thereto the seal of the Company. When so executed such instruments shall be as binding as if signed by the president and attested by the secretary.

Certificate of Designation – The President of the Company, acting pursuant to the Bylaws of the Company, authorizes David M. Carey, Assistant Secretary to appoint such attorneys-in-fact as may be necessary to act on behalf of the Company to make, execute, seal, acknowledge and deliver as surety any and all undertakings, bonds, recognizances and other surety obligations.

Authorization – By unanimous consent of the Company's Board of Directors, the Company consents that facsimile or mechanically reproduced signature of any assistant secretary of the Company, wherever appearing upon a certified copy of any power of attorney issued by the Company in connection with surety bonds, shall be valid and binding upon the Company with the same force and effect as though manually affixed.

I, Renee C. Llewellyn, the undersigned, Assistant Secretary, The Ohio Casualty Insurance Company, Liberty Mutual Insurance Company, and West American Insurance Company do hereby certify that the original power of attorney of which the foregoing is a full, true and correct copy of the Power of Attorney executed by said Companies, is in full force and effect and has not been revoked.

IN TESTIMONY WHEREOF, I have hereunto set my hand and affixed the seals of said Companies this 18th day of Oct., 2022

RESOLUTION #22-20

PRELIMINARY RESOLUTION DECLARING INTENT TO EXERCISE SPECIAL ASSESSMENT POLICE POWERS, UNDER SECTION 66.0703 OF THE WISCONSIN STATUTES

WHEREAS, the Village Board of the Village of Jackson, Washington County, Wisconsin is pursuing the construction and reconstruction of public improvements consisting of water and sanitary sewer mains; storm sewers; pavement; curb and gutter; and sidewalks and the related improvements and expenses for the benefit of the properties described on Exhibit A hereto.

BE IT RESOLVED, by the Village Board of the Village of Jackson, Washington County, Wisconsin:

1. The Village Board hereby declares its intention to exercise its police power under Section 66.0703 of the Wisconsin Statutes to levy special assessments upon the properties described in Exhibit A hereto, for special benefits conferred upon such property by the construction of public improvements consisting of water and sanitary sewer mains; storm sewers; pavement; curb and gutter; and sidewalks and the related improvements and expenses.
2. The Village Board hereby determines that the construction of such improvements is in the best interest of, and for the health and welfare of the municipality and the property benefited by the improvements, and therefore constitutes an exercise of the police power.
3. The amount of such assessments shall be determined and levied upon completion of the construction of public improvements consisting of water and sanitary sewer mains; storm sewers; pavement; curb and gutter; and sidewalks and the related improvements and expenses.
4. The number of installments, rate of interest, and the terms of payment will be included in the Final Resolution after the Public Hearing; which will be held upon completion of the project, when final costs have been determined.
5. Every Special Assessment levied under this Resolution, shall be a lien against the property assessed, from the date of the Final Resolution of the Village Board determining the levy.
6. The Village Engineer shall prepare a report consisting of the following:
 - a. Preliminary of the final plans and specifications for the Public Works.

- b. An estimate of the entire cost of the proposed improvements.
 - c. A schedule of the proposed properties against which the assessments are to benefit.
 - d. A statement that each property against which the assessments are proposed, has been inspected and is benefited, setting forth the basis of such benefit.
 - e. Upon completion of the report, the Village Engineer shall file a copy with the Village Clerk, and with the Village Treasurer.
7. The Village Clerk shall make a copy of the report available for public inspection.

RE: Review of 2023 Budget Worksheets

DATE: November 4, 2022

Attached you will find the proposed 2023 Village of Jackson Budget as discussed during the October 24th Budget Workshop. Staff have incorporated the finalized Statement of Assessed Values received on November 4th which decreased the mill rate since the October 24th review. The attached budget proposes an aggregate decrease in levy by 3.7% and a decreased mill rate of approximately \$0.37 per thousand in value. Levy limits which restrict increases to tax levies outside of debt service, and expenditure restraint restrictions on increased expenditures were guides Staff relied upon when drafting the proposed budget. Additionally, the draft budget focuses on service continuity and wage adjustments or position changes effective in 2023. These changes were based upon Village Board review of 2021 or 2022 wage comparisons for non-represented employees, Village Board review of PAA Fire and EMS study recommendations, and the current Collective Bargaining Agreement which allows up to a 3% increase to 2022 wages based upon performance. Staff find it important to note wages incorporated in the proposed budget do not assume all employees received the maximum wage adjustments or performance incentive increases. Furthermore, some wage adjustments are anticipated to be phased over a two-year period. Other changes incorporated in the 2023 proposed budget includes an additional Recreation Fund obligation to Village levy, and investment in the development of TID 7 via utilization of a portion of TID 4 increment.

Village of Jackson

Investment Policy and Designation of Public Depositories

PURPOSE:

This policy applies to all funds under the authority of the Village of Jackson, Wisconsin (the "Village") not immediately needed to meet operating expenses of the Village. These funds shall, where permissible, be pooled together to achieve the best rate of return. The following fund types are covered by this investment policy: general, debt service, recreation, fire, capital project, sewer utility, water utility. This policy will include any new funds created, unless specifically exempted.

GENERAL OBJECTIVES:

1. SAFETY

Safety of principal is the foremost objective of the investment program. Investments of the portfolio shall be undertaken in a manner that seeks to ensure the preservation of capital in the overall portfolio.

2. LIQUIDITY

The investment portfolio shall remain sufficiently liquid to meet all operating requirements that may be reasonably anticipated. Investment portfolios will be structured so that securities mature concurrently with cash needs to meet anticipated demands. Alternatively, a portion of any portfolio may be placed in money market mutual funds or local government investment pools authorized and permissible under Wisconsin statutes which offer same-day liquidity for short term funds.

