Please provide as much detailed information as possible. (Add additional pages if needed.)

Briefly explain what you are requesting to be reviewed and/or approved:

I am writing to formally express our intent to request consideration for a zoning approval for the property located at N160W19170 Sherman Road in the Village of Jackson. Our business (Elite Energy Distribution) requires a site that is Light Industrial/Manufacturing(M1) which is ideal for warehouse storage, logistics, and distribution activities. We would be owner-occupied business.

Provide a brief overview of proposed use(s) of entire property and/or lease space:

The property, N160W19170 Sherman Rd, with building(s) would be home to our warehouse/distribution and the corporate offices. As a large quantity universal waste handler, approved by the US EPA and the DNR of Wisconsin we manage almost all electronics such as laptops, PCs, servers, printers and smaller devices such as cellphones which carry a BCD, battery containing device, which we manage batteries as well. These batteries could be as small as AA alkaline batteries and as big a vehicle or forklift battery and almost everything in between.

We also are a distributor of batteries; automotive, lawn & garden, boat and many more. We sell directly to businesses and directly to consumers via our retail outlets.

Hours of Operation:

Monday – Friday 7:00am to 5:00pm

Provide a brief overview of proposed daily on-site operations:

We daily receive goods, inventory management, order picking, packaging, and shipping. Our shipping and receiving would operate forklifts. Our electronic technicians will segregate material by type and finished goods packaged in compliance with industry standards. Our battery technicians in the same way manage batteries by type and package according to industry standards. These same techs will assist in stocking and filling battery orders for our customers. We deliver our products via common carrier and our own vehicles. Administration would handle accounting, clerical tasks, scheduling and other internal and external communications.

Describe any potential environmental impacts from the proposed use including but not limited to exterior storage, noise, smoke, dust, odors, hazardous materials, vibration, horns, speakers, vehicles and equipment operation and exterior generators, HVAC, or other stationary mechanical equipment, etc.:

Since we do not handle hazardous materials, our environmental impacts are very limited. The buildings contain exterior HVAC units which seem to operate normally, we have delivery vehicles and containers that will be parked outside, and, in the future, we would like to install a backup generator in case of power failure. Regarding containers outside they would be shipping containers and commercial trailers all fully closed as to not collect water and allow for no runoff. Inside the building we have electric conveyors, box tippers, washer, forklifts, pallet jacks, air compressor. There will be no noise above the normal state, with zero smoke, dust, odors, horns or loudspeakers.

Describe all businesses, properties and other entities located adjacent to the proposed use:

The property adjacent to the west is vacant land, the property directly to the north is housing, the property to the east is 2 single family units. The property directly south across Sherman Road is a subdivision.

Describe any proposed, development, on-site improvements, or other construction/remodeling activities:

Parts of this property are unsightly and would need the following improvements: roof (4 sections), interior renovations to warehouse, upgrade bathrooms, demo old rooms which would open more warehouse space, clean, update and paint interior. Exterior would get a curb appeal; designate parking areas, trim trees and bushes, landscape, fix all man doors, overhead doors and make exterior of the building airtight by fixing siding, paint exterior, on northside of building open lot to accommodate outside storage of trucks and equipment.

Describe any proposed grading, and/or stormwater management plan:

We need a lot to park our trucks, equipment and turnabout for semi-trucks to access the docks. The location would be on the north side of the building away from any public Right-Of-Way (Encroachment). There will be dirt needed along the east side of the building to make ground level with building for landscaping purposes.

Describe any proposed landscape plan/improvements including driveways, sidewalks, vegetative plantings, etc.:

Trim existing bushes and trees to make sure they are out of right-of-way of public, pull weeds, remove overgrown/dead undergrowth from flowerbeds, mow and trim.

Describe any proposed on-site security measures including site lighting:

24-hour camera security both indoors and outdoors, with cloud base backup, and 3rd party monitoring service. Outside lighting would be on the building downward facing to illuminate pathways and parking area.

Describe any existing or proposed Life Safety Systems (Includes fire hydrants, fire suppression & fire alarm systems):

The building comes with an existing fire suppressant system and property has a fire hydrant directly in front of the property. Additional fire alarm system would be added and integrated with our security system.

Describe the projected traffic circulation and impacts:

Traffic would include our employee and customer parking (10-20 vehicles), trucks coming in and out daily (1-5). All vehicles would approach from either the east or west on Sherman Road. No trucks would park or idle on Sherman Road as the property has plenty of room to accommodate staging. Consumers will have daily access to drop off electronics. Currently we average 1-5 customers daily.

List all setbacks from rights-of-way and property lines and height limitations:

Warehouse setback is 87.51' from Sherman Road directly south and 182.37' from west property line and 649.02' to north property line. Office setback is 48.90' from Sherman Road directly south. Building height at peak is 25' and less. Height restrictions for the east side of the property due to high tension power lines but there is a 125' easement so no buildings will be built under that.

Provide status of State/Federal License(s) or Certificate(s) required for operation, if any:

US EPA site ID will be needed once occupancy permit is obtained. We currently have one at all our locations.

Does this project require other Jurisdictional Approvals from other Governmental or Regulatory entities?

NO

Describe any proposed signage including type, size, and location:

Monument sign, 5' height x 6.5' length x 1' width (reuse of existing sign on property) Location of sign is southwest of the office, in between the office and the road. See sign picture.

If construction is proposed, describe proposed exterior building materials (type, color, etc.):

The exterior façade is made up of metal and concrete. Renovations to the exterior; replacement of some of the metal panels, where needed and replace all exit doors, where needed. Paint the metal exterior gray, see paint sample. The office building has textured block, and the newer warehouse is Spancrete (concrete) so there is no need for paint. This will blend nicely with (Battleship) grey.

