Persons with disabilities requiring special accommodations for attendance at the meeting should contact the Administration Department at the Jackson Municipal Complex at least one (1) business day prior to the meeting.

It is possible that members of the Village Board may attend the above meeting. No action will be taken by any governmental body at this meeting other than the governmental body specifically referred to in this meeting notice. This notice is given so that members of the Village Board may attend the meeting without violating the open meeting law.

MINUTES
BOARD OF PUBLIC WORKS MEETING
Tuesday, November 26, 2024 at 6:00 PM

1. Call to Order and Roll Call

The meeting was called to order at 6:00 PM by Pres. Heckendorf.

Members Present: Pres. Heckendorf, Tr. Engelhardt, Ethan Hollenberger, Tr. Matter, and Josh Sandleback

Members Excused: Stephanie Egner and Jeff Mitchell

Members Absent: None

Staff Present: Public Works Director Brian Kober and Clerk Jackie Schuh

Trustees Present in Audience: None

2. Approval of Minutes for the Board of Public Works Meeting of October 29, 2024

The motion to approve Minutes of the Board of Public Works Meeting of October 29, 2024, was made by Tr. Matter and seconded by Josh Sandleback.

Vote: 5 ayes, 0 nays. Motion carried.

3. Review of 2025 License Agreement to Farm Public Land

Director Kober stated the agreement allows for the farming of lot number 2. Per Director Kober, this adds 3 acres of workable land while maintaining a distance of 25–30 feet from the creek.

The motion to recommend the Village Board approve the License Agreement to Farm Public Land for Robert Loduha as presented was made by Pres. Heckendorf and seconded by Ethan Hollenberger.

Vote: 5 ayes, 0 nays. Motion carried.

4. Pay Request #9 - Waste Water Treatment Plant Tertiary Filters and Disinfection Project - JH Hassinger in the amount of \$175,275.00

The motion to recommend the Budget and Finance Committee and the Village Board approve Pay Request #9 for the Waste Water Treatment Plant Tertiary Filters and Disinfection Project to JH Hassinger in the amount of \$175,275.00 was made by Ethan Hollenberger and seconded by Tr. Engelhardt.

Vote: 5 ayes, 0 nays. Motion carried.

5. 2024 Waste Water Treatment Plant Project - Clean Water Fund Loan Request #7 in the amount of \$175,275.00

The motion to recommend the Budget and Finance Committee and the Village Board approve Reimbursement Request #7 for the 2024 Wastewater Treatment Plant Project from the Clean Water Fund Loan in the amount of \$175,275.00 was made by Tr. Engelhardt and seconded by Ethan Hollenberger.

Vote: 5 ayes, 0 nays. Motion carried.

6. Review of Hickory Lane Reconstruction Project Contract Amendment #1 - Gremmer and Associates in the amount of \$44,096.00

The motion to recommend the Budget and Finance Committee and the Village Board approve the Hickory Lane Reconstruction Project Contract Amendment #1 to Gremmer and Associates in the amount of \$44,096.00 was made by Josh Sandleback and seconded by Tr. Engelhardt.

Vote: 5 ayes, 0 nays. Motion carried.

7. Review of Re-Bid Ridgeway Drive/Chestnut Court Reconstruction Project Contract - Cedar Corporation in the amount of \$15,000.00

The motion to recommend the Budget and Finance Committee and the Village Board approve the Re-Bid of the Ridgeway Drive/Chestnut Court Reconstruction Project Contract for Cedar Corporation in the amount of \$15,000.00 was made by Tr. Engelhardt and seconded by Ethan Hollenberger.

Vote: 5 ayes, 0 nays. Motion carried.

8. Review of Contract to Bid Final Asphalt Roadway Surface TID #7 - Cedar Corporation in the amount of \$15,000.00

The motion to recommend the Budget and Finance Committee and the Village Board approve the Contract to Bid for the Final Asphalt Roadway Surface TID #7 for Cedar Corporation in the amount of \$15,000.00 was made by Tr. Engelhardt and seconded by Ethan Hollenberger.

Vote: 5 ayes, 0 nays. Motion carried.

9. Purchase of 2026 Lakeside International Plow Truck with Accessories in the amount of \$285,029.25

The motion to recommend the Budget and Finance Committee and the Village Board approve the Purchase of the 2026 Lakeside International Plow Truck with Accessories in the amount of \$285,029.25 was made by Tr. Engelhardt and seconded by Josh Sandleback.

Vote: 5 ayes, 0 nays. Motion carried.

10. Review of Jackson Sewer Utility 2025 Rate Increase

The motion to recommend the Budget and Finance Committee and the Village Board approve a Jackson Sewer Utility Rate Increase of 13.4% to achieve \$6.42 per 1,000 gallons,

with an effective date of January 1, 2025, was made by Pres. Heckendorf and seconded by Josh Sandleback.

Vote: 5 ayes, 0 nays. Motion carried.

11. Review of Quotes for Jackson Water Utility 2025 Conventional Rate Case Study

The motion to recommend the Budget and Finance Committee and the Village Board approve an Offer of Contract to Complete the 2025 Conventional Rate Case Study to City Water for an amount not to exceed \$9,200.00 was made by Tr. Englehardt and seconded by Josh Sandleback.

Discussion followed regarding a comparison of the services offered by City Water and those of Ehlers. Director Kober indicated that, although City Water is familiar with the engineering side of the Rate Case Study, Ehlers has a greater understanding of the financial impact of the Rate Case Study.

Vote: 2 ayes, 3 nays, with Pres. Heckendorf, Ethan Hollenberger and Tr. Matter voting nay. Motion failed.

The motion to recommend the Budget and Finance Committee and the Village Board approve an offer of Contract to Complete the 2025 Conventional Rate Case Study to Ehlers for an amount not to exceed \$9,500.00 was made by Ethan Hollenberger and seconded by Tr. Matter.

Vote: 5 ayes, 0 nays. Motion carried.

12. Resolution #24-35 Repealing Resolution #98-09 South Interceptor Sewer Fee

The motion to recommend the Budget and Finance Committee and the Village Board approve Resolution #24-35 Repealing Resolution #98-09 South Interceptor Sewer Fee was made by Ethan Hollenberger and seconded by Pres. Heckendorf.

Vote: 5 ayes, 0 nays. Motion carried.

13. Director of Public Works Report

Director Kober reviewed items contained in the report included with the packet.

The motion to place the November 2024 Director of Public Works Report on file was made by Ethan Hollenberger and seconded by Tr. Engelhardt.

Vote: 5 ayes, 0 nays. Motion carried.

14. Citizens/Village Staff to address the Board of Public Works

None.

15. Adjourn

The motion to adjourn the meeting was made by Tr. Engelhardt and seconded by Ethan Hollenberger.

Vote: 5 ayes, 0 nays. Motion carried. The meeting adjourned at 6:53 PM.

Respectfully Submitted,
Jackie Schuh - Village Clerk

DRAFT

Taking the lead in Washington County.

January 6, 2025

Brian Kober, Director of Public Works

RE: Account with uncollectible balance

Attached is the history of an account that has remained unpaid due to Bankruptcy.

1.) Account #000-7120-99, located at W201N16628 Hemlock St. #7 in the amount of \$450.97. They had an Order of Discharge in the Bankruptcy filing (4/24/24).

We have no way of collecting this past due amount that totals \$450.97, so I am asking to write off this balance to get it out of the utilities system.

Sincerely,

A handwritten signature in blue ink, appearing to read "Carla Leach", with a large, stylized loop at the end.

Carla Leach

Water Utility Billing Clerk

Request for Disbursement for Financial Assistance Programs

Form 8700-215 (R 12/22)

Page 1 of 4

☒ Clean Water Fund Program

☐ Safe Drinking Water Loan Program

Notice: This form is authorized by ss. 281.58, 281.59, and 281.61, Wis. Stats. Submittal of a completed form to the Department is mandatory for all applicants seeking payments from the Clean Water Fund Program, the Environmental Improvement Fund or the Safe Drinking Water Loan Program. Failure to submit a completed form to the Department shall be grounds for denial of payment. Personal information collected will be used for administrative purposes and may be provided to requesters to the extent required by Wisconsin's Public Records Law [ss. 19.31-19.39, Wis. Stats.]. **See page 2 for instructions and payment cycles.**

Municipal Certification

I certify: (The following boxes must be marked before this request will be processed.)

- ☒ The amounts requested are in accordance with the terms of the Financial Assistance Agreement (FAA) and are for eligible project costs that have been incurred and have not been reimbursed on any previous request.
- ☒ I am the municipal representative authorized to complete this request and that all necessary approvals by consultants and municipal governing officials have been obtained.
- ☒ The Project complies with the Davis-Bacon and Related Acts, which require that all laborers and mechanics employed by the contractors, and subcontractors, were paid wages at rates not less than those listed on the prevailing wage rate contained in the contract documents.
- ☒ The Davis-Bacon poster was posted at all times by the contractor and subcontractors at the work site.
- ☒ All contractors have provided the municipality or engineer with certified weekly payrolls for labor performed for all costs requested with this Request for Disbursement for Financial Assistance Programs Form.

Instructions

Type or print legibly.

1. Enter the official name of the municipality.
2. Enter the project number.
3. Number the Request for Disbursement sequentially starting with 1.
4. Select "Partial" until the final request is submitted. When it is the final request, it is important that it be indicated as final.

The request must be signed by a municipal representative employed by the municipality. This representative is certifying that the requested costs are in accordance with the terms set forth in the FAA. Also, indicate the title of the representative, the date signed, and the telephone number, including area code.

PAYMENT CYCLES

Request for Disbursement forms received by the DNR by the Friday before the first Wednesday of the month are disbursed on the second Wednesday of the month. Forms received by the Friday before the third Wednesday of the month are disbursed on the fourth Wednesday of the month. Changes to this schedule will be made for Federal Holidays.

Page 3 of 4

Payment Request Worksheet

*Change orders must be approved by the Construction Management Engineer prior to disbursement.

Instructions

Type or print legibly. Items 1 through 4 are self-explanatory. Specific instructions for each column are as follows:

1. Date of Invoice

2. Payee--Enter name listed on invoice of contractor, consultant, or vendor. Indicate municipality name for all work associated with force account for labor or equipment.

3. Invoice Number

4. Total Invoice Amount--This amount is auto-summed and calculated from what is entered in the Budget Categories (column 5) and the Other Funding Sources (column 6).

5. Budget Categories--The amount of eligible costs being claimed in column 4 must be broken down and entered under the appropriate budget categories. **Only expenditures for budgeted costs approved in the Financial Assistance Agreement (FAA) or amendment may be claimed.**

Force Account--Force Account is the work a municipality performs using its own employees and/or equipment. Documentation must be submitted verifying the personnel who did the work, hours worked, hourly wage and scope of work. For equipment, indicate the type of equipment and the work performed, the dates and hours of use, and the hourly cost. Enter amount to be reimbursed for personnel and equipment costs.

Interim Financing--Interim financing is a debt to temporarily finance a project. Enter the amounts associated with the preparation, approval, issuance, and sale of interim financing (includes bond counsel, financial consultants, and underwriters fees).

Preliminary Design/Engineering--Enter contract costs for preliminary design/engineering services.

Land/Easements--Enter all amounts associated with the acquisition of land and easements for this project.

Engineering/Construction Mgt.--Enter contract costs associated with engineering/construction management for this project.

Construction/Equipment--Enter costs associated with the contracted construction and equipment costs. Costs not included in a construction or equipment contract should be entered on the Miscellaneous line.

Miscellaneous Costs--Enter costs that are outside the scope of the engineering, construction and equipment contracts. These costs can include computers, start-up laboratory equipment, materials, supplies, bid advertising, etc. Construction-related items require prior review and approval by the regional Construction Management Engineer (CME) before seeking reimbursement. The municipality must provide the CME with a copy of the vendor's invoice, procurement method used and applicable bidding and contracting documentation. Once the CME has determined eligibility and given approval, the municipality may request reimbursement.

Closing Costs--Enter the eligible costs for closing purposes, which includes bond counsel and legal fees.

6. Other Funding Sources--(if applicable) Enter costs identified in the FAA as being paid by other sources, i.e., CDBG grant, municipal funds, Rural Development. These costs will not be reimbursed by the EIF.

RESOLUTION #25-02

ACCEPTING FUNDS FROM THE WASHINGTON COUNTY ROADWAY SHARED SERVICES GRANT PROGRAM

The Village Board of the Village of Jackson, Washington County, Wisconsin, does resolve as follows:

WHEREAS, Washington County has allocated a pool of dollars to create a grant program to provide direct assistance to Municipalities in the County for road work and related professional services; and

WHEREAS, the County has worked in conjunction with local chief elected officials to create a distribution formula and has calculated the award amounts for each eligible municipality; and

WHEREAS, Washington County has awarded \$17,980.98 to the Village of Jackson for this purpose; and

WHEREAS, the Village of Jackson has reviewed the terms and conditions of the grant program as reflected in the attached presentation, and agrees to abide by them; and

NOW, THEREFORE, BE IT RESOLVED by the Village of Jackson Board that the Village Board does hereby accept the grant award in accordance with the Washington County Roadway Maintenance Shared Services Grant Program.