3. YIELD

Investment portfolios shall be designed with the objective of attempting to attain a market rate of return throughout budgetary and economic cycles, factoring investment risk constraints and liquidity needs. Return on investment is of secondary importance compared to the safety and liquidity objectives described above. Securities shall generally be held until maturity with the following exceptions:

- A security with declining credit quality may be sold prior to maturity to minimize loss of principal.
- Liquidity needs of the Village require that a security or securities are sold prior to maturity.
- A security swap would improve the safety and yield of the overall portfolio.

STANDARDS OF CARE:

1. Prudence

Investments shall be made with judgment and care giving first consideration to the safety of the investment, then liquidity, and finally yield. "Notwithstanding any other provisions of law, a treasurer who deposits public moneys in any public depository, in compliance with s. 34.05, is thereby relieved of liability for any loss of public moneys which results from failure of any public depository to repay to the public depositor the full amount of its deposits thus causing a loss as defined in s. 34.01 (2)." (Section 34.06 of the Wisconsin Statutes) This policy should not be construed as to imply that an investor should engage in speculative or risky investments. Nor does this policy condone aggressive leveraging for investment purposes.

2. Ethics and Conflicts of Interest

Officers and employees involved in the investment process shall refrain from personal business activity that could conflict with the proper execution and management of the investment program, or that could impair their ability to make impartial decisions. Officers and employees shall refrain from undertaking personal investment transactions with the same individual with whom business is conducted on behalf of the Village.

3. Delegation of Authority

Management and administrative responsibility for the investment program of the Village is entrusted to the Village Treasurer and Administrator under the direction of the Village Board. Individuals authorized to engage in investment transactions on behalf of the Village are the listed in *Appendix A*.

4. Permissible Investments

Permissible investments include any investment stipulated in Wisconsin statute 66.0603 (1m). *See full list in Appendix B.*

- Debt service reserve fund investments specifically for use toward General Obligation debt shall be further restricted to those permissible as per Wisconsin statute 67.11.

5. Risks

The deposits and investments of state and local governments are exposed to risks that have the potential to result in losses. The Village will seek to mitigate common investment risks: credit risk, concentration risk, interest rate risk, and foreign currency risk.

- The investments of the Village shall be held in the name of the Village and held in custodial safekeeping. All custodial agreements shall comply with the laws of the State of Wisconsin.

INTERNAL CONTROLS:

The Village Treasurer, Administrator, and Auditor shall establish a system of internal controls designed to prevent losses of Village funds arising from fraud, misrepresentation by third parties, unanticipated changes in financial markets, employee error, or imprudent actions by employees.

Internal controls shall address:

- Separation of transaction authority from accounting and record keeping.
- Clear delegation of authority to subordinate staff members.
- Confirmation of transactions for investments and wire transfers.
- Development of a Wire Transfer Request Form for Department Heads to submit to the Treasurer (see attached).
- Investment and interest earnings will be recorded in the Village's accounting records based on generally accepted government accounting principles.
- A periodic summary of all investment transactions will be prepared by the Village Treasurer for review by the Village Board.
- Each year, as part of the annual audit by an external auditing firm, there will be an independent review. This review will provide internal control by assuring compliance with this policy.

COLLATERALIZATION:

Certificates of Deposit that exceed FDIC insurance limits and/or coverage limits specified in Wisconsin statutes 34.08(1)(2) shall require collateral valued at 102% of the principal and accrued interest. Conditions of the collateral arrangement will be detailed in a "Security Agreement" between the depository financial institution and the Village. Collateral pledged to the Village for this purpose will be held by a third-party custodian, in the Village's name, and evidenced by a "Tri-Party" agreement between the depository financial institution, the Village, and the custodian. Evidence of ownership must be detailed in a safekeeping receipt supplied to the Village Treasurer. Collateral substitution(s) must be authorized by the Village.

The Village may also request collateral, under the same conditions as stated above, for any deposits at any financial institution that exceed FDIC insurance limits.

INVESTMENT PARAMETERS:

Diversification

Investments shall be diversified by:

- Limiting investments to avoid over concentration in securities from a specific issuer, industry, or business sector, excluding U.S. Treasury obligations.
- Investing in securities with varying maturities.
- Continuously investing a portion of the investment portfolio in readily available funds such as local government investment pools, money market accounts, or money market mutual funds permissible under state statute.

REPORTING:

The Village Treasurer shall present a periodic report on the investment program and investment activity to the Village Board. The management summary shall be prepared in a manner that will allow the Village Board to determine if investment activities during the reporting period conform to this Investment Policy.

POOLING OF CASH:

Except where otherwise provided by the Village Board, the Village Treasurer is authorized to pool the cash of the funds identified in this policy to maximize investment earnings where it is advantageous and prudent to do so. Investment income will be allocated to the various funds based on the pro rata portion of each fund.

ADOPTION AND APPROVAL:

By resolution, the Investment Policy shall be formally approved and adopted by the Village Board and reviewed as needed but at least every two years.

LIST OF ATTACHMENTS:

The following documents, as applicable, are attached to this policy:

- Relevant Wisconsin statutes and local ordinances
- List of authorized personnel

Village of Jackson

Purchasing Authority Policy and Procedures

PURPOSE:

The purpose of this policy is to provide Village of Jackson personnel and elected officials with guidelines and directions for the acquisition of goods and services. When used with good judgement and common sense, the policies and procedures conveyed within will allow the Village to obtain required supplies and services efficiently and economically, while assuring adequate internal controls and purchasing authority.