Describe any site-specific features/constraints, etc.:

None

Outline proposed parking requirements including number of spaces plus those dedicated for handicapped parking:

30 parking spaces for employees and visitors with 1-dedicated Handi-cap parking space. See parking plan.

Describe all proposed screening/buffering from adjacent properties (where required by ordinance):

There is an existing mound around the northwest and north side of the property line. The other half of the north boundary borders woods. The west side of the property line is bordered by bushes. The south side of the property is on Sherman Road.

Describe the proposed provisions for refuse and recycling collection/storage and required screening/buffering:

Our 8-yard containers will be placed in a containment area shielded by a fence and will be readily and easily accessible to the waste company.

Projected Sewer/Wastewater Usage: 125K gal/year

Projected Water Usage: 95K gal/year

ACKNOWLEDGEMENT & SIGNATURES

I/We hereby certify that I/We have reviewed the above Village of Jackson Plan Commission application and requirements, and hereby certify that the above information, attachments, and exhibits are complete, true and correct. I/We further understand that any missing or incomplete information may result in a delay of the review of this application. The Village reserves the right to request additional information as deemed necessary.

You MUST sign and date this Application!

Letter of Intent

To whom it may concern,

I am writing on behalf of Factory Surplus Batteries, Inc., doing business as Elite Energy Distribution, to request consideration for zoning approval for the property located at N160 W19170 Sherman Road in the Village of Jackson. Our business requires light Industrial/manufacturing (M1) site, suitable for operations such as warehousing, logistics, and distribution. Elite Energy Distribution is a registered E-cycle Collector with the Wisconsin DNR and holds multiple certifications including ISO:45001, ISO:14001, and R2V3. We manage a wide range of electronics, including laptops, PCs, servers, printers, and smaller devices such as cellphones. Additionally, we manage batteries from household alkaline to automotive types. Our distribution includes the sale of automotive, lawn and garden, and marine batteries, serving both businesses and individual consumers. Our client base includes auto-part stores and boat dealerships across the region.

We kindly request that this proposal be added to the agenda for the next Plan Commission meeting. I would greatly appreciate the opportunity to present our plans and answer any questions.

Thank you for your time and consideration.

Sincerely,
David Strange
President/CEO
Factory Surplus Batteries, Inc. (Elite Energy Distribution)

VILLAGE BOARD MEETING

Tuesday, March 10, 2026 at 7:30 PM

Minutes

1. Call to Order and Roll Call

The meeting was called to order at 7:30 PM by Pres. Heckendorf.

Members Present: Pres. Heckendorf, Tr. Emmrich, Tr. Engelhardt, Tr. Kruepke, Tr. Kurtz, Tr. Olson, and Tr. Wells

Members Excused: None

Members Absent: None

Staff Present: Administrator Jen Heidtke, Inspections and Zoning Director Collin Johnson, Parks and Recreation Director Tyler Mentzel, Treasurer Darlene Smith, Public Works Director Jack Straehler, Fire Chief Aaron Swaney, Police Chief Ryan Vossekuil and Deputy Clerk Pamela Wolf

2. Pledge of Allegiance

The Pledge of Allegiance was recited by those in attendance.

3. Public Hearings

Pres. Heckendorf opened the floor for the public hearing. Nobody present wished to speak. Pres. Heckendorf closed the public hearing.

- a. Conditional Use and Site Plan Review - W209N17391 Industrial Drive - RAD Investments, LLC, DBA UEMSI/HTV - Rick Dresang
- b. Conditional Use and Site Plan Review - W208N16945 N. Center Street - Commercial Laundry-Riley Hansen

4. Village Citizen Comment on an Agenda Item (Please sign-in with the Clerk prior to speaking. Please note this is the Village Board's monthly business meeting, not a public hearing. People wishing to speak on an item on the agenda should present their comments under this agenda item. Each commenter will be limited to a total of 2 minutes.)

None.

5. Consent Agenda

Pres. Heckendorf received no objections when requesting item 5b be addressed separately. No other board members requested any other items be addressed separately.

- a. Approval of Minutes of the Village Board Meeting of February 10, 2026
- b. Resolution #26-05 Honoring Jacob Caltagerone for Achieving Certification as a Park and Recreation Professional
- c. Resolution #26-07 Accepting Funds from the Washington County Emergency Medical Service (EMS) and Fire Grant Program

- d. 2026 Subscription Services - Economic Development of Washington County
- e. Appointment of Interim Clerk Pamela Wolf Until Such a Time the Village Board Appoints a Successor Village Clerk

The motion to approve items 5a, 5c, 5d, 5e on the consent agenda and to remove 5b to address separately, was made by Tr. Olson and seconded by Tr. Emmrich.

Vote: 7 ayes, 0 nays. Motion carried.

The motion to introduce Resolution #26-05 Honoring Jacob Caltagerone for Achieving Certification as a Park and Recreation Professional was made by Pres. Heckendorf and seconded by Tr. Wells.

Vote: 7 ayes, 0 nays. Motion carried.

Pres. Heckendorf asked Jacob Caltagerone to stand as he read Resolution #26-05 and congratulated Jacob on his accomplishment.

6. Budget and Finance Committee

- a. Review of 2022 Stormwater Pond Compliance Report and Invoicing — Request for Refund of Special Assessments

This item will be postponed for consideration at the April 14, 2026, meeting.