Memo

To: Jen Heidtke, Village Administrator

From: Brian W. Kober, P. E., Director of Public Works 

Subject: Replacing One Ton Chipper Truck

Date: January 20, 2025

CC: Board of Public Works; Village Board

In the 2025 Budget, the amount of \$85,000.00 was budgeted to purchase a One Ton Plow Truck to replace the 2005 One Ton Chipper Truck. The 2009 One Ton Truck would become the new chipper truck.

The low quote came from Ewald Automotive Group for a purchase price of \$45,153.00. Ewald Group can provide the Village the municipal discount. We did receive another quote from Wheelers for a price of \$63,759.50.

The stainless box, hitch, trailer wiring, lighting, and plow quote came from a local business of Jackson Truck Body Inc for a cost of \$30,805.00.

The total cost of the One Ton Truck is \$75,958.00

If you have any questions, please do not hesitate to ask.

Brian W. Kober, P.E.

Re: Replacing Sewer Service Truck

o

The Service Truck is scheduled to be replaced in 2025. The 3500 HD body needs to be upgraded to a 5500 HD because of the heavy equipment the crane lifts along with the weight of the equipment used for maintenance. The crane, generator and air compressor will be transferred from the old body to the new Service body. Service Truck purchase will come from the Sewer DNR Replacement Fund. The replacement pricing is:

Crane Body

Utility Sales and Service (Fiberglass Body) — \$79,968.00

Jackson Truck Body (Stainless Steel Body) — \$59,4000.00

Cab & Chassis

Ewald - 2025 Ford F550, 4x4 Diesel — \$65,243

Ewald - 2025 Chevy 5500 HD, 4x4 Diesel — \$59,359

Wheelers - 2024 Chevy 5500 HD, 4x4 Diesel — \$63,759.50

Badger Truck — 2024 Chevy 5500 HD, 4x4 Diesel — \$62,555.50

I recommend purchase of Crane Body from Jackson Truck Body for \$59,400.00 and Cab & Chassis from Ewald Hartford for 59,359.00. Total cost for unit will be \$118,759.00.

Subject: Badger Chevy Chassis Quote
Attachments: 1HTKJPVK6RH345706_2024.pdf; 1HTKJPVK9PH762993_2023.pdf

Hi Jeff,

I have prepared your quotes for a 2023 vs 2024 Silverado 5500 (19,50 GVWR) 84CA 4x4 white chassis truck. I have both of these on the ground. Specs attached. The 2023 is better by about \$1800.

2023:
\$63,961
\$225 Service Fee
\$164.50 Title Fee
\$5.00 Municipality Plate
No Tax
=\$64,355.50

2024: \$62,161
\$225 Service Fee
\$164.50 Title Fee
\$5.00 Municipality Plate
No Tax
=\$62,555.50

Does Collin Johnson still work for you guys?

Let me know if I can provide any other information or answer any questions.

Thank you,

Cheryl Piscitello

JOB#

EST NO. 24015

Prepared By: Tom Leitermann

CUSTOMER: Jackson Village of

We are pleased to provide the following estimate for your review. This estimate is an approximation of costs that covers only the items as listed. If after the job has started and additional work is requested or required, you will be notified of any additional estimated cost, which will be subject to your approval.

**** Note: This Estimate is not a Contract or a bill. Parts and labor costs may change based on the extent of the repairs needed. If additional parts or labor are required, you will be notified before proceeding with any further work. ****

Repairs to: Venturo ET18KX SN:95687

Line
Item #

- 1 OLD CHASSIS: ANSI inspect the crane only. Remove the crane and boom support from the body and set it on the ground. Plug all holes from the removal of the crane.
- 2 NEW CHASSIS: Layout the frame to mount the body and the new manual out rigger jacks. Layout and fab frame extensions and trailer hitch (Hitch Hight 19.5 inches). Install the outrigger jacks and body. Install the 19" saddle box tail shelf. Reuse the vice from the old chassis and mount it to the curb side rear of the tail shelf. Install the crane and the crane boom rest. Install socket holder. Install the backup camera mount and cover. Install mud flaps. Install fuel fill and ground. Install DOT reflective tape on the sides and rear of the body. Nonskid the floor of the body and tail shelf. Install leaf springs for leveling the body. Remove the extension jacks and graphite paint the jack tube. Graphite paint the inside of the jack tube.
- 3 ELECTRICAL & LIGHTING: Wire the crane switch with a battery in a battery box and a battery isolator in the curb side rear compartment. If needed add a boom over stow switch on main boom near boom rest. All strobe lights will be green and amber. Two lights in the grill. Two lights at the rear of the body. Two light per side of the body at the out side corners. Strobe lights will be wired on one switch battery hot. The compartment lights will be wired on one switch ignition hot.
- 4 ADDITIONAL: Remove the generator and air compressor from the old chassis. Install the generator on the street side over the first compartment. Install the air compressor on the streetside over the 2nd compartment. Remove the generator battery kill switch from the street side front compartment of the old chassis. Install the generator battery kill switch in the street side front compartment. Seal all holes in the old chassis body.

Total Estimated Including Labor, Parts, Shop Supplies & Environmental Charge

\$79,968

Deficiency Codes: U- Unsafe to operate, R - Requires Repair or Adjustment, M - Monitor

This Estimate is Good For: 30 Days

This Estimate Does Not Include Freight or Applicable Sales Tax

This Estimate Does Not Include Inspection Cost or Work Done prior to the Estimate

Travel Fees An Travel Expenses Are Not Included

Prior to accepting this estimate, Please review our Terms & Conditions. They may be found online at <https://utilityssi.com/terms-conditions/>

Note: We will not operate the unit from the basket above the ground without a current ANSI inspection

Memo

To: Board of Public Works

From: Brian W. Kober, P. E., Director of Public Works 

Subject: Jackson Water Utility
Water Tower Asset Management Program – USG Water Solution

Date: January 21, 2025

In 2017, the Jackson Water Utility had both towers cleaned and inspected for the condition of the towers. The reports required the inside (wet interior) to be painted. In 2018, the cell phone companies located on the white tower approached the Jackson Water Utility stating that the antennas needed to be upgraded. After waiting for two cell phone companies (US Cellular & Verizon) battle out a solution for the upgrade, the upgrade is finally completed. Seven (7) years later we still do not have the towers painted. Painting one entire water tower inside and outside (wet and dry areas) cost about \$500,000.00 with hiring an inspection service (Engineering Firm), and a contractor. The Utility would have to borrow for the painting, so Staff is looking for a better financially responsible method to paint the towers.

The Board of Public Works members saw a presentation at the October 29, 2024, meeting by USG Water Solution on Asset Management Program for the Jackson Water Utility water towers. The presentation showed a financially responsible method of painting both towers.

The cost would be as follows:

White Tower (Sysco Dr) – (4-year Program) Per Year \$90,745.00 Total \$362,980.00

Blue Tower (Tower Dr) – (5-year Program) Per Year \$72,882.00 Total \$291,568.00

The 2025 Budget cost would be \$93,245.00 to paint the first tower with no borrowing or rate increase required. Also, no cathodic protection inspection or equipment is required since the tower is being painted.

If you have any questions, please do not hesitate to ask.

Brian W. Kober, P.E.

Jackson, WI

Mr. Brian Kober,

On behalf of USG Water Solutions, I am pleased to present you with the following letter explaining our company and summarizing the inspections that took place at Sysco Tower and Tower Drive Tower in Jackson, WI.

As the largest provider of tank asset maintenance programs for the potable water industry within the United States, Utility Service Group Water Solutions, LLC (USG Water Solutions)—hereinafter referred to as USG—provides both water and wastewater utility clients with specialized programs and valuable services to assist them with the suitable management of their critical assets.

USG primarily focuses on providing sustainable asset management, water distribution system quality and conservation services, and our specialized solutions to the United States potable water industry. Since 1963, our team has provided a full range of water storage tank asset maintenance services. We also extended the value of the services offered to our clients with our revolutionary tank asset maintenance program in 1985—allowing clients to transfer future asset maintenance to USG; this includes all tank repairs, rehabilitation, and maintenance services. Our asset maintenance program ultimately provides our clients with long-term sustainability and operational support.

On August 20, 2024, USG Water Solutions had a NACE Certified Inspector perform exterior, wet interior, and dry interior inspections on Sysco Tower on Sysco Drive and Tower Drive Tower on Tower Drive. The following recommendations were provided:

- Sysco Tower
 - Exterior Paint- 2025
 - SP2/SP3 Hand and Power Tool Surface Preparation
 - Spot Prime, Spot Intermediate, Full Finish Coating System
 - Wet Interior Paint- 2025
 - SP10 Near White Blast Surface Preparation
 - Full Prime, Intermediate Strip Coat, Full Finish Coating System
 - Dry Interior Paint- 2025
 - SP7 Brush Off Blast with SP6 Spot Blast Surface Preparation
 - Spot Prime, Spot Intermediate, Spot Finish Coating System
- Tower Drive Tower
 - Exterior Paint- 2026
 - SP6 Commercial Blast Surface Preparation
 - Full Prime, Intermediate Stripe Coat, Full Intermediate, Full Finish Coating System
 - Wet Interior Paint- 2026
 - SP10 Near White Blast Surface Preparation
 - Full Prime, Intermediate Strip Coat, Full Finish Coating System
 - Dry Interior Paint- 2026
 - SP7 Brush Off Blast with SP6 Spot Blast Surface Preparation
 - Spot Prime, Spot Intermediate, Spot Finish Coating System

USG Water Solutions can provide multiple pricing options including full asset management program or as needed renovation work. Full asset management programs include DNR required inspections as well as renovation projects both present and future with cost spread out over multiple years.

References provided on separate document.

Thank you for your consideration.

Sincerely,

Tyler Argall
Water System Consultant- Wisconsin

SCOPE OF WORK NO. 1
TO THE MASTER SERVICES AGREEMENT BETWEEN
UTILITY SERVICE CO., INC.
AND
VILLAGE OF JACKSON, WI

WATER TANK MAINTENANCE – 500,000 GALLON PEDISPHERE – SYSCO TANK

1. **Effective Date.** The Effective Date for this Scope of Work No. 1 ("SOW1") shall be _____, 20_____.
2. **Term.** The Owner agrees to engage the Company to provide the professional services needed to maintain its **500,000** gallon water storage tank located at **W227N16551 Sysco Drive, Jackson, WI 53037** (hereinafter, "the Tank"). This SOW1 shall commence on the Effective Date and shall continue in full force and effect for one year. This SOW1 will automatically renew for successive one-year terms unless terminated as defined in Section 10 herein. For purposes of this SOW1, "Contract Year" shall mean the 12-month period which commences on the first day of the month when the SOW1 is executed by the Owner and each successive 12-month period thereafter (hereinafter, "Contract Year" or collectively, "Contract Years").
3. **Company's Engagement and Responsibilities.** This SOW1 outlines the Company's responsibility for the upfront renovation (hereinafter, the "Upfront Renovation") of the Tank and the care and maintenance of the Tank thereafter. The services (collectively, "the Services") that the Company will provide include the following:
 - a. The Tank shall receive an Upfront Renovation, which will include: **exterior renovation, interior wet renovation, interior dry renovation and repairs prior to the end of Contract Year 1.**
 - b. The Company will annually inspect the Tank. The Tank will be inspected to ensure that the structure is in a sound, watertight condition. The Company will provide a written inspection report to the Owner following each inspection.
 - c. Every 4 years, after the Tank is drained by the Owner, the Company will clean the interior of the Tank and perform a condition assessment on the Tank (hereinafter "Washout Inspection"). During each Washout Inspection, the Tank will be cleaned to remove all mud, silt, and other accumulations from the interior of the Tank. After a Washout Inspection is completed, the interior of the Tank will be thoroughly inspected and disinfected prior to returning the Tank to service; however, the Owner is responsible for draining and filling the Tank and conducting any required testing of the water before returning the Tank to service.
 - d. The Company shall provide the engineering and inspection services needed to maintain and repair the Tank during the term of this SOW1. The repairs include: the Tank's expansion joints, water level indicators, sway rod adjustments, vent screens, manhole covers/gaskets, and the Tank's other steel parts not otherwise excluded hereinafter.

e. The Company will clean and repaint the interior and/or exterior of the Tank at such time as complete repainting is needed. The need for interior painting of the Tank is to be determined by the thickness of the existing liner and its protective condition. Only materials approved for use in potable water tanks will be used on any interior surface area. The need for exterior painting of the Tank is to be determined by the appearance and protective condition of the existing paint. At the time that the exterior requires repainting, the Company agrees to paint the Tank with a coating that is the same color as the existing coating and to select a coating system which best suits the site conditions, environment, and general location of the Tank. When interior or exterior painting of the Tank is needed, all products and procedures as to coating systems will be equal to or exceed the requirements of the **State of Wisconsin** and the American Water Works Association's D102 standard in effect as of the Effective Date (defined hereinafter).

f. The Company will install a lock on the roof hatch of the Tank; however, the provision of such lock does not guarantee the Tank's security during the term of the SOW1. For the avoidance of doubt, security of the Tank and the site where the Tank is located (hereinafter, "Tank Site") are the responsibility of the Owner.

g. In the event of an emergency involving the Tank, the Owner shall provide written notice of such emergency to the Company via its email hotline at the following address: customerservice@usgwater.com. The Company will provide emergency services for the Tank, when needed, to perform all repairs covered under this SOW1. Reasonable travel time must be allowed for the repair unit to reach the Tank Site.

h. When the Tank is taken out of service, the Company will furnish pressure relief valves, if requested by the Owner, so that the Owner can install the valves in its water system while the Tank is being serviced. The Owner assumes all risk and liability for the installation and use of the pressure relief valves.

i. The Company will furnish the Owner with current certificates of insurance, which will summarize the Company's insurance coverage.