Employees as well as non-employees who carry out the functions of the various Village Boards, Committees, and Commissions, are expected to read this policy and provide the Treasurer's Office with feedback regarding the policies and procedures contained within. This policy is designed to be a fluid document and will be modified from time to time to conform with changes in legislation, technology, and actual practice.

The Village Administrator, or his/her designee, shall be the final authority with regards to enforcement of any of the provisions of this policy. Failure to follow the procedures outlined in this policy may lead to disciplinary action in accordance with the provisions of the Village of Jackson Employee Handbook.

CODE OF ETHICS:

All Village personnel engaged in purchasing and related activities shall conduct business dealings in a manner above reproach in every respect. Transactions relating to expenditure of public funds require the highest degree of public trust to protect the interest of the Village and the residents of Jackson. Village representatives, including elected officials, appointed officials, and employees, shall strive to:

1. Ensure that public money is spent efficiently and effectively and in accordance with statutes, regulations, and Village policies.
2. Always maintain confidentiality.
3. Not accept gifts or favors from current or potential suppliers, which might compromise the integrity of their purchasing function.
4. Specify generic descriptions of goods whenever possible in lieu of brand names when compiling specifications.
5. Never allow purchase orders for identical goods or services to be split or variations to Village Board approvals to be made to circumvent established policy.
6. Purchase without favor or prejudice.
7. Ensure that all potential supplies are provided with adequate and identical information upon which to base their offer or quotation and that any subsequent information is made available to all bidders.
8. Establish and maintain procedures to ensure that fair and equal consideration is given to each offer or quotation received. Selection is based upon merit and ability to complete task. Cost will be considered but not the limiting factor.
9. Offer a prompt and courteous response to all inquiries from potential or existing suppliers excluding solicitors.

It will be the responsibility of the Village Administrator to determine if a violation of this Code of Ethics has occurred and if disciplinary action is necessary.

CONFLICT OF INTEREST POLICY:

Except as may be disclosed to and permitted by the Village Board, it shall be a breach of ethical standards for any Village Representative, including elected officials, appointed officials, and

employees, to participate directly or indirectly in the purchasing process when the Village representative knows that:

1. The Village representative, the Village Representative's partner, or any member of the Village Representative's immediate family holds a position with a bidder, offeror, or contractor such as an officer, director, trustee, partner, or the like, or is employed in a capacity involving personal and substantial participation in the procurement transaction, or owns or controls an interest in the company; or
2. The Village Representative, the Village Representative's partner, or any member of the Village Representative's immediate family has a financial interest arising from the procurement transaction; or
3. The Village Representative, the Village Representative's partner or any member of the Village Representative's immediate family is negotiating or has an arrangement concerning prospective employment with a bidder, vendor, or contractor.

The Village Representative's immediate family shall be defined as a spouse, children, partners, brothers, sisters, and any other person living in the same household as the Village Representative.

It shall be the responsibility of the Village Administrator to determine if a violation of this Conflict-of-Interest policy has occurred and if disciplinary action is necessary.

GIFTS, GRATUITIES AND CONTRIBUTIONS:

Village representatives, including elected officials, appointed officials, and employees, should be aware that offers of gratitude from vendors could be designed to compromise objective judgement in product or service selection. Accordingly, it is the Village policy to observe the highest standard of ethics and to shield the Village representatives and the vendor from any suggestion or appearance of conflict of interest.

No Village representative shall permit any influence by vendors, which could conflict with the best interest of the Village or prejudice the Village's reputation. Expenditures of Village funds to vendors shall not by intention personally benefit any Village representative. Village representatives shall strive to adhere to the following guidelines:

1. Tangible gifts or gratuities shall not be accepted where their value suggests something more than merely a social gesture. Such gifts should be immediately returned to the Village Administrator's office for return with an appropriate statement explaining Village policy. Promotional or advertising items of nominal value such as key chains, pens, calendars, or holiday cookies and candy are acceptable. Promotional gifts that are capable of being shared, such as a box of cookies, shall be shared within the office or department where the recipient works.
2. Association with vendor representatives as business meals or business organization meetings is occasionally necessary and is neither questionable nor unethical, provided the individual keeps himself/herself free of obligation.
3. Personal loans of money or equipment are not to be accepted from a vendor or an individual associated with a vendor doing business with the Village.
4. Corporate discounts granted to Village officials or employees are acceptable only if they are offered to all Village officials, employees, and other corporate clients of the vendor.
5. Any person, firm, corporation or other legal entity, or any owner thereof is prohibited from making donations or contributions that total two hundred dollars or more to a Village representative, a Village's representative's political campaign, or officials of any organization supporting said Village representative. Any person, firm, corporation or other legal entity, or any owner thereof that has violated this provision shall be prohibited from supplying or providing the Village, either directly or indirectly, unless the provision of services was pursuant to the competitive bidding process and the contributor was the lowest responsible bidder.

If any doubt about the propriety of accepting a gift or contribution, the matter should be referred to the Village Administrator.

PURCHASING AUTHORITY:

All purchases shall require approval from the appropriate Supervisor, Department Head, Treasurer, Village Administrator, or the Village Board in accordance with the following guidelines:

<u>Dollar Limits</u>	<u>Required Approval</u>
Under \$10,000	Supervisor or Department Head
\$10,001 - \$24,999	Supervisor or Department Head, and Treasurer
\$25,000 - \$49,999	Supervisor or Department Head, Treasurer, and Village Administrator
\$50,000 and above	Supervisor or Department Head, Treasurer, Village Administrator, and Village Board

Any person responsible for approving purchases at any level may delegate their approval authority to a designee in the event they are unavailable to approve purchases.