- b. Review of Bids - 2026 Street Improvement Projects - Eagle Drive, Hawthorn Drive, Aspen Drive, and Linden Drive

The motion to award the 2026 Street Improvement Projects of Eagle Drive, Hawthorn Drive, Aspen Drive and Linden Drive to Vinton Construction was made by Tr. Kurtz and seconded by Tr. Kruepke.

Director Straehler asked that the dollar amount and alternative two be included in the motion. Tr. Kurtz amended the motion to include the base bid and alternative two in the total amount of \$2,717,324.31, Tr. Kruepke seconded.

Vote: 7 ayes, 0 nays. Motion carried.

- c. Review Construction Engineering Services Agreement - Cedar Corporation - 2026 Street Improvement Projects - Eagle Drive, Hawthorn Drive, Aspen Drive, and Linden Drive

The motion to approve the construction inspection and contract administration services agreement from Cedar Corporation for the 2026 Street Improvement Projects of Eagle Drive, Hawthorn Drive, Aspen Drive and Linden Drive in an amount not to exceed \$275,000.00 was made by Tr. Olson and seconded by Tr. Kurtz.

Vote: 7 ayes, 0 nays. Motion carried.

- d. Review Professional Services Proposal - HydroCorp - 2026/2027 Cross-Connection Inspections

The motion to approve the professional services proposal from HydroCorp for the 2026/2027 village-wide commercial and industrial cross-connection inspections in the amount of

\$31,574.49 was made by Tr. Engelhardt and seconded by Tr. Wells.

Vote: 7 ayes, 0 nays. Motion carried.

- e. Resolution #26-08 Providing for the Sale of Approximately \$3,430,000 General Obligation Promissory Notes, Series 2026A

Ariana Schmidt, with Ehler's, was present. She provided an overview of the pre-sale report (bids are coming in lower) as well as the timeline and process involved.

The motion to approve Resolution #26-08 Resolution providing for the Sale of Approximately \$3,430,000 General Obligation Promissory Notes, Series 2026A, was made by Tr. Olson and seconded by Tr. Kruepke.

Vote: 7 ayes, 0 nays. Motion carried.

- f. Resolution #26-09 Providing for the Sale of Approximately \$3,510,000 Water and Sewer System Revenue Bonds, Series 2026B

Similar to item 6e, Ariana reviewed the pre-sale forecast, timeline, and explanation of funds being dispersed amongst water, sewer and streets appropriately according to sales.

The motion to approve Resolution #26-09 Resolution Providing for the Sale of Approximately \$3,510,000 Water and Sewer System Revenue Bonds, Series 2026B, was made by Tr. Olson and seconded by Tr. Kruepke.

Vote: 7 ayes, 0 nays. Motion carried.

7. Plan Commission

- a. Review of Extra-Territorial Two-Lot Certified Survey Map - Parcels: T7_0736 and T7_073600A - Jeffrey and Ruth Smith

The motion to approve the Certified Survey Map for properties identified as Parcels: T7_0736 and T7_073600A was made by Pres. Heckendorf and seconded by Tr. Kurtz.

Vote: 7 ayes, 0 nays. Motion carried.

- b. Conditional Use and Site Plan Review — W209N17391 Industrial Drive — RAD Investments, LLC, DBA UEMSI/HTV — Rick Dresang

The motion to approve the conditional use and site plan for RAD Investments, LLC to construct a 7,040 square foot storage building was made by Tr. Wells and seconded by Tr. Engelhardt.

Vote: 7 ayes, 0 nays. Motion carried.

- c. Conditional Use and Site Plan Review - W208N16945 N. Center Street - Commercial Laundry - Riley Hansen

The motion to approve the conditional use request from Riley Hanson to operate an industrial laundry facility as submitted was made by Pres. Heckendorf and seconded by Tr. Olson.

Vote: 7 ayes, 0 nays. Motion carried.

8. Board of Public Works

None.

9. Personnel Committee

a. Review Revisions to Section 1 of the Employee Handbook - General Personnel Policies

The motion to authorize the Village Attorney and Village Administrator to review, revise and distribute to employees the updated Section 1 of the Employee Handbook was made by Tr. Kurtz and seconded by Tr. Emmrich.

Vote: 7 ayes, 0 nays. Motion carried.

10. West Bend School District

Tr. Wells provided an update.

11. Washington County Board Report

Pres. Heckendorf read a report provided by Michael Schwab, County Board Supervisor.

12. Greater Jackson Business Alliance

Director Mentzel provided an update.

13. Mid-Moraine Municipal Association Report

Tr. Olson provided an update.

14. Adjourn

The motion to adjourn the meeting was made by Tr. Emmrich and seconded by Tr. Engelhardt.

Vote: 7 ayes, 0 nays. Motion carried. The meeting adjourned at 7:58 PM.

Respectfully Submitted,

Pamela Wolf
Deputy Clerk
Village of Jackson

RESOLUTION #26-13

**A RESOLUTION ACCEPTING THE SANITARY SEWER AND WATER
SYSTEM ASSOCIATED WITH THE OAKS OF JACKSON
SUBDIVISION DEVELOPMENT**

The Village Board of the Village of Jackson, Washington County, Wisconsin, does resolve as follows:

BE IT RESOLVED that the Village hereby accepts, pursuant to the provisions of Chapter 44 of the Village Code, the Sanitary Sewer and Water System associated with The Oaks of Jackson Subdivision Development in the Village of Jackson, Washington County, Wisconsin.