4. **Price/Annual Fees.** For the performance of the Services required by Section 3, the Owner shall pay the Company an Annual Fee (hereinafter, "Annual Fee") for each Contract Year of the SOW1. The first **four (4)** Annual Fees shall be **\$90,745.00** per Contract Year. The Annual Fee for Contract Year 5 shall be **\$24,462.00**. Each Contract Year thereafter, the Annual Fee shall be adjusted to reflect the current cost of service. The adjustment of the Annual Fee shall be limited to a maximum of 5% annually. All applicable taxes are the responsibility of the Owner and are in addition to the stated costs and fees in this SOW1.

5. **Payment Terms.** The Annual Fee for Contract Year 1, plus all applicable taxes, shall be due and payable **within ninety (90) days of the Owner's execution of the SOW1**. Each subsequent Annual Fee, plus all applicable taxes, shall be due and payable on the first day of each Contract Year thereafter. If the Annual Fee, plus all applicable taxes, are not paid within ninety (90) days of the date of invoice, the Company may charge the Owner a late fee on unpaid balances and may also terminate or suspend Services under this SOW1 without notice. The late fee will be 1.5% per month.

6. **Changes or Delays to Services.** For purposes of this Section 6, "Unreasonable Delay" shall mean the Owner's delay in releasing the Tank or making the Tank available to the Company for the performance of any of the Services described herein for a period of twenty-four (24) months following the Company's written request for release or access to the Tank. In the event of Unreasonable Delay, the Company reserves the right to recover its reasonable costs related to the Unreasonable Delay, and the Owner agrees to negotiate with the Company in good faith to determine the amount of its reasonable costs caused by such Unreasonable Delay. Furthermore, the Owner hereby agrees that the Company can replace a Washout Inspection of the Tank with a visual inspection, remotely operated vehicle inspection ("ROV Inspection"), or unmanned aerial vehicle inspection ("UAV Inspection") without requiring the modification of this SOW1.

7. **Structure of Tank and Tank Site Conditions.** The Company is accepting this Tank to maintain pursuant to the requirements of this SOW1 based upon its existing structure and components as of the Effective Date (defined hereinafter). ***Any modifications to the Tank, including antenna installations, shall be approved by the Company, prior to installation and may warrant an increase in the Annual Fees.*** In addition, changes in the condition of the Tank Site and/or any adjoining properties (e.g., construction of a mall next to the Tank Site which significantly increases the risk of overspray claims, etc.) following the Effective Date, which cause an increase in the cost of the maintenance of the Tank, will be just cause for an equitable adjustment of the Annual Fees in this SOW1.

8. **Environmental, Health, Safety, Labor, or Industry Requirements.** The Owner hereby agrees that the promulgation of, enactment of, or modification to any environmental, health, safety, or labor laws, regulations, orders, or ordinances (e.g., EPA or OSHA regulations or standards) following the Effective Date of this SOW1, which cause an increase in the cost of the maintenance of the Tank, will be just cause for an equitable adjustment of the Annual Fees in this SOW1. Furthermore, modifications to industry requirement(s) including, but not limited to, standard(s) or other guidance documents issued by the American Water Works Association, National Sanitary Foundation, and the Association for Materials Protection and Performance, which cause an increase in the cost of the maintenance of the Tank, will be just cause for an equitable adjustment of the Annual Fees in this SOW1. Said equitable adjustment of the Annual Fees in this SOW1 will reasonably reflect the increased cost of the Services with newly negotiated Annual Fee(s). The Owner shall be responsible for removing all the cell equipment from the tank prior to the renovations.

The Parties agree that the Company's Annual Fees are based on the Owner's representation that the work to be performed under this SOW1 are not subject to prevailing wage requirements. The Owner agrees to notify the Company immediately, if the Company's work is (or will become) subject to prevailing wage requirements, so that the Company may submit revised amounts for Annual Fees.

9. **Excluded Items.** This SOW1 does NOT include the cost for and/or liability on the part of the Company for: (i) containment of the Tank at any time during the term of the SOW1; (ii) disposal of any hazardous waste materials; (iii) resolution of operational problems or structural damage due to cold weather; (iv) repair of structural damage due to antenna installations or other attachments for which the Tank was not originally designed; (v) resolution of operational problems or repair of structural damage or site damage caused by physical conditions below the surface of the ground; (vi) negligent acts of Owner's employees, agents or contractors; (vii) damages, whether foreseen or unforeseen, caused by the Owner's use of pressure relief valves; (viii) repairs to the foundation of the Tank; (ix) any latent defects or inaccessible areas of the Tank or its components (including, but not limited to, (a) corrosion from the underside of the floor plates, and (b) inaccessible areas of the Tank such as the area between the bottom of the roof plate and the top of the roof rafter); (x) the maintenance, repair or replacement of any electrical components (to include any lighting, such as aviation lights); (xi) the maintenance, repair or replacement of fill lines, insulation, and/or frost jackets; (xii) the maintenance, repair, or replacement of piping of any kind below ground level; and (xiii) other conditions which are beyond the Owner's and Company's control, including, but not limited to: acts of God and acts of terrorism. Acts of God include, but are not limited to, any damage to the Tank or Tank Site which is caused by seismic activity, hurricanes, and/or tornadoes. Acts of terrorism include, but are not limited to, any damage to the Tank or Tank Site which results from an unauthorized entry of any kind to the Tank or Tank Site; (xiv) replacement of interior roof rafters.
10. **Termination.** **This SOW1 is an annual contract that shall automatically renew on an annual basis for successive Contract Years so long as:** (i) the Owner pays each Annual Fee to the Company in accordance with the terms herein and (ii) does not terminate the SOW1 pursuant to the terms of this Section. This SOW1 is subject to termination by the Owner only at the end of the then-current Contract Year if written notice of intent to terminate is received by the Company at least ninety (90) days prior to the first day of the upcoming Contract Year. If the notice of intent to terminate is not received at least ninety (90) days prior to the first day of the upcoming Contract Year, this SOW1 shall renew for an additional Contract Year and expire at the end of the upcoming Contract Year. In such an event, the Owner agrees that it shall be responsible to pay the Annual Fee for the upcoming Contract Year. The notice of intent to terminate must be sent by certified mail, with return receipt requested, to Utility Service Co., Inc., Attention: Customer Service, Post Office Box 1350, Perry, Georgia 31069, and signed by three (3) authorized voting officials of the Owner's governing body (e.g., commission or council). Notice of intent to terminate cannot be delivered electronically or verbally (e.g., email, text, phone call, etc.). The Owner acknowledges and agrees that the Company has advanced Services to the Owner, and the Company has not received full payment for the Services previously performed. Therefore, if the Owner elects to terminate this SOW1 prior to remitting the first **four (4)** Annual Fees, then the unpaid balance of the first **four (4)** Annual Fees shall be due and payable within thirty (30) days of the Owner's issuance of the notice of intent to terminate at the end of the then-current Contract Year.

11. **Visual Inspection Disclaimer.** This SOW1 is based upon a visual inspection of the Tank. The Owner and the Company hereby acknowledge and agree that a visual inspection is intended to assess the condition of the Tank for all patent defects. If latent defects are identified once the Tank has been drained and is made available to the Company, the Owner agrees and acknowledges that the Company shall not be responsible to repair the latent defects unless the Owner and the Company re-negotiate the Annual Fees. The definition of a "latent defect" shall be any defect of the Tank which is not easily discovered (e.g., corrosion of the floor plates, corrosion of the roof plates or rafters, corrosion in areas inaccessible to maintain, damage to the roof of the Tank which is not clearly discoverable during the visual inspection, etc.).

12. **Excessive Inflation.** In the event that the aggregate of the Annual Inflation Rates (defined hereinbelow) established for two (2) consecutive calendar years during the term of this SOW1 exceeds 12% in total, the Owner and the Company agree to renegotiate the Annual Fees and increase the Annual Fees throughout the remaining term of this SOW1 to compensate the Company for the excessive inflation. For purposes of this provision, the Annual Inflation Rate for each calendar year shall be established by the *Engineering News Report – Construction Cost Index ("ENR-CCI")*. In the event that the ENR-CCI index is discontinued, the Owner and the Company will negotiate and agree to an alternative index or methodology to address the excessive inflation. For illustrative purposes, if a SOW is executed in 2022, the first equitable adjustment could not be made until both the 2023 inflation rate and the 2024 inflation rate have been established. If the annual inflation rates for 2023 and 2024 are 5.0% and 7.1%, respectively, the Owner and the Company agree to renegotiate the current year's Annual Fee as well as the remaining Annual Fees for the remainder of the term of the SOW to address the excessive inflation.

The SOW1 is executed and effective as of the date last signed by the parties below.

UPFRONT RENOVATION SPECIFICATIONS

Year 1

Exterior

1. All exterior surfaces must be pressure washed with a minimum of 4,000 P.S.I. washer to remove any surface contamination.
2. All rusted areas must be Hand/Power tool cleaned per SSPC-SP2, SP3 cleaning methods.
3. All rusted or bare areas must be spot primed with a rust inhibitive metal primer.
4. One (1) full intermediate coat of a Tnemec compatible Series coating shall be applied to the complete exterior surfaces (100%) at the manufacturer's recommended thickness.
5. One (1) full finish coat of a Tnemec Series 700 coating shall be applied to the complete exterior surfaces (100%) at the manufacturer's recommended thickness.
6. Retrace all logos.

Interior Wet

1. The complete interior (100%) shall be abrasive blast cleaned to SSPC-SP No. 10 "Near White" finish.
2. After abrasive cleaning, all surfaces shall be cleaned of any dust residue or foreign debris.
3. A high build epoxy liner manufactured by the Tnemec Company shall be applied as follows:
 - a. Primer Coat: One [1] complete coat of Tnemec Series 93 H2O zinc or equivalent zinc shall be applied to 100% of the interior surfaces at the manufacturer's recommended coating thickness.
 - b. Finish Coat: One [1] complete finish coat of Tnemec Series 21 epoxy or equivalent epoxy shall be applied to 100% of the interior surfaces at the manufacturer's recommended thickness.
 - c. Contrasting Color: Each coat of epoxy paint shall be of contrasting color.
 - d. Stripe Coat: One additional coat of epoxy shall be applied by brush and roller to all weld seams.
4. After the liner has properly cured, the interior surfaces shall be disinfected per A.W.W.A. Spray Method No. 2 (200 PPM).
5. The spent abrasive media shall be tested per TCLP-(8) Heavy Metals as mandated by the State.
6. Once the tests results confirm the non-hazardous status of the wastes, the spent abrasive shall be disposed of properly.
7. The Tank shall be sealed and made ready for service.

Interior- Dry Blast

1. The complete interior (100%) shall be abrasive blast cleaned to SSPC-SP No. 7.
2. After abrasive cleaning, all surfaces shall be cleaned of any dust residue or foreign debris.
3. One (1) full finish coat of a Tnemec Series coating shall be applied to the complete interior dry surfaces (100%) at the manufacturer's recommended thickness.
4. The spent abrasive media shall be tested per TCLP-(8) Heavy Metals as mandated by the State.
5. Once the tests results confirm the non-hazardous status of the wastes, the spent abrasive shall be disposed of properly.

Repairs

1. Install overflow pipe and screen assembly.
2. Install 24" pallet type roof vent.
3. Install rigging coupling in roof.
4. Install new mud valve in dry interior.