PROCUREMENT METHODS:

1. Invoice Approval

Small purchases of goods or services less than \$10,000 and certain required or routine payments do not require a formal purchase order. Examples include utility payments, payments in accordance with Intergovernmental Agreements, and payments in accordance with approved Village contracts. The payment of the invoice is subject to the purchasing authority approval outlined in this policy. Invoice approval is documented in the financial software system.

2. Purchase Order

Except for purchases under \$25,000, certain required or routine payments, all other purchases shall require the issuance of a regular purchase order to the vendor before an order for goods or services is filled. Approval of the purchase order is subject to the purchasing authority outlined in this policy.

3. Credit Card

The Village Credit Card Program is intended to streamline and simplify purchasing and payment procedures by consolidating supplier invoices and eliminating form processing.

4. On-Line Purchasing

The internet may be utilized for on-line purchasing as a tool for obtaining favorable pricing, preferred products/services and securing expedited procurement.

On-line purchasing is subject to all requirements of this policy and is not to be used for means other than allowed by this policy. On-line purchasing shall be subject to the pricing authority requirements outlined in this policy.

On-line purchases are to be made preferably utilizing a Village issued credit card. Situations when an employee utilizes their own credit card to make a purchase on behalf of the Village are subject to pre-approval of the employee's Department Head. Such pre-approved purchases will be reimbursed directly to the employee through the Village's Payroll process. The employee must obtain a receipt or other form of documentation substantiating the on-line purchase to be reimbursed.

5. Petty Cash

Petty cash is to be used to reimburse employees for Village expenses which the employee incurs up front and for small purchases which are handled most efficiently in this manner. The following restrictions apply:

- a) Individual petty cash purchases are limited to one hundred dollars (\$100.00). Purchases over this limit must be reimbursed through the regular payroll process.
- b) Employees must prepare a petty cash voucher which is approved by the Department Head.
- c) Receipts documenting the expense must be attached to the petty cash voucher.
- d) If an advance is given out of petty cash, a request form is filled out noting the amount of the advance along with the GL code and must be signed by the employee receiving the advance.

COMPETITIVE QUOTES AND/OR BIDS:

1. General Purchasing

It is the intent of this policy to obtain the most cost-effective price available for purchases through competitive pricing. Employees are responsible for obtaining quotes for purchases in the instances outlined below:

Dollar Limits

Up to \$10,000

\$10,001 - \$24,999

\$25,000 - \$49,999

\$50,000 and above

Quote/Bid Requirement

One verbal quote is sufficient. If the nature of the purchase is repetitive (i.e., monthly), pricing does not need to be obtained every time, but should be reviewed annually. Employees are encouraged to seek additional pricing when possible.

Two verbal quotes required.

Two written quotes required.

Must be competitively bid in accordance with State law and Village ordinances. Formal bid or RFP process required. Village Board approval is required.

The Village Administrator has discretion to make budget adjustments for non-budgeted items up to \$50,000 if the item does not increase the bottom line of the budget. Amendments over this amount, or which will increase the total amount of the budget, must be brought before the Village Board for approval. Documentation of any amendment of \$25,000 or more shall be communicated to the Village Board in advance.

Any goods or services purchased at a negotiated or Government rate via Sourcewell or VendorNet are not subject to the quote and bid requirements as listed above.

2. Sole Source Purchases

Contracts for parts, supplies or equipment that are available only from a single source are referred to as sole source purchase. Sole source procurements may arise from the following circumstances:

- a) Equipment for which there is no comparable competitive product or is available only from one supplier.
- b) Public utility services from natural or regulated monopolies.
- c) A component or replacement part for which there is no commercially available substitute, and which can be obtained only from the manufacturer.
- d) An item where compatibility is the overriding consideration, such as computer software.
- e) An item used, for example, a television transmitter tower, that becomes immediately available and is subject to prior sale.

These items shall not be subject to requirements for seeking competitive quotes or bids. The purchase requisition should include documentation of the reason quotes were not obtained. Purchases are subject to purchasing approvals as outlined in this policy prior to acquisition. Purchases more than \$50,000 shall be presented to the Village Board prior to acquisition with a request to waive bids in addition to approval of the purchase order.

3. Professional Service Contracts

Professional service contracts are contracts for services of individuals possessing a high degree of a specific professional skill and, as such, are also not considered adaptable to competitive bidding. Professional service contracts can be procured through the Request for Proposal (RFP) process, Request for Qualifications (RFQ) process, or through negotiation with a single source when only one known source can perform the services required or when it is deemed to be in the best interest of the Village based on previous service provided, experience with Village equipment, or operations.

All professional service contracts, regardless of amount, are required to include, at the time of request for proposal, a request for a certificate of insurance evidencing professional liability (errors and omissions) insurance in addition to normal insurance requirements. All professional service contracts which are ongoing or for a one-time service for an amount greater than \$10,000 should be reviewed by the Village Administrator, if needed by the Village Attorney, and are subject to the approval requirements outlined in this policy.

4. Emergency Purchases

Emergencies are defined as events that could not have been foreseen where immediate action is necessary to safeguard the public's health and safety. In the event of an emergency affecting the public health and safety, the Village Administrator or designated Department Head may authorize a vendor to perform work necessary to resolve such emergency without formal bid solicitation. Documentation of the emergency and the need for immediate action shall be communicated to the Village Board in a reasonable period following resolution of the crisis. Emergency purchases of \$50,000 or more will be presented retroactively to the Village Board for approval.