**RESOLUTION PROCLAIMING ARBOR DAY
IN THE VILLAGE OF JACKSON**

The Village Board of the Village of Jackson, Washington County, Wisconsin, does resolve as follows:

WHEREAS, the Village of Jackson has been recognized as a Tree City USA by the National Arbor Day Foundation, and desires to continue its tree planting practice; and

WHEREAS, trees in our Village can increase property values, enhance the economic vitality of our business areas, and beautify our community; and

WHEREAS, trees are a renewable resource giving us paper, wood for our homes, fuel for our fires, and countless other wood products; and

WHEREAS, the planting of trees can also offer an opportunity to memorialize individuals who have passed;

NOW, THEREFORE, BE IT RESOLVED, Brian Heckendorf, President of the Village of Jackson, Washington County, Wisconsin, hereby proclaims Friday, April 24, 2026, as Arbor Day in the Village of Jackson.

BE IT FURTHER RESOLVED, staff is directed to plant a tree in Jackson Park in the Village of Jackson. I also urge all citizens to plant trees to gladden the hearts and promote the wellbeing of present and future generations.

SIGN AND FLAGPOLE REMOVAL AGREEMENT

This Sign and Flagpole Removal Agreement ("Agreement") is entered into by and among the Village of Jackson, Wisconsin ("Village"), Buck Properties, LLC ("Buck"), and Steve Stiloski and Judy Boehm ("Stiloski") as of the latest date set forth below.

Recitals

- A. The Village is undertaking street improvements on Eagle Drive in 2026.
- B. A sign and flagpole commonly known as the Jackson Professional Building sign and flagpole are located within the public right-of-way in the project area.
- C. The Parties desire to confirm the terms on which the sign and flagpole will be removed and to confirm responsibility for the sidewalk special assessments associated with the project.

NOW, THEREFORE, in consideration of the above recitals, and for other good and valuable consideration, the receipt and sufficiency is acknowledged, the Parties agree as follows:

1. Removal by Village. The Village will remove the Jackson Professional Building sign and the associated flagpole from the public right-of-way. The Village shall perform such removal at no cost to Buck or Stiloski. The Village shall have no obligation to relocate, replace, rebuild, or store the sign or flagpole after removal unless the Parties later agree otherwise in writing. Upon removal, the sign and flagpole will be disposed of by the Village.

2. Access and Permission. Buck and Stiloski consent to the Village, its employees, agents, and contractors entering the project area and taking the actions reasonably necessary to perform the activities contemplated by this Agreement.

3. Electrical Condition. Buck represents that it has caused an electrician to investigate the electrical service to the sign and flagpole and that, based on that investigation, the electricity is disconnected. Buck and Stiloski acknowledge that the Village is relying on that representation in proceeding with removal. If any active electrical connection is later discovered, Buck and Stiloski will take all action necessary to disconnect the electrical service.

4. Special Assessments. As part of the 2026 Eagle Drive street improvement project, the Village may levy special assessments against Buck and against Stiloski for sidewalk improvements adjacent to their respective properties. Buck agrees to pay one hundred percent (100%) of the assessment levied against Buck's property, and Stiloski agrees

to pay one hundred percent (100%) of the assessment levied against Stiloski's property, with both upon the terms established by the Village in levying the special assessments.

5. Release of Claims Relating to Removal. In consideration of the Village's agreement to remove the sign and flagpole at no cost, Buck and Stiloski release the Village and its officers, employees, agents, and contractors from claims for property damage or other loss arising out of the removal work, except to the extent caused by the Village's willful misconduct or unlawful conduct.

6. Authority. Each person signing this Agreement represents that he or she has full authority to sign on behalf of the Party for whom he or she signs and to bind that Party to this Agreement.

7. Entire Agreement; Amendment. This Agreement states the entire agreement of the Parties on the subjects addressed herein and supersedes prior oral discussions on that subject. This Agreement may be amended only by a written instrument signed by all Parties.

8. Governing Law. This Agreement shall be governed by and construed in accordance with the laws of the State of Wisconsin.

9. Counterparts and Electronic Signatures. This Agreement may be signed in counterparts, each of which shall be deemed an original, and all of which together shall constitute one instrument. Signatures transmitted electronically or in PDF form shall be treated as original signatures for all purposes.

IN WITNESS WHEREOF, the Parties have executed this Agreement as of the dates set forth below.

STAFF MEMO

Village of Jackson Public Works

To: Brian Heckendorf, Village President
Jen Heidtke, Village Administrator

CC: Board of Public Works; Budget and Finance; Village Board

From: Jack Straehler, Director of Public Works

Subject: Review of 2022 Stormwater Pond Compliance Report and Invoicing – Request for Refund of Special Assessments - Update

Meeting Date: April 14, 2026 - Budget and Finance; Village Board

Background and Analysis:

This memo is to provide the board with an update regarding the stormwater pond compliance report and Invoicing, specifically related to the request for refund of special assessments for inspections conducted throughout the Village between 2022 and 2024.

A meeting was held with CDM Smith, the consulting engineering firm responsible for conducting the required inspections, to discuss concerns related to the quality and accuracy of the stormwater pond inspection report submitted to the Village in fall 2025. During this meeting, the firm acknowledged that revisions and edits are necessary to ensure the accuracy of the report. They agreed to complete the required updates at no cost to the Village and have submitted a revised final report.

In addition, I met with the Wisconsin Department of Natural Resources Stormwater Division to review the Village's current MS4 permit requirements. Our discussion included clarification of the required frequency for both visual inspections and depth inspections of publicly and privately owned stormwater detention and retention ponds. It is my understanding that visual inspections will be required once within the next permit term which is expected to be implemented in 2026 and be valid for a 5-year term. It is also my understanding that pond depth inspection will be required once within the next 10 years. My recommendation would be to conduct visual inspections in year four (2030) of the permit term, and depth inspection in year nine (2035).