DRAFT

SCOPE OF WORK NO. 2
TO THE MASTER SERVICES AGREEMENT BETWEEN
UTILITY SERVICE CO., INC.
AND
VILLAGE OF JACKSON, WI

WATER TANK MAINTENANCE – 200,000 GALLON PEDISPHERE – TOWER DRIVE TANK

1. **Effective Date.** The Effective Date for this Scope of Work No. 2 ("SOW2") shall be _____, 20_____.
2. **Term.** The Owner agrees to engage the Company to provide the professional services needed to maintain its **200,000** gallon water storage tank located at **N169W20921 Tower Drive, Jackson, WI 53037** (hereinafter, "the Tank"). This SOW2 shall commence on the Effective Date and shall continue in full force and effect for one year. This SOW2 will automatically renew for successive one-year terms unless terminated as defined in Section 10 herein. For purposes of this SOW2, "Contract Year" shall mean the 12-month period which commences on the first day of the month when the SOW2 is executed by the Owner and each successive 12-month period thereafter (hereinafter, "Contract Year" or collectively, "Contract Years").
3. **Company's Engagement and Responsibilities.** This SOW2 outlines the Company's responsibility for the upfront renovation (hereinafter, the "Upfront Renovation") of the Tank and the care and maintenance of the Tank thereafter. The services (collectively, "the Services") that the Company will provide include the following:
 - a. The Tank shall receive an Upfront Renovation, which will include: **exterior renovation, interior wet renovation, interior dry renovation and repairs prior to the end of Contract Year 2.**
 - b. The Company will annually inspect the Tank. The Tank will be inspected to ensure that the structure is in a sound, watertight condition. The Company will provide a written inspection report to the Owner following each inspection.
 - c. Every 4 years, after the Tank is drained by the Owner, the Company will clean the interior of the Tank and perform a condition assessment on the Tank (hereinafter "Washout Inspection"). During each Washout Inspection, the Tank will be cleaned to remove all mud, silt, and other accumulations from the interior of the Tank. After a Washout Inspection is completed, the interior of the Tank will be thoroughly inspected and disinfected prior to returning the Tank to service; however, the Owner is responsible for draining and filling the Tank and conducting any required testing of the water before returning the Tank to service.
 - d. The Company shall provide the engineering and inspection services needed to maintain and repair the Tank during the term of this SOW2. The repairs include: the Tank's expansion joints, water level indicators, sway rod adjustments, vent screens, manhole covers/gaskets, and the Tank's other steel parts not otherwise excluded hereinafter.

e. The Company will clean and repaint the interior and/or exterior of the Tank at such time as complete repainting is needed. The need for interior painting of the Tank is to be determined by the thickness of the existing liner and its protective condition. Only materials approved for use in potable water tanks will be used on any interior surface area. The need for exterior painting of the Tank is to be determined by the appearance and protective condition of the existing paint. At the time that the exterior requires repainting, the Company agrees to paint the Tank with a coating that is the same color as the existing coating and to select a coating system which best suits the site conditions, environment, and general location of the Tank. When interior or exterior painting of the Tank is needed, all products and procedures as to coating systems will be equal to or exceed the requirements of the **State of Wisconsin** and the American Water Works Association's D102 standard in effect as of the Effective Date (defined hereinafter).

f. The Company will install a lock on the roof hatch of the Tank; however, the provision of such lock does not guarantee the Tank's security during the term of the SOW2. For the avoidance of doubt, security of the Tank and the site where the Tank is located (hereinafter, "Tank Site") are the responsibility of the Owner.

g. In the event of an emergency involving the Tank, the Owner shall provide written notice of such emergency to the Company via its email hotline at the following address: customerservice@usgwater.com. The Company will provide emergency services for the Tank, when needed, to perform all repairs covered under this SOW2. Reasonable travel time must be allowed for the repair unit to reach the Tank Site.

h. When the Tank is taken out of service, the Company will furnish pressure relief valves, if requested by the Owner, so that the Owner can install the valves in its water system while the Tank is being serviced. The Owner assumes all risk and liability for the installation and use of the pressure relief valves.

i. The Company will furnish the Owner with current certificates of insurance, which will summarize the Company's insurance coverage.

4. **Price/Annual Fees.** For the performance of the Services required by Section 3, the Owner shall pay the Company an Annual Fee (hereinafter, "Annual Fee") for each Contract Year of the SOW2. The Annual Fee for Contract Year 1 shall be **\$2,500.00** per Contract Year. The Annual Fees for Contract Years 2, 3, 4, and 5 shall be **\$72,892.00** per Contract Year. The Annual Fee for Contract Year 6 shall be **\$19,401.00**. Each Contract Year thereafter, the Annual Fee shall be adjusted to reflect the current cost of service. The adjustment of the Annual Fee shall be limited to a maximum of 5% annually. All applicable taxes are the responsibility of the Owner and are in addition to the stated costs and fees in this SOW2.

5. **Payment Terms.** The Annual Fee for Contract Year 1, plus all applicable taxes, shall be due and payable **within ninety (90) days of the Owner's execution of the SOW2. Each subsequent Annual Fee, plus all applicable taxes, shall be due and payable on the first day of each Contract Year thereafter.** If the Annual Fee, plus all applicable taxes, are not paid within ninety (90) days of the date of invoice, the Company may charge the Owner a late fee on unpaid balances and may also terminate or suspend Services under this SOW2 without notice. The late fee will be 1.5% per month.

6. **Changes or Delays to Services.** For purposes of this Section 6, "Unreasonable Delay" shall mean the Owner's delay in releasing the Tank or making the Tank available to the Company for the performance of any of the Services described herein for a period of twenty-four (24) months following the Company's written request for release or access to the Tank. In the event of Unreasonable Delay, the Company reserves the right to recover its reasonable costs related to the Unreasonable Delay, and the Owner agrees to negotiate with the Company in good faith to determine the amount of its reasonable costs caused by such Unreasonable Delay. Furthermore, the Owner hereby agrees that the Company can replace a Washout Inspection of the Tank with a visual inspection, remotely operated vehicle inspection ("ROV Inspection"), or unmanned aerial vehicle inspection ("UAV Inspection") without requiring the modification of this SOW2.

7. **Structure of Tank and Tank Site Conditions.** The Company is accepting this Tank to maintain pursuant to the requirements of this SOW2 based upon its existing structure and components as of the Effective Date (defined hereinafter). ***Any modifications to the Tank, including antenna installations, shall be approved by the Company, prior to installation and may warrant an increase in the Annual Fees.*** In addition, changes in the condition of the Tank Site and/or any adjoining properties (e.g., construction of a mall next to the Tank Site which significantly increases the risk of overspray claims, etc.) following the Effective Date, which cause an increase in the cost of the maintenance of the Tank, will be just cause for an equitable adjustment of the Annual Fees in this SOW2.

8. **Environmental, Health, Safety, Labor, or Industry Requirements.** The Owner hereby agrees that the promulgation of, enactment of, or modification to any environmental, health, safety, or labor laws, regulations, orders, or ordinances (e.g., EPA or OSHA regulations or standards) following the Effective Date of this SOW2, which cause an increase in the cost of the maintenance of the Tank, will be just cause for an equitable adjustment of the Annual Fees in this SOW2. Furthermore, modifications to industry requirement(s) including, but not limited to, standard(s) or other guidance documents issued by the American Water Works Association, National Sanitary Foundation, and the Association for Materials Protection and Performance, which cause an increase in the cost of the maintenance of the Tank, will be just cause for an equitable adjustment of the Annual Fees in this SOW2. Said equitable adjustment of the Annual Fees in this SOW2 will reasonably reflect the increased cost of the Services with newly negotiated Annual Fee(s). The Owner shall be responsible for removing all the cell equipment from the tank prior to the renovations.

The Parties agree that the Company's Annual Fees are based on the Owner's representation that the work to be performed under this SOW2 are not subject to prevailing wage requirements. The Owner agrees to notify the Company immediately, if the Company's work is (or will become) subject to prevailing wage requirements, so that the Company may submit revised amounts for Annual Fees.

9. **Excluded Items.** This SOW2 does NOT include the cost for and/or liability on the part of the Company for: (i) containment of the Tank at any time during the term of the SOW2; (ii) disposal of any hazardous waste materials; (iii) resolution of operational problems or structural damage due to cold weather; (iv) repair of structural damage due to antenna installations or other attachments for which the Tank was not originally designed; (v) resolution of operational problems or repair of structural damage or site

damage caused by physical conditions below the surface of the ground; (vi) negligent acts of Owner's employees, agents or contractors; (vii) damages, whether foreseen or unforeseen, caused by the Owner's use of pressure relief valves; (viii) repairs to the foundation of the Tank; (ix) any latent defects or inaccessible areas of the Tank or its components (including, but not limited to, (a) corrosion from the underside of the floor plates, and (b) inaccessible areas of the Tank such as the area between the bottom of the roof plate and the top of the roof rafter); (x) the maintenance, repair or replacement of any electrical components (to include any lighting, such as aviation lights); (xi) the maintenance, repair or replacement of fill lines, insulation, and/or frost jackets; (xii) the maintenance, repair, or replacement of piping of any kind below ground level; and (xiii) other conditions which are beyond the Owner's and Company's control, including, but not limited to: acts of God and acts of terrorism. Acts of God include, but are not limited to, any damage to the Tank or Tank Site which is caused by seismic activity, hurricanes, and/or tornadoes. Acts of terrorism include, but are not limited to, any damage to the Tank or Tank Site which results from an unauthorized entry of any kind to the Tank or Tank Site.

10. **Termination.** This SOW2 is an annual contract that shall automatically renew on an annual basis for successive Contract Years so long as: (i) the Owner pays each Annual Fee to the Company in accordance with the terms herein and (ii) does not terminate the SOW2 pursuant to the terms of this Section. This SOW2 is subject to termination by the Owner only at the end of the then-current Contract Year if written notice of intent to terminate is received by the Company at least ninety (90) days prior to the first day of the upcoming Contract Year. If the notice of intent to terminate is not received at least ninety (90) days prior to the first day of the upcoming Contract Year, this SOW2 shall renew for an additional Contract Year and expire at the end of the upcoming Contract Year. In such an event, the Owner agrees that it shall be responsible to pay the Annual Fee for the upcoming Contract Year. The notice of intent to terminate must be sent by certified mail, with return receipt requested, to Utility Service Co., Inc., Attention: Customer Service, Post Office Box 1350, Perry, Georgia 31069, and signed by three (3) authorized voting officials of the Owner's governing body (e.g., commission or council). Notice of intent to terminate cannot be delivered electronically or verbally (e.g., email, text, phone call, etc.). The Owner acknowledges and agrees that the Company has advanced Services to the Owner, and the Company has not received full payment for the Services previously performed. Therefore, if the Owner elects to terminate this SOW2 prior to remitting the first five (5) Annual Fees, then the unpaid balance of the first five (5) Annual Fees shall be due and payable within thirty (30) days of the Owner's issuance of the notice of intent to terminate at the end of the then-current Contract Year.

11. **Visual Inspection Disclaimer.** This SOW2 is based upon a visual inspection of the Tank. The Owner and the Company hereby acknowledge and agree that a visual inspection is intended to assess the condition of the Tank for all patent defects. If latent defects are identified once the Tank has been drained and is made available to the Company, the Owner agrees and acknowledges that the Company shall not be responsible to repair the latent defects unless the Owner and the Company re-negotiate the Annual Fees. The definition of a "latent defect" shall be any defect of the Tank which is not easily discovered (e.g., corrosion of the floor plates, corrosion of the roof plates or rafters, corrosion in areas inaccessible to maintain, damage to the roof of the Tank which is not clearly discoverable during the visual inspection, etc.).

12. Excessive Inflation. In the event that the aggregate of the Annual Inflation Rates (defined hereinbelow) established for two (2) consecutive calendar years during the term of this SOW2 exceeds 12% in total, the Owner and the Company agree to renegotiate the Annual Fees and increase the Annual Fees throughout the remaining term of this SOW2 to compensate the Company for the excessive inflation. For purposes of this provision, the Annual Inflation Rate for each calendar year shall be established by the *Engineering News Report – Construction Cost Index* ("ENR-CCI"). In the event that the ENR-CCI index is discontinued, the Owner and the Company will negotiate and agree to an alternative index or methodology to address the excessive inflation. For illustrative purposes, if a SOW is executed in 2022, the first equitable adjustment could not be made until both the 2023 inflation rate and the 2024 inflation rate have been established. If the annual inflation rates for 2023 and 2024 are 5.0% and 7.1%, respectively, the Owner and the Company agree to renegotiate the current year's Annual Fee as well as the remaining Annual Fees for the remainder of the term of the SOW to address the excessive inflation.

The SOW2 is executed and effective as of the date last signed by the parties below.

DRAFT

MASTER SERVICES AGREEMENT
Terms and Conditions

This MASTER SERVICES AGREEMENT ("Agreement") is entered into by and between **Village of Jackson** with a principal business address of Main Street, Jackson, Wisconsin 53037 ("Owner"), and **Utility Service Co., Inc.**, a Georgia corporation with a principal business address of 535 General Courtney Hodges Boulevard, Post Office Box 1350, Perry, Georgia 31069 ("Company").