5. Use of Sales Tax Exemption

Village purchases are not subject to sales tax and exemption forms may be obtained from the Treasurer's office. Employees shall provide vendors a sales tax exemption form when required. Use of the Village's sales tax exemption number is restricted to purchase made on behalf of the Village.

FORMAL BIDDING PROCESS:

All purchases of goods and services of \$50,000 or more shall be subject to the competitive bidding process and shall be let, by free and open competitive bidding after advertisement, to the lowest responsible bidder or any other bidder whom the Village Board deems to be in the interest of the Village. The requirement for competitive sealed bids may be waived by a two-thirds vote of the Village Board.

1. Invitation to Bid

The Village initiates the formal bid process by describing the project to be bid, cost estimates, amount budgeted and time schedule for both the bidding and completion of the project. Detailed specifications are prepared and, if required, a "Bid Notice" shall be published on the Village Website and at least one newspaper a minimum of two weeks prior to the time designated for the opening of bids. An invitation to bid is mailed out to qualified bidders with experience working on Village projects. All invitations to bid shall be reviewed by the Village Administrator prior to being issued.

2. Bid Opening

Qualified bids shall be evaluated based on the requirements described in the invitation to bid, which may include criteria to determine acceptability such as inspection, testing, quality, workmanship, delivery, and suitability for a specified purpose. No criteria may be used in bid evaluation that is not set out in the invitation to bid. At no time should any information be made available to any prospective bidder which is not available to all prospective bidders.

Village of Jackson

Fund Balance Policy

PURPOSE:

To seek to maintain a stable financial environment for the Village of Jackson's operations that allows the Village to provide quality services to residents in a fiscally responsible manner designed to keep services and taxes as consistent as possible over time. This fund balance policy is meant to serve as the framework upon which consistent operations may be built and sustained.

OBJECTIVES:

The intent of this policy is to seek to avoid unanticipated, one-time expenditures, or revenue reductions resulting from external changes; to ensure funds are available as necessary to allow the Village to respond to unforeseen emergencies; to establish and maintain a pay as you go capital improvement fund attempting to minimize the need for long-term debt; to provide sufficient working capital to eliminate the need for short-term borrowing due to the timing of the receipt of short-term receivables and the remittance of short-term payables; to comply with GASB 54 while achieving the purpose as described above.

POLICIES:

- *Non-spendable Fund Balance*
At the end of each fiscal year, the Village will report the portion of the fund balances that is not in spendable form as Non-spendable Fund Balance on the financial statements
- *Spendable Fund Balance*
Categories should be supported by actual plans approved by either the governing body, an appropriate officer, grant providers or enabling legislation.
 - *Restricted Fund Balance*
At the end of each fiscal year, the Village will report "Restricted" fund balance for amounts that have applicable legal restrictions per GASB #54. In addition, encumbrances or funds restricted by enabling legislation will be reposted as "restricted".
 - *Committed Fund Balance*
Prior to the end of each fiscal year, the Village will report "Committed" fund balance for long-term loan receivables such as advances to other funds and similar accounts.
 - *Assigned Fund Balance*
At the end of each fiscal year, the Village will report "Assigned" fund balance for capital improvements according to the Village's Capital Improvement Plan.
 - *Unassigned Fund Balance*
A minimum Unassigned Fund Balance equal to 35% and a maximum Unassigned Fund Balance equal to 75% should be maintained of total General Fund Expenditures. Should the actual amount designated for Unassigned Fund Balance fall below the desired minimum, the Village shall create a plan to restore the appropriate levels. Should the actual amount designated for Unassigned Fund Balance rise above the desired maximum, any excess funds will remain undesignated pending the Board's final decision concerning transfer to another fund. It is the policy of the Village that such excess funds will be, by Board action, reported in the spendable category of this policy. Any budget revision that will result in the Unassigned Fund Balance dropping below the minimum level will require the approval of 2/3 vote of the Village Board.

- Classifying Fund Balance Amounts

When both restricted and unrestricted funds are available for expenditure, restricted funds should be spent first unless legal requirements disallow it. When committed, assigned and unassigned funds are available for expenditure, committed funds should be spent first, assigned funds second, and unassigned funds last, unless the Village Board has provided otherwise in its commitment or assignment actions.

- Authority to Commit Funds

The Village Board has the authority to set aside funds for a specific purpose. Any funds set aside as Committed Fund Balance requires the passage of an ordinance by a simple majority of the Board. The passage of an ordinance must take place prior to December 31st of the applicable fiscal year. If the actual amount of the commitment is not available by December 31st, the ordinance must state the process or formula necessary to calculate the actual amount as soon as information is available.

- Authority to Assign Funds

Upon passage of the Fund Balance Policy, authority is given to the Village Administrator to assign funds for specific purposes. Any funds set aside as Assigned Fund Balance must be reported to the municipalities' governing board as soon as possible. The Village Board has the authority to remove or change the assignment of the funds with a simple majority vote. The Village Board has the authority to set aside funds with the intended use of a specific purpose. Any funds set aside as Assigned Fund Balance requires a simple majority vote and must be recorded in the minutes. The same action is required to change or remove the assignment.

- Surplus Use

At the end of each fiscal year, it is the intent of the Village to use all surpluses generated to meet the objectives of this policy. To this end, any surpluses realized in the general fund at year end shall be used first to meet fund balance policies as set forth above. If such fund balances are healthy, as determined by the Village Administrator, excess surplus will then be used for the following purposes, listed in priority order:

- Capital Improvement

After the Cash Flow and Contingency fund balance have been satisfactorily met, up to 60 percent of excess surplus may be set aside to provide the cash necessary to administer the Capital Improvement Fund. Prior to any funds being transferred, a simple majority of the Board must approve the allocation by resolution. (Additional surplus, above the aforementioned 60 percent, may be allocated to Capital Improvement, however consideration for Retirement or Refinancing of Existing Debt should be made prior to exceeding that amount).