We have received the revised report, which now includes accurate pond locations, updated contact information, relevant photographs, removal of unnecessary field notes, and revised language reflecting the Village code requirements for pond maintenance.

Based on the Board's decision, I will be submitting the updated pond inspection reports to the prospective owners, along with a cover letter that outlines the Board's determination regarding the special assessment fees and the reason for the revised inspection report. The updated report reflects recent findings, and I recommend that it be submitted to the prospective owners, with the associated fees assessed accordingly.

Additionally, based on updated information received from the Wisconsin Department of Natural Resources (DNR), a round of inspections will no longer be required in 2027. Instead, inspections will occur once during the new five-year permit term. As such, the current inspection reports remain accurate and valid and should be paid for.

Unfortunately, the report was delivered later than initially expected. As a result, some Homeowners Associations, management companies, and developers may not have budgeted for the associated fees. We understand that this may present challenges, but the fees are necessary to ensure compliance and the continued maintenance of the pond.

Please let me know if you have any questions.

JS

Recommendation:

Budget and Finance Committee recommends the Village Board approve the special assessments of fees approximately \$115,000.00 to pond owners for the 2022 pond inspections completed by CDM Smith.

To: Jack Straehler, Director of Public Works

Regarding: Stormwater Detention Pond 23

Development: Jackson Community Center

Owner: Village of Jackson

Mailing Address: N168 W19851 Main Street, Jackson, WI 53037

Pond Location: N165 W20330 Hickory Lane, Jackson WI 53037

The Village holds a Wisconsin Pollutant Discharge Elimination System (WPDES) permit for stormwater discharge into the Cedar Creek as part of the Milwaukee River watershed. This permit is required under the State of Wisconsin's Municipal Separate Storm Sewer System (MS4) regulations. As part of its permit, the Village developed a compliance report in 2017, which includes a recommendation to certify stormwater ponds every five years to maintain their water quality benefit as covered in the Village's permit.

The Village retained CDM Smith to conduct field inspections and provide engineering expertise to maintain compliance with this WPDES permit.

Throughout these field inspections, the accessibility of the pond, the pond's bank health, and inflow/outflow structure stability were observed and taken note of. Signs of erosion, excessive vegetation, inflow or outlet structure blockages, and emergency overflow obstructions are signs that a stormwater pond may not be operating as intended.

Stormwater Pond 23 located in the Community Center development was inspected on September 2, 2022. The inspection found that there was heavy vegetation on the east side of the pond that obstructed accessibility, as well as excessive vegetation around the inflow structure and emergency overflow area. The outlet structure was also not visible, possibly due to tall grass.

Per Chapter 35 of the Village of Jackson Municipal Code each pond owner (responsible party) shall maintain each stormwater pond and take corrective actions as directed by the Village Director of Public Works or designee. Corrective actions for Stormwater Pond 23 shall be:

1. Removing excess vegetation and trees from the east side of the pond to ensure the pond is accessible throughout.
2. Removing tall grass from the inflow area to ensure water is able to move through the pond and prevent flooding upstream.
3. Removing tall grass from in and around the emergency overflow to ensure water is able to move out of the pond in the case of a heavy rainfall event without causing flooding in the surrounding area.
4. Ensuring outlet structure is in good condition and is not being blocked by tall grass and other obstructions.

Failure to comply with these corrective actions may result in the Village completing the work with the costs incurred by the Village, plus interest and legal costs, being billed to the responsible party. Corrective Actions shall be completed by November 30, 2026.

Stormwater ponds are carefully designed to hold and treat runoff. Over time, the pond fills in with sediments and begins to lose its ability to remove pollutants. It is important to regularly maintain ponds not only to maintain the municipality's permit compliance, but to ensure that the pond continues to function the way it was designed, and to protect our lakes and streams.

SAMPLE

Inspection Report

Pond Number 23

Date 9/2/22

Time (Start and End)

Pond Accessibility (is the entire pond perimeter accessible by foot, is the ground safe to walk on (rocky, muddy, slippery, sandy, etc.)

East side of pond is not accessible by foot. Overgrown with tall grass, and ground appears to not be walkable. I was only able to walk around the south, west, and partial north sides. Pond is full of water but not at maximum capacity.

Bank Health (are there signs of erosion, is there excessive vegetation, are there new trees planted on the bank)

Bank is covered with tall grass, but there are no large trees growing in the bank. Surrounding area has no clear signs of erosion. Bank is narrowly sloped.

Outlet Structure (is the outlet structure visible, is the outlet structure in solid condition, is there any blockage near the outlet structure)

Cannot locate outlet structure. Perhaps it is trapped in tall grass in the area I could not reach.

Emergency Overflow Area (has the area been tampered with in any way, is there excessive impervious cover)

Emergency overflow area to the west has not been tampered with. There is tall grass growing, and there is not excessive impervious cover. Emergency overflow goes into the parking lot to the west, which is impervious. 5-6 feet of grass for overflow area with no impervious cover.

Inflow Area (can water flow freely into the pond/are there excessive blockages, is there excessive impervious cover)

Water can flow freely into the area but is slowed down by tall grasses. No excessive blockage or impervious cover preventing inflow.