WHEREAS, the Owner and the Company (individually, "Party"; collectively, "Parties") desire for the Company to provide goods and services to the Owner under the terms set forth herein;

NOW THEREFORE, in consideration of the mutual covenants contained herein, and other good and valuable consideration, the receipt and sufficiency of which are hereby acknowledged, the Parties hereby agree as follows:

1. **Scope.** The Company agrees to provide the Owner with certain goods and services ("Services") set forth on each properly executed Scope of Work ("SOW") to be attached hereto and incorporated herein by reference. Each SOW shall be subject to the general terms and conditions (the "Terms and Conditions") set forth in this Agreement. Each time Owner engages Company to perform Services, a new SOW shall be prepared specifying the scope of Services specific to that engagement. Unless otherwise indicated in any given SOW, Company shall be responsible for furnishing all labor, materials and tools to perform the Services. Each new SOW represents a separate contract between Company and Owner that incorporates the Terms and Conditions and is governed by this Agreement. All changes to any SOW may only be made by a written amendment to such SOW and signed by an authorized representative of each Party. Owner may terminate a SOW in accordance with the terms of each SOW. In the event there is a conflict between any term of an SOW and this Agreement, the term(s) of the SOW shall control.

2. **Term.** The effective date of this Agreement shall be _____, 2024 ("Effective Date"). The term of this Agreement shall commence on the Effective Date and shall continue in full force and effect for one year ("Term"). This Agreement will automatically renew for successive one-year terms ("Renewal Terms") unless terminated as set forth in Section 9 of this Agreement. The term of a SOW shall begin on the commencement date provided in that SOW and continue in effect for the agreed term provided in that SOW.

3. **Fees.** For all Services performed, Owner shall pay Company in accordance with the terms of each SOW. The fees paid in accordance with each SOW shall constitute the full and complete compensation to Company for the Services performed pursuant to the SOW. Unless otherwise expressly set forth in any given SOW, Company shall be responsible for expenses it incurs in connection with its provision of the Services.

4. Independent Contractor. The Company is, and shall at all times remain, an independent contractor. The Company and each of the Company's employees and principals shall not be deemed for any purpose to be the Owner's employees, and they shall not be entitled to any claims, rights, benefits and privileges to which an employee of the Owner or any of its respective affiliates may be entitled under any retirement, pension, insurance, medical or other plans which may now be in effect or which may hereafter be adopted. The Owner is not responsible to any governing body or to the Company for paying or withholding payroll taxes and other employee expenses related to payments made to the Company. Notwithstanding anything to the contrary, this Agreement does not, and shall not be deemed to, constitute a partnership or joint venture between the Parties and neither Party nor any of their respective directors, officers, officials, or employees shall, by virtue of the performance of their obligations under this Agreement, be deemed to be an agent or employee of the other. No Party has the authority to bind the other Party except to the extent approved in writing by the Party to be bound.

5. Insurance. Company shall maintain statutory minimum Worker's Compensation as required by the laws of any jurisdiction in which Services are performed, and commercial general liability insurance covering Company's liabilities hereunder and for injury to persons or damage to property with limits of not less than \$2,000,000 per occurrence. Upon Owner's request, Company shall furnish Owner with a certificate of insurance evidencing this coverage.

6. Representations. Company represents and warrants that Company has the full power and authority to enter into and perform under this Agreement; that the execution, delivery and performance of this Agreement has been duly authorized and constitutes a valid and binding agreement of Company; and that the execution, delivery and performance of this Agreement will not result in the breach of, or constitute a default under, or violate any provision of, any agreement or other instrument to which Company is a party to a non-competition agreement or bound by any competitive restrictive covenant concerning or relating to, in any manner, the performance by Company of services similar to the Services to be performed hereunder.

7. Indemnification.

a. Indemnification by Company. The Company shall indemnify the Owner and its officers and employees from and against any claims, actions, and suits resulting from and to the extent of the Company's negligence while performing hereunder. The Company's indemnification obligations hereunder shall be subject to Owner's prompt written notification to the Company adequately describing any third-party claim(s) resulting from the Company's performance hereunder.

b. Indemnification by Owner. The Owner shall indemnify the Company and its officers, directors and employees from and against any claims, actions, and suits resulting from and to the extent of the Owner's negligence. The Owner's indemnification obligations hereunder shall be subject to the Company's prompt written notification to the Owner adequately describing any damages resulting from the Owner's negligence.

8. Assignment of Receivables. The Company reserves the right to assign any outstanding receivables from this Contract to its financial institutions as collateral for any loans or lines of credit.

9. Termination.

a. Right to Terminate. Once all SOWs that have been issued under this Agreement have expired or have been terminated, pursuant to the termination provision(s) in each SOW, either Party may terminate this Agreement by giving ten (10) days' advanced written notice to the other Party.

b. Termination Provisions in SOWs. The termination of each individual SOW shall be governed by the applicable termination provision in each SOW.

10. Intellectual Property. The Owner acknowledges and agrees that (a) all intellectual property rights in the Company's performance, methods and all related know-how are owned by the Company, its licensors, or suppliers; and (b) this Agreement shall not be construed as a license for the Owner to use, deliver, or exploit the intellectual property used by the Company in its performance, except as expressly set forth in this Agreement. To the extent that any new intellectual property or know-how is developed as a result of the Company's performance, the new intellectual property rights will all be owned by the Company, its licensors, or suppliers, and the Owner agrees that it will not make a claim to any such new intellectual property rights.

11. Limitation of Liability.

a. IN NO EVENT WILL THE COMPANY OR ITS RESPECTIVE AFFILIATES, SUBSIDIARIES, OFFICERS, DIRECTORS, OFFICIALS, EMPLOYEES, SUPPLIERS OR AGENTS BE LIABLE FOR ANY LOSS OF REVENUE, PROFITS, OR DATA, OR FOR ANY SPECIAL, INDIRECT, CONSEQUENTIAL, INCIDENTAL, OR PUNITIVE DAMAGES HOWEVER CAUSED AND REGARDLESS OF THE THEORY OF LIABILITY (CONTRACT, TORT, NEGLIGENCE, OR OTHERWISE) WHICH ARISES OUT OF THE COMPANY'S OR ITS SUPPLIERS' PERFORMANCE OR NON-PERFORMANCE UNDER THIS AGREEMENT. THE TOTAL LIABILITY OF THE COMPANY, ITS AFFILIATES, SUBCONTRACTORS, EMPLOYEES, SUPPLIERS AND AGENTS ARISING OUT OF PERFORMANCE OR NON-PERFORMANCE OF OBLIGATIONS UNDER THIS AGREEMENT, INCLUDING BUT NOT LIMITED TO THE SALE, DELIVERY, STORAGE, INSTALLATION, REPAIR, MODIFICATION OR USE OF THE EQUIPMENT, THE RENDITION OF OTHER SERVICES IN CONNECTION THEREWITH, SHALL NOT EXCEED, IN THE AGGREGATE, AN AMOUNT EQUAL TO TWENTY-FIVE PERCENT (25%) OF THE SUM OF ALL FEES PAID BY THE OWNER TO THE COMPANY PURSUANT TO THE TERMS OF ALL SOWs.

b. NOTWITHSTANDING ANYTHING HEREIN TO THE CONTRARY, ANY LIABILITY ON THE PART OF THE COMPANY FOR MATTERS RELATED TO OR ARISING FROM CYBER SECURITY (A) SHALL BE LIMITED TO CLAIMS RELATING TO THE HARDWARE AND SOFTWARE WITHIN THE DIRECT CONTROL OF THE COMPANY THAT IS THE DIRECT AND PROXIMATE CAUSE OF ANY LOSSES OR DAMAGE, AND (B) SHALL BE LIMITED TO ONLY THOSE CLAIMS OR PORTIONS OF CLAIMS THAT ARE COVERED BY INSURANCE REQUIRED TO BE MAINTAINED PURSUANT TO THE TERMS OF THIS AGREEMENT OR ANY SOW.

12. Rules of Construction. In construing this Agreement, the following principles shall be followed: (i) no meaning may be inferred from any presumption that one Party had a greater or lesser hand in drafting this Agreement; (ii) examples do not limit, expressly or by implication, the matter they illustrate; (iii) the plural shall be deemed to include the singular and vice versa, as applicable; and (iv) the headings are for convenience only and do not affect the meaning or construction of any such provision. Furthermore, the Parties specifically acknowledge and agree that they have in fact read this Agreement and are fully informed and have full notice and knowledge of the terms, conditions and effects of this Agreement. Each Party further agrees that it will not contest the validity or enforceability of any provision of this Agreement on the basis that it had no notice or knowledge of such provision or that such provision is not conspicuous.

13. Miscellaneous.

a. **Notices.** All notices hereunder shall be in writing and shall be sent by certified mail, return receipt requested, or by overnight courier service, to the address set forth below each Party's signature, or to such other addresses as may be stipulated in writing by the Parties pursuant hereto. Unless otherwise provided, notice shall be effective on the date it is officially recorded as delivered by return receipt or equivalent.

b. **Entire Agreement; Amendment.** This Agreement supersedes all prior agreements, arrangements, and undertakings between the Parties and constitutes the entire agreement between the Parties relating to the subject matter thereof. This Agreement may not be amended except by written instrument executed by both Parties. The invalidity or unenforceability of any provision of this Agreement shall in no way affect the validity or enforceability of any other provision of this Agreement.

c. **Assignment.** Neither Party may assign this Agreement without the prior written consent of the other Party. Any attempt to assign this Agreement without the prior written consent of the other Party shall be null and void. A Change in Control of a Party shall not be deemed an assignment of this Agreement. For purposes of this Agreement, "Change in Control" shall mean an event deemed to occur if a person or entity, that is either affiliated or unaffiliated with the Company, acquires more than fifty percent control over the Party's voting securities.

d. **Force Majeure.** If either Party is prevented from performing any of its duties or obligations hereunder (other than duties or obligations with respect to payment) in a timely manner by reason or act of God or force majeure such as fire; war; earthquake; strike; lock-out; labor dispute; flood; public disaster; pandemic or epidemic event (to include but not limited to COVID-19); interruptions or delays in reasonably available means of transportation; acts of any government or its agencies or officers, or any order, regulation, or ruling thereof; equipment or technical malfunctions or failures; power failures or interruptions; or any other reason beyond its reasonable control, such condition shall be deemed to be a valid excuse for delay of performance or for nonperformance of any such duty or obligation for the period during which such condition(s) exist.

e. **Survival of Certain Provisions.** The provisions of Sections 10 and 11 of this Agreement shall survive the termination or expiration of this Agreement and continue to bind the Parties and their legal representatives, successors and permitted assigns.

f. **No Waiver.** The waiver of any breach or failure of a term or condition of this Agreement by any Party shall not be construed as a waiver of any subsequent breach or failure of the same term or condition, or a waiver of any other breach or failure of a term or condition of this Agreement.

g. Counterparts. This Agreement may be executed in counterparts, each of which shall be deemed an original, but all of which taken together shall constitute one and the same Agreement. The Parties may utilize electronic means (including facsimile and e-mail) to execute and transmit the Agreement and all such electronically executed and/or transmitted copies of the Agreement shall be deemed as valid as originals.

h. Dispute Resolution. In the event a dispute arises among the Parties, the disputing Party shall provide the other Party with written notice of the dispute, and within twenty (20) days after receipt of said notice, the receiving Party shall submit to the other a written response. The notice and response shall include a statement of each Party's position and a summary of the evidence and arguments supporting its position. Each Party shall designate a high level manager with authority to resolve the dispute to work in good faith with the other Party's designated manager to resolve the dispute; the name and title of said employee shall also be included in the notice and response. The managers shall meet at a mutually acceptable time and place within thirty (30) days of the date of the disputing party's notice and thereafter as they deem reasonably necessary to resolve the dispute. If the managers, having acted in good faith, have not resolved the dispute within ninety (90) days of receipt of the initial written notice, then the Parties shall attempt to resolve the dispute in good faith by non-binding mediation administered by the American Arbitration Association ("AAA") under its Commercial Mediation Rules. If either Party is unsatisfied with the results of mediation and cannot resolve the dispute and/or claim at mediation, it shall be submitted to binding arbitration. Any such dispute and/or claim will be resolved by binding arbitration in accordance with the Rules for Commercial Arbitration of the American Arbitration Association before a panel of three (3) arbitrators, one appointed by each Party, and the third appointed by the Agreement of the first two arbitrators. The decision or award of a majority of the arbitrators shall be final and binding upon the Parties. Any arbitral award may be entered as a judgment or order in any court of competent jurisdiction. Each Party's costs and expenses attributed to the negotiation, mediation, and/or arbitration shall be borne by such Party.

i. Governing Law. This Agreement shall be governed by the law of the State of Georgia; provided, however, that the Company's obligation to comply with applicable laws shall be limited to laws that apply to the Company.

Memo

To: Jen Heidtke, Village Administrator
From: Brian W. Kober, P. E., Director of Public Works/Village Engineer *BWK*
Subject: Bid Results – 2025 Chestnut Ct & Ridgeway Dr Reconstruction Project
Date: January 22, 2025
CC: Board of Public Works; Village Board

The re-bid for the 2025 Chestnut Ct & Ridgeway Dr Reconstruction Project received five (5) bids for the project.