- Retirement or Refinancing of Existing Debt

Any excess surplus remaining after Capital Improvement has been met may be used to pay principal on existing debt obligations as approved by a simple majority of the Board via resolution.

- Variation from Surplus Use Policy

If this policy does not properly address the current needs of the Village at the time of implementation, the Board may consider alternative uses of surplus funds by modifying this document via resolution, approved by a simple majority of the Board.

- Periodic Review

This policy will be reviewed annually by staff following each fiscal year audit or sooner at the direction of the Village Board.

APPENDIX A

DEFINITIONS:

Fund Balance – The difference between assets and liabilities in governmental funds. The Fund Balance consists of five categories: 1- ‘Non-spendable’ and 4 - Spendable: ‘Restricted’, ‘Committed’, ‘Assigned’ and ‘Unassigned’.

- *Non-spendable Fund Balance* – Describes the amount of a fund balance that cannot be spent because it is either not in spendable form or there is a legal or contractual requirement for the funds to remain intact. Examples include inventory, prepaid amounts, and land.
- *Spendable Fund Balance* – Describes the amount of fund balance that is available for appropriation based on the constraints that control how specific amounts can be spent. Typically, a significant portion of a government’s spendable resources can be spent only for specified purposes. The following categories define the revenue source and the level of force of the constraint on spending.
 - *Restricted Fund Balance* – The restricted fund balance category includes the portion of the spendable fund balance that reflects constraints on spending because of legal restrictions stipulated by outside parties (e.g., encumbrances for goods or services with outside parties-creditors, grantors outstanding at the end of the year). Also, any legal restrictions based on state statutes or grant requirements placed on the use for specific purposes. Examples include debt service funds, grant funds and impact fees.
 - *Committed Fund Balance* – The committed fund balance classification includes the portion of the spendable fund balance that reflects constraints that the Village has imposed upon itself by a formal action of the Village Board (for example, an ordinance passed by a Village Board). This constraint must be imposed prior to year-end but the amount can be determined later. Examples include capital expenditures, construction, and improvements under contract.
 - *Assigned Fund Balance* – The assigned fund balance is the portion of the spendable fund balance that reflects funds intended to be used by the Village for specific purposes assigned by more informal operational plans (e.g., capital goods replacement - the constraint on use is not imposed by external parties or by formal Board action). In Village funds other than the general fund (capital improvement funds and debt service funds), assigned fund balance represents the amount that is not restricted or limited. Examples are capital projects or equipment purchases.
 - *Unassigned Fund Balance* – This is the residual classification for the Villages’ General Fund and includes all spendable amounts not contained in the other classifications and, therefore, not subject to any constraints. Unassigned amounts are available for any purpose. These are the current resources available for which there are no Village self-imposed limitations or set spending plan. Although there is generally no set spending plan for the unassigned portion, there is a need to maintain a certain funding level. Unassigned fund balance is commonly used for emergency expenditures not previously considered. In addition, the resources classified as unassigned can be used to cover expenditures for revenues not yet received. Examples are funds held as working capital and for emergencies.

RE: Municipal Complex – Lobby Acoustical Panels

DATE: November 3, 2022

Attached you will find cost estimates associated with acoustic panels Staff recommend for placement in the lobby of the Municipal Complex.

Proposals

In May of 2022 Staff sought estimates from the Architects and Engineers at Cedar Corp for a system of panels that would reduce sound transfer/reverberation throughout the lobby and into the Village Board room. At the time of request, it was estimated panels would cost between \$9,105-\$13,330 for designs, purchase, shipping, and installation. Panels would be ½” thick and 4’x9’ in size. Last month, a local representative from O’Neill Engineered Systems Inc. visited the facility with their family and during the visit indicated interest in providing quotes for a similar system utilizing 1” thick panels. After meeting with the representative, two quotes were submitted for consideration. Option 1 from O’Neill Engineered Systems Inc provided for 440 sq ft of paneling priced at \$6,450 and Option 2 included 550 sq ft of panels priced at \$7,985. All quotes including a visual of where panels would be placed, for O’Neill Engineered Systems Inc. option 2, are attached.

Recommendation

Village Staff recommend accepting the quote for the purchase and installation of panels from O’Neill Engineered Systems Inc. as outlined in Option 2 in an amount not to exceed \$7,985.

Jen,

In an attempt to help with the decision on panels, I prepared some cost. We will have 13 panels with the following estimated cost.

4'x9' 1/2" thick panels in a solid color (Timber wood-look colors will be more expensive):

- Plain panels: \$350 each: <https://www.mdcwall.com/acousticsolutions/sheets>
- Pattern panels: \$625 each: <https://www.mdcwall.com/acousticsolutions/zintra-walls/patterns>
- Etch panels: \$725 each: <https://www.mdcwall.com/acousticsolutions/zintra-walls/etch>

Those three options above are the least expensive Zintra panel options.