To: Jack Straehler, Director of Public Works

Regarding: Stormwater Detention Pond 50

Development: TIF #7

Owner: Village of Jackson

Mailing Address: N168 W19851 Main Street
Jackson, WI 53037

Pond Location: Spruce Street, Ridgeway Drive

The Village holds a Wisconsin Pollutant Discharge Elimination System (WPDES) permit for stormwater discharge into the Cedar Creek as part of the Milwaukee River watershed. This permit is required under the State of Wisconsin's Municipal Separate Storm Sewer System (MS4) regulations. As part of its permit, the Village developed a compliance report in 2017, which includes a recommendation to certify stormwater ponds every five years to maintain their water quality benefit as covered in the Village's permit.

The Village retained CDM Smith to conduct field inspections and provide engineering expertise to maintain compliance with this WPDES permit.

Throughout these field inspections, the accessibility of the pond, the pond's bank health, and inflow/outflow structure stability were observed and taken note of. Signs of erosion, excessive vegetation, inflow or outlet structure blockages, and emergency overflow obstructions are signs that a stormwater pond may not be operating as intended.

Stormwater Pond 50 located in the TIF #7 development was inspected on November 22, 2022. The inspection found that the pond was in good condition with no excessive vegetation, erosion, or flow obstructions.

Per Chapter 35 of the Village of Jackson Municipal Code each pond owner (responsible party) shall maintain each stormwater pond and take corrective actions as directed by the Village Director of Public Works or designee. Corrective actions for Stormwater Pond 50 shall be:

1. Keeping an eye on inflow and outflow areas to ensure there are no blockages and prevent excess vegetation from obstruction flow.

Failure to comply with these corrective actions may result in the Village completing the work with the costs incurred by the Village, plus interest and legal costs, being billed to the responsible party. Corrective Actions shall be completed by November 30, 2026.

Stormwater ponds are carefully designed to hold and treat runoff. Over time, the pond fills in with sediments and begins to lose its ability to remove pollutants. It is important to regularly maintain ponds not only to maintain the municipality's permit compliance, but to ensure that the pond continues to function the way it was designed, and to protect our lakes and streams.

Inspection Report

Pond Number 50

Date 11/22/22

Time (Start and End) 12:20

Pond Accessibility (is the entire pond perimeter accessible by foot, is the ground safe to walk on (rocky, muddy, slippery, sandy, etc.)

Accessible

Bank Health (are there signs of erosion, is there excessive vegetation, are there new trees planted on the bank)

No erosion, no excessive vegetation, no trees

Outlet Structure (is the outlet structure visible, is the outlet structure in solid condition, is there any blockage near the outlet structure)

Visible, solid condition, no blockages (see page 5)

Emergency Overflow Area (has the area been tampered with in any way, is there excessive impervious cover)

Ditch between ponds 49 and 50, no excessive impervious cover (see page 4)

Inflow Area (can water flow freely into the pond/are there excessive blockages, is there excessive impervious cover)

No excessive blockages or impervious cover

STAFF MEMO

Village of Jackson Public Works

To: Brian Heckendorf, Village President
Jen Heidtke, Village Administrator

CC: Board of Public Works; Budget and Finance; Village Board

From: Jack Straehler, Director of Public Works

Subject: Pay Request #2 - Final - 2025 Oaks of Jackson Surface Course - Spruce Street and Ridgeway Drive - Stark Pavement Corporation in the amount of \$5,329.19

Meeting Date: March 31, 2026 – Board of Public Works

Background and Analysis:

This memo is to inform the Board of Pay Request #2 - Final for Stark Pavement Corporation in the amount of \$5,329.19 for work completed on the Oaks of Jackson Surface Course - Spruce Street and Ridgeway Drive Project.

The work has been reviewed and verified for accuracy and completion in accordance with the project contract documents and schedule.

Funding for this payment will come from Account Number:
670-00-56700-000-000 (TID #7 Miscellaneous TID Expense)

If you have any questions, please let me know.

JS

Recommendation:

Board of Public Works recommends the Budget and Finance Committee and Village Board approve Pay Request #2 - Final for Stark Pavement Corporation in the amount of \$5,329.19.

February 23, 2026

Village of Jackson
N168 W20733 Main Street
PO Box 637

Attn: Mr. Jack Straehler II, Director of Public Works

Subject: Contractor's Application for Payment No. 2 (Final)
Spruce, Ridgeway, Oaks of Jackson Surface Course
Cedar Project No. 05789-0023

Dear Mr. Straehler:

We have reviewed the above-referenced project and find it in order. Therefore, it is our recommendation that the Village of Jackson issue final payment associated with the Spruce, Ridgeway, Oaks of Jackson Surface Course project.

Enclosed for your use in payment to Stark Pavement Corp in the amount of \$5,329.19 is Contractor's Application for Payment No. 2 (Final). Also enclosed are the following documents:

- Final Lien Waivers
- Consent of Surety to Final Payment
- Contractor Certificate of Completed Operations Insurance

Following your review and approval, please complete the application for payment form within the areas reserved for the Owner. Thereafter, retain one copy for your records, provide the second copy to the Contractor with payment, and provide the third copy to our office.

Should you have any questions, please feel free to contact me at our Cedarburg office.

Sincerely,

CEDAR CORPORATION

Douglas T. Kroes
Senior Construction Manager

MERCHANTS
BONDING COMPANY™
POWER OF ATTORNEY

Know All Persons By These Presents, that MERCHANTS BONDING COMPANY (MUTUAL) and MERCHANTS NATIONAL BONDING, INC., both being corporations of the State of Iowa (herein collectively called the "Companies") do hereby make, constitute and appoint, individually,

Lynn Dvergsten

their true and lawful Attorney(s)-in-Fact, to sign its name as surety(ies) and to execute, seal and acknowledge any and all bonds, undertakings, contracts and other written instruments in the nature thereof, on behalf of the Companies in their business of guaranteeing the fidelity of persons, guaranteeing the performance of contracts and executing or guaranteeing bonds and undertakings required or permitted in any actions or proceedings allowed by law.