The project was bid competitively with a difference of \$28,982.80 between the two low bids. The difference from the low bid in 2024 to the current bid is a savings of \$376,619.61.

The schedule of the project could start as soon as March 2025 if weather permits.

Recommendation to award the base bid and Alternate Schedule #1 for the project to Advanced Construction Inc. in the amount of \$1,616,493.10.

If you have any questions, please let me know.

Brian W. Kober, P.E.

Re: Replacement Wastewater Generator

o

The generator at the Wastewater Treatment plant is 45 years old. While it served its purpose, it is undersized for total operation of the wastewater plant during a service outage. Town & County Engineering was requested to evaluate present and future plant electrical loads to recommend a new standby generator set to be installed before the next Wastewater upgrade project. The next proposed upgrade involves the headworks building which involves relocation of the present generator from inside the building to a stand along unit outside at a different location. The generator needs to install before the next projects starts. Because the generator is undersized for total operation of the Wastewater Plant, I propose to use the DNR Replacement Fund to replace it with the proper sized 600 kw unit proposed in the evaluation by Town & County Engineering. The staff recommended replacement with a 600kw Cummings generator. The Cummings generator at the Wastewater Plant has been reliable for the last 45 years with only regular Oil and Filter maintenance. Because of long lead time I suggest ordering the generator first with installation to follow. Here is the following Quotes for the 600kw Cummings generator

Circle Electric \$236,909.00

Pieper Power \$249,366.00

Both bid submittals were from specifications written by Town & County Engineering.

Jeff Deitsch

From: Ian Gronbeck <Ian.Gronbeck@pieperpower.com>

Subject: Generator pricing

Jeff

The manager that handles generators has a hard time accepting the fact of just supplying a generator. I say that because there may be room to improve on this if the Village is serious about moving forward. We can discuss more tonight but because our manager is still viewing this as budgetary, his numbers are factoring in unknowns.

Our number for the Kohler generator as specified in the RFQ is:.....\$ 214,742.00

Our number for the MTU generator as specified in the RFQ is:.....\$ 190,307.00

Our number for the Cummin's generator as specified in the RFQ is:.....\$ 249,366.00

Thank You!

Ian Gronbeck

Attn: Jeff Deitsch

Subject: 600 KW Wastewater Treatment Facility Generator Proposal

Base Price..... \$236,909.00, Cummins generator

- 1) Per Cummins proposal, WWTF-Q-236071-rev 3, dated November 8, 2024, attached.
- 2) Base price excludes:
 - a. transfer switch
 - b. offloading at owner's location on Eagle Drive, Jackson, WI
 - c. installation
 - d. onsite tank testing and permit
 - e. fuel

If you wish to proceed with work described in this proposal, please send a purchase order or contract, or simply sign in the signature box at the end of this document and return it to me at Circle Electric.

Please call or email any questions

Sincerely,

Mike Schwab

Terms & Conditions:

- 1) Receipt of a purchase order, work order, email approval, or the likeness is considered an agreement to all terms and conditions of this quote.
- 2) All work to be performed during regular working hours.
- 3) You are hereby notified that persons or companies furnishing labor or materials for the construction on property located at W194N16660 Eagle Drive, Jackson, Wisconsin 53037, may have lien rights on land and buildings if they are not paid. Those entitled to lien rights, in addition to this contractor, are those who contract directly with you or those who give you identification notice within sixty (60) days after they first furnish labor or materials for the construction. You probably will receive notices from those who furnish labor and materials for the construction. You should give a copy of each notice you receive to your mortgage lender, if any. This contractor agrees to cooperate with you and your lender, if any, to see that all potential lien claimants are duly paid.
- 4) Payment terms are progress billings. This proposal is subject to the approval of our credit department. Interest will be charged at a rate of 1.5% per month on accounts past 30 days.
- 5) Pricing is subject to change.
- 6) The correctness and completeness of the contract documents is the sole responsibility of those who have prepared them. This proposal covers only that work that is adequately shown, described, and/or detailed in the above referenced contract documents.
- 7) Impending Tariff Information - We include current pricing for all materials included in this proposal. Our suppliers indicate light fixtures and other material included in this proposal may be subject to additional costs if and when tariffs are enacted.
- 8) Work included in this proposal is subject to OSHA requirements and safety protocols dictating that existing panels be de-energized while some work is completed. While shutdowns will be unavoidable, we will coordinate with all parties to keep shutdowns to a minimum in terms of frequency and duration.
- 9) Where breakout pricing is provided as a courtesy to the owner, those prices are provided for informational purposes only. Additional costs may apply if not all work is contracted.
- 10) If the project is delayed for any reason, costs for ordered materials, materials on site, or materials in third-party storage will be invoiced as if they had already been installed. Cancellation and/or restocking fees may apply to material that has been ordered.
- 11) Circle Electric is not responsible for project scheduling and cost impacts created by material availability issues.
- 12) Ordered materials are subject to vendor fees if cancelled prior to delivery.
- 13) Circle Electric will deliver materials to jobsite or stage material at vendor's warehouse for up to 30 days. Staged material will be invoiced 30 days after receipt of materials in vendor's warehouse. Material staged over 30 days will be subject to storage fees.
- 14) Equipment providers are responsible for providing equipment with an appropriate short circuit current rating.
- 15) This proposal is subject to utility approval and scheduling.
- 16) Short circuit current rating calculations are not included in this proposal.
- 17) Short circuit current calculations will not be available until 14 business days after an outlet location letter is provided by the utility.
- 18) The fire pump equipment provider is responsible for providing service-rated fire pump controller equipment appropriate for the fire pump they supply.
- 19) This proposal excludes the following:
 - a) Any items not shown on the drawings or listed above.
 - b) Dumpsters.
 - c) Minority and other DBE participation.
 - d) Davis-Bacon and/or other prevailing wages and reporting.
 - e) All painting.
 - f) All patching and /or touch up of existing surfaces.

www.circleelectric.com

- g) Roof penetration seals are excluded for installation by roofing contractor.
- h) Fire alarm.
- i) Access control, Camera, and Security equipment, cabling and devices.
- j) Nurse call equipment, cabling, devices, and installation.
- k) Voice-data equipment, cabling and devices.
- l) "Wanderguard" type equipment, cabling and devices.
- m) Bi-directional antenna surveying, equipment, cabling, devices, installation, and testing.
- n) Correction of existing code violations discovered during the construction process.
- o) Relocation of existing conduits and junction boxes that may be discovered during the construction process.
- p) Fire and/or smoke stop system installation at existing wall or floor penetrations.
- q) Additional structural framing that may be needed for equipment included in this proposal.
- r) Other than that PPE needed for Circle Electric employees, costs for any and all infectious control means, methods, clothing, and equipment.
- s) All extra costs that may be incurred during excavation or boring operations due to underground obstructions or environmental hazards whether they be weather-related, manmade or naturally occurring.
- t) Repair of existing equipment.
- u) All asbestos or other hazardous substance remediation.
- v) Performance and payment bonds.
- w) Electrical Oneline and/or Arcflash drawing updates.
- x) All taxes.
- y) When provided by owner or others, light fixtures, fixture-specific mounting equipment and components, cable hangers and wire guards per drawings, are excluded.
- z) All utility costs for permanent or temporary design, installation, or consumption.
- aa) Circle Electric is not responsible for project scheduling changes or delays caused by circumstances beyond our control.
- bb) All costs associated with securing owner's or architect's electronic files in any format to complete work required under this project.
- cc) Engineering and/or installation of fall protection anchor points.

TERMS AND CONDITIONS FOR SALE OF POWER GENERATION EQUIPMENT

These Terms and Conditions for Sale of Power Generation Equipment, together with the quote ("Quote"), sales order ("Sales Order"), and/or credit application ("Credit Application") on the front side or attached hereto, are hereinafter collectively referred to as this "Agreement" and shall constitute the entire agreement between the customer identified in the Quote ("Customer") and Cummins Inc. ("Cummins") and supersede any previous representation, statements, agreements or understanding (oral or written) between the parties with respect to the subject matter of this Agreement. Customer shall be deemed to have made an unqualified acceptance of these Terms and Conditions and it shall become a binding agreement between the parties on the earliest of the following to occur: (i) Cummins' receipt of Customer's purchase order or purchase order number; (ii) Customer's signing or acknowledgment of this Agreement; (iii) Cummins' release of equipment to production pursuant to Customer's oral or written instruction or direction; (iv) Customer's payment of any amounts due to Cummins; or (v) any other event constituting acceptance under applicable law. No prior inconsistent course of dealing, course of performance, or usage of trade, if any, constitutes a waiver of, or serves to explain or interpret, the Terms and Conditions set forth in this Agreement. Electronic transactions between Customer and Cummins will be solely governed by the Terms and Conditions of this Agreement, and any terms and conditions on Customer's website or other internet site will be null and void and of no legal effect on Cummins. In the event Customer delivers, references, incorporates by reference, or produces any purchase order or document, specifications, agreement (whether upstream or otherwise), or any other terms and conditions related thereto, then such specifications, terms, document, or other agreement: (i) shall be null and void and of no legal effect on Cummins, and (ii) this Agreement shall remain the governing terms of the transaction.

1. SCOPE. Cummins shall supply power generation equipment and any related parts, materials and/or services expressly identified in this Agreement (collectively, "Equipment"). No additional services, parts or materials are included in this Agreement unless mutually agreed upon by the parties in writing. A Sales Order for Equipment is accepted on a hold for release basis. The Sales Order will not be released and scheduled for production until written approval to proceed is received from Customer. A Quote is limited to the plans and specifications section specifically referenced in the Quote. No other sections shall apply. Additional requirements for administrative items may require additional costs. The Quote does not include off unit wiring, off unit plumbing, offloading, rigging, installation, exhaust insulation or fuel, unless otherwise stated and mutually agreed to in writing by the parties. Unless otherwise agreed by Cummins in writing, this Quote is valid for a maximum period of thirty (30) days from the date appearing on the first page of this Quote ("Quote Validation Period"). At the end of the Quote Validation Period, this Quote will automatically expire unless accepted by Customer prior to the end of the Quote Validation Period. The foregoing notwithstanding, in no event shall this Quote Validation Period be deemed or otherwise considered to be a firm offer period nor to establish an option contract, and Cummins hereby reserves its right to revoke or amend this Quote at any time prior to Customer's acceptance.

2. SHIPPING; DELIVERY; DELAYS. Unless otherwise agreed in writing by the parties, Equipment shall be delivered FOB origin, freight prepaid to first destination. For consumer and mobile products, freight will be charged to Customer. Unless otherwise agreed to in writing by the parties, packaging method, shipping documents and manner, route and carrier and delivery shall be as Cummins deems appropriate. Cummins may deliver in installments. A reasonable storage fee, as determined in Cummins' sole discretion, may be assessed if delivery of the Equipment is delayed, deferred, or refused by Customer. In the event Customer fails to take any or all shipments of Equipment ordered hereunder within thirty (30) days of the agreed upon delivery date, Cummins shall have the right, in its sole discretion to either (i) charge a minimum storage fee in the amount of one and one-half percent (1.5%) per month of the total quoted amount; or (ii) consider the Equipment abandoned and, subject to local laws, may (a) make the Equipment available for auction or sale to other customers or the public, or (b) otherwise use, destroy, or recycle the Equipment at Customer's sole cost and expense. The foregoing remedies shall be without prejudice to Cummins' right to pursue other remedies available under the law, including without limitation, recovery of costs and/or losses incurred due to the storage, auction, sale, destruction, recycling, or otherwise of the Equipment. Offloading, handling, and placement of Equipment and crane services are the responsibility of Customer and not included unless otherwise stated. All shipments are made within normal business hours, Monday through Friday. Any delivery, shipping, installation, or performance dates indicated in this Agreement are estimated and not guaranteed. Further, delivery time is subject to confirmation at time of order and will be in effect after engineering drawings have been approved for production. Cummins shall use commercially reasonable efforts to meet estimated dates, but shall not be liable to customer or any third party for any delay in delivery, shipping, installation, or performance, however occasioned, including any delays in performance that result directly or indirectly from acts of Customer or any unforeseen event, circumstance, or condition beyond Cummins' reasonable control including, but not limited to, acts of God, actions by any government authority, civil strife, fires, floods, windstorms, explosions, riots, natural disasters, embargos, wars, strikes or other labor disturbances, civil commotion, terrorism, sabotage, late delivery by Cummins' suppliers, fuel or other energy shortages, or an inability to obtain necessary labor, materials, supplies, equipment or manufacturing facilities. *AS A RESULT OF COVID-19 RELATED EFFECTS OR INDUSTRY SUPPLY CHAIN DISRUPTIONS, TEMPORARY DELAYS IN DELIVERY, LABOR OR SERVICES FROM CUMMINS AND ITS SUB-SUPPLIERS OR SUBCONTRACTORS MAY OCCUR. AMONG OTHER FACTORS, CUMMINS' DELIVERY OBLIGATIONS ARE SUBJECT TO CORRECT AND PUNCTUAL SUPPLY FROM OUR SUB-SUPPLIERS OR SUBCONTRACTORS, AND CUMMINS RESERVES THE RIGHT TO MAKE PARTIAL DELIVERIES OR MODIFY ITS LABOR OR SERVICE. WHILE CUMMINS SHALL MAKE COMMERCIALY REASONABLE EFFORTS TO MEET THE DELIVERY, SERVICE OR COMPLETION*

OBLIGATIONS SET FORTH HEREIN, SUCH DATES ARE SUBJECT TO CHANGE. IN THE EVENT DELIVERY, SHIPPING, INSTALLATION, OR PERFORMANCE IS DELAYED, HOWEVER OCCASSIONED, DUE TO EVENTS BEYOND CUMMINS' REASONABLE CONTROL, THEN THE DATE OF DELIVERY, SHIPPING, INSTALLATION, OR PERFORMANCE FOR THE EQUIPMENT OR SERVICES SHALL BE EQUITABLY EXTENDED FOR A PERIOD EQUAL TO THE TIME LOST, PLUS REASONABLE RAMP-UP.