Keep in mind there will be additional costs:

- minimum of 3 Workshop Drawings of \$195 each for any size panel smaller than 4'x9'
- installation hardware (if needed)
- pallet to ship panels (\$210 per pallet; 1 pallet holds dozens of panels)
- freight

I tried to summarize the cost for the various panel types.

panels	\$ each	panel Cost	submittals	shipping	installation	Total
plain	\$ 500	\$ 6,500	\$ 585	\$ 420	\$ 1,600	\$ 9,105
pattern	\$ 725	\$ 9,425	\$ 585	\$ 420	\$ 1,600	\$ 12,030
etch	\$ 825	\$ 10,725	\$ 585	\$ 420	\$ 1,600	\$ 13,330

If you have any additional questions don't hesitate to contact me.

Quotation No. R233-01

Dear Jen,

We are pleased to offer the following quotation to furnish and install acoustical wall panels in the lobby of the municipal complex per your request.

Project Overview:

We propose to install 1" thick sound absorbing panels in the lobby to reduce the excess reverberation of sound (echoes) that exist in its current environment. These panels will be mounted to the walls and the ceiling in order to achieve the necessary amount of materials needed. Installation of these materials assumes the use a scissor lift is allowed inside to reach the ceiling heights. Below are two levels of acoustical performance to select from. Option 1 is the least amount of materials required to hear a noticeable improvement. Option 2 is middle range of materials for an increased acoustical performance from Option 1. An additional visit will be required to field measure for panels upon approval.

Proposal Includes:

Option 1: Approximately 400 sq ft of Sound Absorbing Panels

- Panel sizes and quantities TBD.
 - o Approx. 220 sq ft on walls.
 - o Approx. 180 sq ft on ceiling.
- The panels are rated NRC .80. (Noise Reduction Coefficient – the average rating of how much sound the material can absorb.)
- Edge detail:
 - o Walls: Includes square or bevel edges.
 - o Ceiling: Square edges.
- Panels chemically hardened edges.
- Mounting: Impaling clips on the walls and rotofast ceiling clips on the ceiling.
- Fabric Options: Standard Guilford of Maine Fr701-2100 options included.
 - o Fabric swatch samples available upon request.
 - o Eggshell 144 and White 224 are subject to additional fees due to the extra layer of scrim wrapping needed.

Net Price for Option 1 Panels, including freight and installation services..... \$ 6,450.00

Option 2: Approximately 550 sq ft of Sound Absorbing Panels

- Panel sizes and quantities TBD.
 - o Approx. 370 sq ft on walls.
 - o Approx. 180 sq ft on ceiling.
- The panels are rated NRC .80.
- Edge detail:
 - o Walls: Includes square or bevel edges.
 - o Ceiling: Square edges.
- Panels chemically hardened edges.
- Mounting: Impaling clips on the walls and rotofast ceiling clips on the ceiling.
- Fabric Options: Standard Guilford of Maine Fr701-2100 options included.
 - o Fabric swatch samples available upon request.
 - o Eggshell 144 and White 224 are subject to additional fees due to the extra layer of scrim wrapping needed.

Net Price for Option 2 Panels, including freight and installation services..... \$ 7,985.00

Lead-times: 1 to 2 weeks for approval drawings.
4 to 6 weeks for shipment following approvals.

Notes: Prices are firm for 30 days. Sales tax is not included and will be applied unless tax exemption is received. Installation services assume the use of aerial lift(s) are permitted.

Terms: 30% Due with approvals, balance invoiced upon substantial completion. All payments are Net 30 days.

Respectfully Submitted,

ORDINANCE #22-14

**AMENDING CHAPTER 48 OF THE VILLAGE CODE OF ORDINANCES
REGARDING SIGNS AND PLANNED UNIT DEVELOPMENT**

THE VILLAGE BOARD OF THE VILLAGE OF JACKSON, WASHINGTON COUNTY, WISCONSIN, does hereby ordain the following changes to the Village Code:

SECTION I. Amending Chapter 48-301(1) of the Municipal Code of the Village of Jackson, Wisconsin, is hereby changed to read as follows:

- (1) Temporary signs, except as described in subsection (a) below; when seeking a temporary sign permit shall, in each case, describe the material of the sign to be permitted; the size of the sign to be permitted; the time period the sign is to remain in place; and how the sign will be displayed, including the location. Signs which meet the definition of a non-permanent sign but are anticipated to be displayed for a period exceeding 90 days, shall be approved as a conditional use or a planned unit development site plan amendment.

SECTION II. Amending Chapter 48-301(4) of the Municipal Code of the Village of Jackson, Wisconsin, is hereby changed to read as follows:

- (4) Ground signs shall not exceed 20 feet in height above the mean centerline street grade, shall not exceed 80 square feet on one side nor 160 square feet on all sides for any one premises. No ground sign shall be placed closer than 80 feet to another ground sign or projecting, awning, canopy, or marquee sign unless permitted by conditional use.

SECTION III. Amending Chapter 48-302 of the Municipal Code of the Village of Jackson, Wisconsin, is hereby changed to read as follows:

The village may permit the erection of a ground sign in excess of the requirements as set forth in section 48-301(4) and the total signage square footage in excess of the requirements as set forth in section 48-301(7) through the granting of a conditional use permit when the signs are erected on property adjacent to an arterial street, or highway with a posted speed limit of 40 mph or greater. The conditional use application shall include scaled drawings or renderings showing the sign relative to the site and structures, photos, or videotapes of the proposed sign at both 20

feet in height and the proposed height from all directions that are deemed necessary by the village.

SECTION IV. Amending Chapter 48-151(i)(3) of the Municipal Code of the Village of Jackson, Wisconsin, is hereby changed to read as follows:

- (3) Signs, where not conforming with the current Village of Jackson sign code.

SECTION V. This Ordinance shall take effect from and after its passage and posting.

Question 1: After reviewing the draft neighborhood concept, how would you rate your overall support for the concept? Please check the box that best corresponds with your level of support.