This Power-of-Attorney is granted and is signed and sealed by facsimile under and by authority of the following By-Laws adopted by the Board of Directors of Merchants Bonding Company (Mutual) on April 23, 2011 and amended August 14, 2015 and adopted by the Board of Directors of Merchants National Bonding, Inc., on October 16, 2015.

"The President, Secretary, Treasurer, or any Assistant Treasurer or any Assistant Secretary or any Vice President shall have power and authority to appoint Attorneys-in-Fact, and to authorize them to execute on behalf of the Company, and attach the seal of the Company thereto, bonds and undertakings, recognizances, contracts of indemnity and other writings obligatory in the nature thereof."

"The signature of any authorized officer and the seal of the Company may be affixed by facsimile or electronic transmission to any Power of Attorney or Certification thereof authorizing the execution and delivery of any bond, undertaking, recognizance, or other suretyship obligations of the Company, and such signature and seal when so used shall have the same force and effect as though manually fixed."

In connection with obligations in favor of the Florida Department of Transportation only, it is agreed that the power and authority hereby given to the Attorney-in-Fact includes any and all consents for the release of retained percentages and/or final estimates on engineering and construction contracts required by the State of Florida Department of Transportation. It is fully understood that consenting to the State of Florida Department of Transportation making payment of the final estimate to the Contractor and/or its assignee, shall not relieve this surety company of any of its obligations under its bond.

In connection with obligations in favor of the Kentucky Department of Highways only, it is agreed that the power and authority hereby given to the Attorney-in-Fact cannot be modified or revoked unless prior written personal notice of such intent has been given to the Commissioner-Department of Highways of the Commonwealth of Kentucky at least thirty (30) days prior to the modification or revocation.

In Witness Whereof, the Companies have caused this instrument to be signed and sealed this 12th day of February, 2026.

MERCHANTS BONDING COMPANY (MUTUAL)
MERCHANTS NATIONAL BONDING, INC.

By *Larry Taylor*
President

STATE OF IOWA
COUNTY OF DALLAS ss.

On this 12th day of February, 2026, before me appeared Larry Taylor, to me personally known, who being by me duly sworn did say that he is President of MERCHANTS BONDING COMPANY (MUTUAL) and MERCHANTS NATIONAL BONDING, INC.; and that the seals affixed to the foregoing instrument are the Corporate Seals of the Companies; and that the said instrument was signed and sealed in behalf of the Companies by authority of their respective Boards of Directors.

THIS ENDORSEMENT CHANGES THE POLICY. PLEASE READ IT CAREFULLY.

ADDITIONAL INSURED – CONTRACTOR'S BLANKET (BROAD FORM)

This endorsement modifies insurance provided under the following:

COMMERCIAL GENERAL LIABILITY COVERAGE PART

- A. WHO IS AN INSURED (Section II)** is amended to include as an additional insured any person or organization whom you are required to add as an additional insured on this policy under a written contract or written agreement.

The written contract or written agreement must be:

1. Currently in effect or becoming effective during the term of this policy; and
2. Executed prior to the "bodily injury," "property damage," "personal injury and advertising injury."

- B.** The insurance provided to the additional insured is limited as follows:

1. That person or organization is only an additional insured with respect to liability arising out of:
 - a. Your premises;
 - b. "Your work" for that additional insured; or
 - c. Acts or omissions of the additional insured in connection with the general supervision of "your work."
2. The Limits of Insurance applicable to the additional insured are those specified in the written contract or written agreement or in the Declarations for this policy, whichever is less. These Limits of Insurance are inclusive and not in addition to the Limits of Insurance shown in the Declarations.

3. Except when required by written contract or written agreement, the coverage provided to the additional insured by this endorsement does not apply to:

- a. "Bodily injury" or "property damage" occurring after:

- (1) All work on the project (other than service, maintenance or repairs) to be performed by or on behalf of the additional insured at the site of the covered operations has been completed; or
- (2) That portion of "your work" out of which the injury or damage arises has been put to its intended use by any person or organization other than another contractor or subcontractor engaged in performing operations for a principal as part of the same project.

- b. "Bodily injury" or "property damage" arising out of acts or omissions of the additional insured other than in connection with the general supervision of "your work."

4. The insurance provided to the additional insured does not apply to "bodily injury," "property damage," "personal injury and advertising injury" arising out of an architect's, engineer's, or surveyor's rendering of or failure to render any professional services including;

- a. The preparing, approving, or failing to prepare or approve maps, shop drawings, opinions, reports, surveys, field orders, change orders or drawings and specifications; and
- b. Supervisory, or inspection activities performed as part of any related architectural or engineering activities.

A070654

effective 4/1/2025

- C. As respects the coverage provided under this endorsement, Paragraph **4.b. SECTION IV - COMMERCIAL GENERAL LIABILITY CONDITIONS** is amended with the addition of the following:

4. Other insurance

b. Excess insurance

This insurance is excess over:

Any other valid and collectible insurance available to the additional insured whether primary, excess, contingent or on any other basis unless a written contract specifically requires that this insurance be either primary or primary and noncontributing. Where required by written contract, we will consider any other insurance maintained by the additional insured for injury or damage covered by this endorsement to be excess and noncontributing with this insurance.