3. PAYMENT TERMS; CREDIT; RETAINAGE. Unless otherwise agreed to by the parties in writing and subject to credit approval by Cummins, payments are due thirty (30) days from the date of the invoice. If Customer does not have approved credit with Cummins, as solely determined by Cummins, payments are due in advance or at the time of supply of the Equipment. If payment is not received when due, in addition to any rights Cummins may have at law, Cummins may charge Customer eighteen percent (18%) interest annually on late payments, or the maximum amount allowed by law. Customer agrees to pay Cummins' costs and expenses (including reasonable attorneys' fees) related to Cummins' enforcement and collection of unpaid invoices, or any other enforcement of this Agreement by Cummins. Retainage is not acceptable nor binding, unless required by statute or accepted and confirmed in writing by Cummins prior to shipment. If Customer fails to make any payments to Cummins when due and payable, and such failure continues for more than sixty (60) days from the date of the invoice, or less if required by applicable law, then Cummins may, at Cummins' sole discretion and without prejudice to any other rights or remedies, either (i) terminate this Agreement; or (ii) postpone delivery of any undelivered Equipment in Cummins' possession and/or suspend its services until payment for unpaid invoices is received.

4. TAXES; EXEMPTIONS. Unless otherwise stated, the Quote excludes all applicable local, state and federal sales and/or use taxes, permits and licensing. Customer must provide a valid resale or exemption certificate prior to shipment of Equipment or applicable taxes will be added to the invoice.

5. TITLE; RISK OF LOSS. Unless otherwise agreed in writing by the parties, title and risk of loss for the Equipment shall pass to Customer upon delivery of the Equipment by Cummins to freight carrier or to Customer at pickup at Cummins' facility.

6. INSPECTION AND ACCEPTANCE. Customer shall inspect the Equipment upon delivery, before offloading, for damage, defects, and shortage. Any and all claims which could have been discovered by such inspection shall be deemed absolutely and unconditionally waived unless noted by Customer on the bill of lading. Where Equipment is alleged to be non-conforming or defective, written notice of defect must be given to Cummins within three (3) days from date of delivery after which time Equipment shall be deemed accepted. Cummins shall have a commercially reasonable period of time in which to correct such non-conformity or defect. If non-conformity or defect is not eliminated to Customer's reasonable satisfaction, Customer may reject the Equipment (but shall protect the Equipment until returned to Cummins) or allow Cummins another opportunity to undertake corrective action. In the event startup of the Equipment is included in the services, acceptance shall be deemed to have occurred upon successful startup.

7. LIEN; SECURITY AGREEMENT. Customer agrees that Cummins retains all statutory lien rights. To secure payment, Customer grants Cummins a Purchase Money Security Interest in the Equipment. If any portion of the balance is due to be paid following delivery, Customer agrees to execute and deliver such security agreement, financing statements, deed of trust and such other documents as Cummins may request from time to time in order to permit Cummins to obtain and maintain a perfected security interest in the Equipment; or in the alternative, Customer grants Cummins a power of attorney to execute and file all financing statements and other documents needed to perfect this security interest. Cummins may record this Agreement, bearing Customer's signature, or copy of this Agreement in lieu of a UCC-1, provided that it shall not constitute an admission by Cummins of the applicability or non-applicability of the UCC nor shall the failure to file this form or a UCC-1 in any way affect, alter, or invalidate any term, provision, obligation or liability under this Agreement. The security interest shall be superseded if Customer and Cummins enter into a separate security agreement for the Equipment. Prior to full payment of the balance due, Equipment will be kept at Customer's location noted in this Agreement, will not be moved without prior notice to Cummins, and is subject to inspection by Cummins at all reasonable times.

05.01.2023

8. CANCELLATION; CHARGES. Orders placed with and accepted by Cummins may not be cancelled except with Cummins' prior written consent. If Customer seeks to cancel all or a portion of an order placed pursuant to this Agreement, and Cummins accepts such cancellation in whole or in part, Customer shall be assessed cancellation charges as follows: (i) 10% of total order price if cancellation is received in Cummins' office after Cummins has provided submittals and prior to releasing equipment to be manufactured; (ii) 25% of total order price if cancellation is received in Cummins' office after receipt of submittal release to order, receipt of a purchase order for a generator already on order with the factory, or is asked to make any hardware changes to the equipment already on order with the factory; (iii) 50% of total order price if cancellation is received in Cummins' office sixty (60) or fewer days before the scheduled shipping date on the order; or (iv) 100% of total order price if cancellation is received in Cummins' office after the equipment has shipped from the manufacturing plant.

9. TERMINATION. Cummins may, at any time, terminate this Agreement for convenience upon sixty (60) days' written notice to Customer. If the Customer defaults by (i) breaching any term of this Agreement, (ii) becoming insolvent or declared bankrupt, or (iii) making an assignment for the benefit of creditors, Cummins may, upon written notice to Customer, immediately terminate this Agreement. Upon such termination for default, Cummins shall immediately cease any further performance under this Agreement, without further obligation or liability to Customer, and Customer shall pay Cummins for any Equipment or services supplied under

this Agreement, in accordance with the payment terms detailed in Section 3. If a notice of termination for default has been issued and is later determined, for any reason, that the Customer was not in default, the rights and obligations of the parties shall treat the termination as a termination for convenience.

10. MANUALS. Unless otherwise stated, electronic submittals and electronic operation and maintenance manuals will be provided, and print copies may be available upon Customer's request at an additional cost.

11. TRAINING; START UP SERVICES; INSTALLATION. Startup services, load bank testing, and owner training are not provided unless otherwise stated. Site startup will be subject to the account being current and will be performed during regular Cummins business hours, Monday to Friday. Additional charges may be added for work requested to be done outside standard business hours, on weekends, or holidays. One visit is allowed unless specified otherwise in the Quote. A minimum of two-week prior notice is required to schedule site startups and will be subject to prior commitments and equipment and travel availability. A signed site check sheet confirming readiness will be required, and Cummins personnel may perform an installation audit prior to the startup being completed. Any issues identified by the installation audit shall be corrected at the Customer's expense prior to the start-up. Portable load banks for site test (if offered in the Quote) are equipped with only 100 feet of cable. Additional lengths may be arranged at an extra cost. Cummins is not responsible for any labor or materials charged by others associated with start-up and installation of Equipment, unless previously agreed upon in writing. Supply of fuel for start-up and/or testing, fill-up of tank after start up, or change of oil is not included unless specified in the Quote. All installation/execution work at the site including, but not limited to: civil, mechanical, electrical, supply of wall thimbles, exhaust extension pipe, elbows, hangers, expansion joints, insulation and cladding materials, fuel/oil/cooling system piping, air ducts, and louvers/dampers is not included unless specified in the Quote. When an enclosure or sub-base fuel tank (or both) are supplied, the openings provided for power cable and fuel piping entries, commonly referred to as "stub-ups", must be sealed at the site by others before commissioning. All applications, inspections and/or approvals by authorities are to be arranged by Customer.

12. MANUFACTURER'S WARRANTY. Equipment purchased hereunder is accompanied by an express written manufacturer's warranty ("Warranty") and, except as expressly provided in this Agreement, is the only warranty offered on the Equipment. A copy of the Warranty is available upon request. While this Agreement and the Warranty are intended to be read and applied in conjunction, where this Agreement and the Warranty conflict, the terms of the Warranty shall prevail.

13. WARRANTY PROCEDURE. Prior to the expiration of the Warranty, Customer must give notice of a warrantable failure to Cummins and deliver the defective Equipment to a Cummins location or other location authorized and designated by Cummins to make the repairs during regular business hours. Cummins shall not be liable for towing charges, maintenance items such as oil filters, belts, hoses, etc., communication expenses, meals, lodging, and incidental expenses incurred by Customer or employees of Customer, "downtime" expenses, overtime expenses, cargo damages and any business costs and losses of revenue resulting from a warrantable failure.

14. LIMITATIONS ON WARRANTIES.

THE REMEDIES PROVIDED IN THE WARRANTY AND THIS AGREEMENT ARE THE SOLE AND EXCLUSIVE WARRANTIES AND REMEDIES PROVIDED BY CUMMINS TO THE CUSTOMER UNDER THIS AGREEMENT. EXCEPT AS SET OUT IN THE WARRANTY AND THIS AGREEMENT, AND TO THE EXTENT PERMITTED BY LAW, CUMMINS EXPRESSLY DISCLAIMS ALL OTHER REPRESENTATIONS, WARRANTIES, ENDORSEMENTS, AND CONDITIONS OF ANY KIND, EXPRESS OR IMPLIED, INCLUDING, WITHOUT LIMITATION, ANY STATUTORY OR COMMON LAW IMPLIED REPRESENTATIONS, WARRANTIES AND CONDITIONS OF FITNESS FOR A PURPOSE OR MERCHANTABILITY.

The limited warranty does not cover Equipment failures resulting from: (a) inappropriate use relative to designated power rating; (b) inappropriate use relative to application guidelines; (c) inappropriate use of an EPA-SE application generator set relative to EPA's standards; (d) normal wear and tear; (e) improper and/or unauthorized installation; (f) negligence, accidents, or misuse; (g) lack of maintenance or unauthorized or improper repair; (h) noncompliance with any Cummins published guideline or policy; (i) use of improper or contaminated fuels, coolants, or lubricants; (j) improper storage before and after commissioning; (k) owner's delay in making Equipment available after notification of potential Equipment problem; (l) replacement parts and accessories not authorized by Cummins; (m) use of battle short mode; (n) owner or operator abuse or neglect such as: operation without adequate coolant, fuel, or lubricants; over fueling; over speeding; lack of maintenance to lubricating, fueling, cooling, or air intake systems; late servicing and maintenance; improper storage, starting, warm-up, running, or shutdown practices, or for progressive damage resulting from a defective shutdown or warning device; or (o) damage to parts, fixtures, housings, attachments and accessory items that are not part of the generating set.

15. INDEMNITY. Customer shall indemnify, defend and hold harmless Cummins from and against any and all claims, actions, costs, expenses, damages and liabilities, including reasonable attorneys' fees, brought against or incurred by Cummins related to or arising out of this Agreement or the Equipment supplied under this Agreement (collectively, the "Claims"), where such Claims were caused or contributed to by, in whole or in part, the acts, omissions, fault or negligence of the Customer. Customer shall present any Claims covered by this indemnity to its insurance carrier unless Cummins directs that the defense will be handled by Cummins' legal counsel at Customer's expense.

16. LIMITATION OF LIABILITY

NOTWITHSTANDING ANY OTHER TERM OF THIS AGREEMENT, IN NO EVENT SHALL CUMMINS, ITS OFFICERS, DIRECTORS, EMPLOYEES, OR AGENTS BE LIABLE TO CUSTOMER OR ANY THIRD PARTY, WHETHER IN CONTRACT OR IN TORT OR UNDER ANY OTHER LEGAL THEORY (INCLUDING, WITHOUT LIMITATION, STRICT LIABILITY OR NEGLIGENCE), FOR ANY INDIRECT, INCIDENTAL, SPECIAL, PUNITIVE, LIQUIDATED, OR CONSEQUENTIAL DAMAGES OF ANY KIND (INCLUDING WITHOUT LIMITATION DOWNTIME, LOSS OF PROFIT OR REVENUE, LOSS OF DATA, LOSS OF OPPORTUNITY, DAMAGE TO GOODWILL, ENHANCED DAMAGES, MONETARY REQUESTS RELATING TO RECALL EXPENSES AND REPAIRS TO PROPERTY, AND/OR DAMAGES CAUSED BY DELAY), OR IN ANY WAY RELATED TO OR ARISING FROM CUMMINS' SUPPLY OF EQUIPMENT UNDER THIS AGREEMENT OR THE USE OR PERFORMANCE OF EQUIPMENT SUPPLIED UNDER THIS AGREEMENT. IN NO EVENT SHALL CUMMINS' LIABILITY TO CUSTOMER OR ANY THIRD PARTY CLAIMING DIRECTLY THROUGH CUSTOMER OR ON CUSTOMER'S BEHALF UNDER THIS AGREEMENT EXCEED THE TOTAL COST OF EQUIPMENT SUPPLIED BY CUMMINS UNDER THIS AGREEMENT GIVING RISE TO THE CLAIM. BY ACCEPTANCE OF THIS AGREEMENT, CUSTOMER ACKNOWLEDGES CUSTOMER'S SOLE REMEDY AGAINST CUMMINS FOR ANY LOSS SHALL BE THE REMEDY PROVIDED HEREIN.