Number of responses per score indicated in blue. Average score: 6

No support					Very Supportive				
1	2	3	4	5	6	7	8	9	10
1	2	1			2		1	2	2

Why?

- I believe that this is an interesting and much needed concept. My only concern is the quality of housing when it comes to materials. Sometimes construction companies like or have to cut corners and the first thing to sacrifice is quality in materials.*
- Young families and single income households can greatly benefit from this, but I'm concerned about quality.*
- I have questions unanswered.*
- Not sure on the mix alleys HOA fees?*
- More housing is needed that is affordable*
- Walkable path on Linden and along pipeline; owner-occupied*
- Too many multi-family dwellings in Jackson; I don't want to see the woods removed! Dwellings too close together; not enough greenspace*
- Excess normal densities by usual zoning codes; destroys primary environmental corridor and delineated wetlands*
- Question on funding? What will that be shared?*
- Jackson used to be an affordable community for middle class earners – it no longer is affordable for first-time homebuyers*

j. Greenspace and trail between duplexes and townhomes on the west side		1					3	2	1	3	6.3

Question 3: What did you like the most about the draft neighborhood concept overall? What do you like the least? Why?

- *It looks neat, well planned, and the combination of housing seems a good balance.*
- *The diversity of options. Families with children, single couples, retired people, and anyone can live here. It is accessible and can be beneficial for population retention.*
- *That the property will be used in a good way. Like the bike and ped paths.*
- *Affordable Townhomes → noise Alleys → who maintains them*
- *Maybe too many townhomes; good mix of different housing options*
- *[I like] Hawthorn as the through street*
- *Dislike multi-unit dwellings*
- *That it's not a final concept*
- *Good presentation – will be back to hear about funding*
- *It is not affordable for young families.*

Next Generation Housing Open House – Village of Jackson

Question 4: Would you consider living in this neighborhood or recommending it to a friend or family member? Why or why not?

- *Personally, I wouldn't consider living in this neighborhood, not because it is a bad concept, but because of personal preferences (land, space, type of home). I believe there is a market and many people will benefit from this.*
- *Yes, I think it is a great idea and can be accessible/affordable for working class families (households).*
- *Yes. If it is as presented.*
- *To stay in Jackson Great community*
- *Yes, New neighborhood in the "village center" of Jackson*
- *Yes, after hearing the presentation*
- *No -- too close to Fire/Police Station and Hwy 60*
- *Nope. \$300-400K isn't "affordable." How are "buyer" financing and prequalified? Required residency for x amount of years? Defaulting? What's guaranteeing occupants are working here (what this program is intended for)? Too expensive.*
- *Yes – good concept – make sure people have a sense of community and "skin in the game" to keep pride in neighborhood*
- *No*

Question 5: Which of the following best describes where you currently live?

Next to the neighborhood **(2)** Elsewhere in Jackson **(6)** Elsewhere in Washington County **(0)** Other **(1)**

Please use the space below to offer any additional comments you would like to share regarding the draft neighborhood concept.

- *I am unsure about the townhouses. Would like to actually see what the ones built here will be like.*
- *Must truly be affordable*
- *Please spell out any homeowner association rules, regulations, and make sure they don't become rentals*
- *Too costly and too dense.*
- *Attracting new families will be difficult with the school situation.*

STAFF MEMO

Village of Jackson Plan Commission

Meeting Date: October 27, 2022

Agenda Item: Item #8

To: Mike Schwab, Village President
Village of Jackson Plan Commission

From: Jen Keller, Village Administrator

Subject: TID 7 Next Generation Housing Subdivision – Concept Plan Discussion

Background and Analysis:

Village Staff and Washington County Staff are working to establish a 20-acre subdivision on parcel V3_053600B. The site is included in the mixed use TID 7, and the property is owned by the Village. The Village Board has directed Staff to develop the site in accordance with the TID 7 plan and in partnership with the Next Generation Housing Initiative which is a program Washington County established and allocated funding towards this year. The goal of NGH is to provide quality homes in the range of 1,100-1,500 sq.ft. that are 2-3 bedrooms and 1-2 bathrooms which shall be constructed for less than \$300,000 (75% of development minimum) and less than \$400,000 (25% of the development or less). It is the hopes of the initiative that Washington County funding (\$20,000/dwelling unit, maximum funding \$2.4 million) and partnerships with the three (3) pilot communities will establish housing developments comprised of owner occupied single family homes, duplex homes, and multi-unit townhouse units.

Village of Jackson Staff, Washington County Staff, consultant planners at Vanedwalle and Associates and SEH engineers and planners are working to establish a concept plan for public review at the October 26th Public Information meeting. Generally, the site is hoped to produce between 90-120 dwelling units, establish a public roadway connection to the southern single family home development, and meet stormwater design standards. Connectivity for non-motorized travel throughout the development for bikes and pedestrians is also an objective of the design team. At present, Staff are hoping to garner feedback from the public on October 26th, from the Plan Commission on October 27th, and from the Village Board on November 8th, prior to seeking preliminary plat review/approvals in December and January.

The project management team has produced several versions of a concept plan, however there is not a “final” rendering available at the time this memo is being authored. Staff anticipate sending the concept plan to Plan Commission members via email no later than Tuesday, October 25th.

Comprehensive Plan & Zoning Impacts:

The proposed subdivision is consistent with the Future Land Use Map.

Review Procedures:

The Plan Commission and Village Board is advisory.

Notice Requirements:

Aside from posting on the agenda, no other public notice is required.

Potential Action:

None – Discussion Only