17. DEFAULT; REMEDIES. Customer shall be in breach and default if: (a) any of the payments or amounts due under this Agreement are not paid; (b) Customer fails to comply, perform, or makes any misrepresentation relating to any of the Customer's obligations or covenants under this Agreement; or (c) prior to full payment of the balance due, Customer ceases to do business, becomes insolvent, makes an assignment for the benefit of its creditors, appoints a receiver, commences an action for dissolution or liquidation, or becomes subject to bankruptcy proceedings, or the Equipment is attached, levied upon, seized under legal process, is subjected to a lien or encumbrance, or transferred by operation of law or otherwise to anyone other than Cummins. Upon the occurrence of any event of Customer's default, Cummins, at its sole option and without notice, shall have the right to exercise concurrently or separately any one or all of the following remedies, which shall be cumulative and not alternative: (a) to declare all sums due, and to become due, under this Agreement immediately due and payable; (b) to commence legal proceedings, including collection actions and specific performance proceedings, to enforce performance by Customer of any and all provisions of this Agreement, and to be awarded damages or injunctive relief for the Customer's breach; (c) to require the Customer to deliver the Equipment to Cummins' branch specified on the face of this Agreement; (d) to exercise one or more of the rights and remedies available to a secured party under applicable law; and (e) to enter, without notice or liability or legal process, onto any premises where the Equipment may be located, using force permitted by law, and there to disconnect, remove and repossess the Equipment, the Customer having waived further right to possession after default. A waiver of any event of default by Cummins shall not be a waiver as to any other or subsequent default.

18. CUSTOMER REPRESENTATIONS; RELIANCE. Customer is responsible for obtaining, at its cost, permits, import licenses, and other consents in relation to the Equipment, and if requested by Cummins, Customer shall make these permits, licenses, and consents available to Cummins prior to shipment. Customer represents that it is familiar with the Equipment and understands operating instructions and agrees to perform routine maintenance services. Until the balance is paid in full, Customer shall care for the Equipment properly, maintain it in good operating condition, repair and appearance; and Customer shall use it safely and within its rated capacity and only for purpose it was designed. Even if Customer's purchase of Equipment from Cummins under this Agreement is based, in whole or in part, on specifications, technical information, drawings, or written or verbal advice of any type from third parties, Customer has sole responsibility for the accuracy, correctness and completeness of such specifications, technical information, drawings, or advice. Cummins make no warranties or representations respecting the accuracy, correctness and completeness of any specifications, technical information, drawings, advice or other information provided by Cummins. Cummins makes no warranties or representations respecting the suitability, fitness for intended use, compatibility, integration or installation of any Equipment supplied under this Agreement. Customer has sole responsibility for intended use, for installation and design and performance where it is part of a power, propulsion, or other system. Limitation of warranties and remedies and all disclaimers apply to all such technical information, drawings, or advice. Customer acknowledges and agrees by accepting delivery of the Equipment that the Equipment purchased is of the size, design, capacity and manufacture selected by the Customer, and that Customer has relied solely on its own judgment in selecting the Equipment.

19. CONFIDENTIALITY. Each party shall keep confidential any information received from the other that is not generally known to the public and at the time of disclosure, would reasonably be understood by the receiving party to be proprietary or confidential, whether disclosed in oral, written, visual, electronic, or other form, and which the receiving party (or agents) learns in connection with this Agreement including, but not limited to: (a) business plans, strategies, sales, projects and analyses; (b) financial information, pricing, and fee structures; (c) business processes, methods, and models; (d) employee and supplier information; (e) specifications; and (f) the terms and conditions of this Agreement. Each party shall take necessary steps to ensure compliance with this provision by its employees and agents.

20. GOVERNING LAW AND JURISDICTION. This Agreement and all matters arising hereunder shall be governed by, interpreted, and construed in accordance with the laws of the State of Indiana without giving effect to any choice or conflict of law provision. The parties agree that the federal and state courts of the State of Indiana shall have exclusive jurisdiction to settle any dispute or claim

arising in connection with this Agreement or any related matter, and hereby waive any right to claim such forum would be inappropriate, including concepts of forum non conveniens.

21. INSURANCE. Upon Customer's request, Cummins will provide to Customer a Certificate of Insurance evidencing Cummins' relevant insurance coverage.

22. ASSIGNMENT. This Agreement shall be binding on the parties and their successors and assigns. Customer shall not assign this Agreement without the prior written consent of Cummins.

23. INTELLECTUAL PROPERTY. Any intellectual property rights created by either party, whether independently or jointly, in the course of the performance of this Agreement or otherwise related to Cummins pre-existing intellectual property or subject matter related thereto, shall be Cummins' property. Customer agrees to assign, and does hereby assign, all right, title, and interest to such intellectual property to Cummins. Any Cummins pre-existing intellectual property shall remain Cummins' property. Nothing in this Agreement shall be deemed to have given Customer a license or any other rights to use any of the intellectual property rights of Cummins.

24. PRICING. To the extent allowed by law, actual prices invoiced to Customer may vary from the price quoted at the time of order placement, as the same will be adjusted for prices prevailing on the date of shipment due to economic and market conditions at the time of shipment. Subject to local laws, Cummins reserves the right to adjust pricing on goods and services due to input and labor cost changes and/or other unforeseen circumstances beyond Cummins' control.

25. MISCELLANEOUS. Cummins shall be an independent contractor under this Agreement. All notices under this Agreement shall be in writing and be delivered personally, mailed via first class certified or registered mail, or sent by a nationally recognized express courier service to the addresses set forth in this Agreement. No amendment of this Agreement shall be valid unless it is writing and signed by an authorized representative of the parties hereto. Failure of either party to require performance by the other party of any provision hereof shall in no way affect the right to require such performance at any time thereafter, nor shall the waiver by a party of a breach of any of the provisions hereof constitute a waiver of any succeeding breach. Any provision of this Agreement that is invalid or unenforceable shall not affect the validity or enforceability of the remaining terms hereof. These terms are exclusive and constitute the entire agreement. Customer acknowledges that the provisions were freely negotiated and bargained for, and Customer has agreed to purchase of the Equipment pursuant to these Terms and Conditions. Acceptance of this Agreement is expressly conditioned on Customer's assent to all such Terms and Conditions. Neither party has relied on any statement, representation, agreement, understanding, or promise made by the other except as expressly set out in this Agreement. In the event Cummins incurs additional charges hereunder due to the acts or omissions of Customer, the additional charges will be passed on to the Customer, as applicable. Headings or other subdivisions of this Agreement are inserted for convenience of reference and shall not limit or affect the legal construction of any provision hereof. The Parties' rights, remedies, and obligations under this Agreement which by their nature are intended to continue beyond the termination or cancellation of this Agreement, including but not limited to the Section 16. Limitation of Liability provision contained herein, shall survive the expiration, termination, or cancellation of this Agreement.

26. COMPLIANCE. Customer shall comply with all laws applicable to its activities under this Agreement, including, without limitation, any and all applicable federal, state, and local anti-bribery, environmental, health, and safety laws and regulations then in effect. Customer acknowledges that the Equipment, and any related technology that are sold or otherwise provided hereunder may be subject to export and other trade controls restricting the sale, export, re-export and/or transfer, directly or indirectly, of such Equipment or technology to certain countries or parties, including, but not limited to, licensing requirements under applicable laws and regulations of the United States, the United Kingdom and other jurisdictions. It is the intention of Cummins to comply with these laws, rules, and regulations. Any other provision of this Agreement to the contrary notwithstanding, Customer shall comply with all such applicable all laws relating to the cross-border movement of goods or technology, and all related orders in effect from time to time, and equivalent measures. Customer shall act as the importer of record with respect to the Equipment and shall not resell, export, re-export, distribute, transfer, or dispose of the Equipment or related technology, directly or indirectly, without first obtaining all necessary written permits, consents, and authorizations and completing such formalities as may be required under such laws, rules, and regulations. In addition, Cummins has in place policies not to distribute its products for use in certain countries based on applicable laws and regulations including but not limited to UN, U.S., UK, and European Union regulations. Customer undertakes to perform its obligations under this Agreement with due regard to these policies. Strict compliance with this provision and all laws of the territory pertaining to the importation, distribution, sales, promotion and marketing of the Equipment is a material consideration for Cummins entering into this Agreement with Customer and continuing this Agreement for its term. Customer represents and warrants that it has not and shall not, directly or through any intermediary, pay, give, promise to give or offer to give anything of value to a government official or representative, a political party official, a candidate for political office, an officer or employee of a public international organization or any other person, individual or entity at the suggestion, request or direction or for the benefit of any of the above-described persons and entities for the purposes of inducing such person to use his influence to assist Cummins in obtaining or retaining business or to benefit Cummins or any other person in any way, and will not otherwise breach any applicable laws relating to anti-bribery. Any failure by Customer to comply with these provisions will constitute a default giving Cummins the right to immediate termination of this Agreement and/or the right to elect not to recognize the warranties associated with the Equipment.

Customer shall accept full responsibility for any and all civil or criminal liabilities and costs arising from any breaches of those laws and regulations and will defend, indemnify, and hold Cummins harmless from and against any and all fines, penalties, claim, damages, liabilities, judgments, costs, fees, and expenses incurred by Cummins or its affiliates as a result of Customer's breach.

27. To the extent applicable, this contractor and subcontractor shall abide by the requirements of 41 CFR §§ 60-1.4(a), 60-300.5(a) and 60-741.5(a). These regulations prohibit discrimination against qualified individuals based on their status as protected veterans or individuals with disabilities and prohibit discrimination against all individuals based on their race, color, religion, sex, sexual orientation, gender identity or national origin. Moreover, these regulations require that covered prime contractors and subcontractors take affirmative action to employ and advance in employment individuals without regard to race, color, religion, sex, sexual orientation, gender identity, national origin, protected veteran status or disability. The employee notice requirements set forth in 29 CFR Part 471, Appendix A to Subpart A, are hereby incorporated by reference into this contract.

Morning Meadows Subdivision

Phase 3 - We will wait until 2025 to accept the street. Last item is streetlights.

Midwest Fiber Installation

The request has been made with Mid-West for fiber to Utility owned properties, and Village owned properties. Someday the SCADA could run on fiber, cameras in the parks, and phone service at the splash pad. Waiting for a response from the email sent.

WWTP 2024 Tertiary Filters and UV Disinfection

The building's exterior is completed. Interior painting and electrical work being done. The process continues for delivery of UV equipment (January 29, 2025) to stay on schedule. Piping (stainless steel) for the filters is being manufactured for installation at the end of the month.

Stormwater Ponds Management Inspection Program

Still waiting on the completion of the report. After reviewing the reports, the reports will be distributed to pond owners along with the invoices.

Maple Fields Subdivision

We are working through punch list items with proper grade of hydrants in Phase 1. Phase 2 has the utilities, and road (first lift) installed. House construction should start soon. Staff has started reviewing the utility plans for Phase 3.

Next Generation Housing

Utility installation has started for Outlot 8 new development by Hillcrest Builders. Sanitary Sewer main has been installed along with the water main. Cold weather has stopped the project from having the watermain filled, safe sampled, and pressure tested. Once all three items are completed, then the final connection can be made. Storm sewer and private road installation would complete the site improvements.

Hickory Lane Reconstruction Project

Meetings with Gremmer & Associates and the DNR to get the plans and specs to final design have been scheduled. We are still on schedule to bid the project in February 2025.

Cedar Run Park – Dog Park Project

Staff met with MSA Engineering to create a schedule for specs and plan development. Meetings are being planned with the DNR to address concerns and finalize the schedule.

Main Street Streetlight Replacement Project

Last item is permanent banners on the poles. We are working through different designs to complete the project.

Ridgeway Drive and Chestnut Court Reconstruction Project

The bid opening occurred on Tuesday, January 21st. The bids will be reviewed at the January 2025 Board of Public Works meeting. A new letter was sent to the residents in the project area for an update on the project.

Cedar Creek Townhomes

A new housing development behind Tennies Hardware. Water Main has been installed, filled and received a safe water sample. Waiting on the pressure test. Sanitary main and laterals have been installed and waiting on testing along with televising of the sanitary sewer main. No change.

Respectfully submitted, Brian W. Kober, P.E.