When this insurance is excess, as a condition of coverage, the additional insured shall be obligated to tender the defense and indemnity of every claim or suit to all other insurers that may provide coverage to the additional insured, whether on a contingent, excess or primary basis.

STAFF MEMO

Village of Jackson Public Works

To: Brian Heckendorf, Village President
Jen Heidtke, Village Administrator

CC: Board of Public Works; Budget and Finance; Village Board

From: Jack Straehler, Director of Public Works

Subject: Review Design and Engineering Services Proposal - KL Engineering - 2026 Streetlight Improvement Project - Ridgeway Drive, Chestnut Court, and Hickory Lane

Meeting Date: March 31, 2026 – Board of Public Works

Background and Analysis:

This memo is to inform the Board of a design and engineering services proposal received for the 2026 streetlight improvement project, which will cover Ridgeway Drive, Chestnut Court, and Hickory Lane, following the completion of the 2025 street improvement projects.

KL Engineering has been assisting Gremmer & Associates and the Village in incorporating streetlights into the 2026 street improvement projects on Hawthorn Drive, Aspen Drive, Linden Drive, and Eagle Drive.

The proposal submitted by KL Engineering includes design and permitting services, project bidding assistance, onsite inspections, and contract administration for a total of \$30,000.00. In addition, construction inspection services will be provided on a time-and-materials basis, not to exceed \$9,186.00.

This project is necessary because Village-owned streetlights were not included in the 2025 street improvement projects. Adding these streetlights aligns with Village standards and prior recommendations from the Village Board. An engineer's construction estimate has been prepared, totaling \$375,000.00; please refer to the attached document for a detailed breakdown.

It is my recommendation that the Board move forward with KL Engineering's proposal to design and install Village-owned streetlights within the 2025 street improvement project limits, specifically for Ridgeway Drive, Chestnut Court, and Hickory Lane.

Please let me know if you have any questions.

JS

Recommendation:

Board of Public Works recommends the Budget and Finance Committee and Village Board approve the engineering services proposal from KL Engineering, amount not to exceed \$39,186.00.

Jack B. Straehler II
Director of Public Works
Village of Jackson
W194 N16660 Eagle Drive
Jackson, WI 53037

RE: Proposal for Engineering Services – Ridgeway Dr & Hickory Ln Corridors, Village of Jackson

Dear Jack:

KL Engineering, Inc. is pleased to provide you with this proposal to perform street lighting design services for the Ridgeway Dr corridor between Georgetown Drive and Willow Ridge Drive, including Chestnut Court, as well as the Hickory Lane corridor between Pine Drive and the Cedar Creek Bridge in the Village of Jackson. The following attachments are included with this letter and should be considered part of our contract for engineering services:

- Attachment A – Contract Assumptions & Scope of Service
- Attachment B – Billing Schedule
- Attachment C – General Terms and Conditions
- Attachment D – Project Map

The cost for the services specified above will be billed as Lump Sum or as Time & Expense (T&E) in accordance with the KL Billing Schedule as shown below:

- | | |
|--|----------------------|
| • Lighting Design, Delivery and Administration | \$30,000.00 Lump Sum |
| • If-Authorized – Construction Services | \$9,186.00 T&E |

The cost for the authorized services specified above will be billed on a lump sum basis with a total cost of **\$30,000.00**.

Additional if-authorized services as specified in the contract scope can be completed under subsequent written authorization from the Village of Jackson prior to starting work. Authorized additional services will be billed on an hourly basis according to KL's billing schedule, included as Attachment B, with a maximum cost of **\$9,186.00**.

Basis of Payment and General Conditions

This work shall be completed in accordance with the attached General Terms and Conditions, which shall be considered a part of this contract upon the written approval indicated below. KL Engineering will submit monthly invoices for work completed under this proposal. Village of Jackson will reimburse KL Engineering within 30 days from the date of the invoice.

Our professional services will be performed, our findings obtained, and our recommendations prepared in accordance with generally accepted engineering principles and practices. No other warranty, either expressed or implied, is made.

We look forward to working with you on this project. Please let us know if you have any questions regarding this proposal. You may indicate your approval for us to proceed with the specific tasks by signing the appropriate section of this proposal and returning it to us.

Sincerely,
KL Engineering, Inc.

Jake Joyal, P.E.

Engineering Services Contract Assumptions and Scope of Services

Street Lighting Design Services

Ridgeway Drive and Hickory Lane

Jackson, Wisconsin

March 19, 2026

This document describes contract assumptions and provides a scope of services to perform street lighting design services for the Ridgeway Dr corridor between Georgetown Drive and Willow Ridge Drive, including Chestnut Court, as well as the Hickory Lane corridor between Pine Drive and the Cedar Creek Bridge, in Jackson, Wisconsin. This scope of services consists of street lighting design and PS&E.

Project Background

- The scope of this project is based on a conversion from WE Energies utility scale lighting, to Village owned streetlighting on the following corridors:
 - Ridgeway Dr corridor between Georgetown Drive and Willow Ridge Drive, including Chestnut Court. Approximately 0.3 miles.
 - Hickory Lane corridor between Pine Drive and the Cedar Creek Bridge. Approximately 0.4 miles.
- This contract is based on completing preliminary design, final design, and PS&E in accordance with Village of Jackson requirements.
- This contract includes project management, lighting and electrical design and plans, bidding administration, and submittal of any permits necessary to complete the work.
- The preliminary project schedule is as follows, based on a notice to proceed of 4/14/26:
 - Draft Plans: 5/15/2026
 - Advertisement: Mid-June, 2026
 - Construction Start: 8/1/2026

Design Assumptions

- Existing lighting systems are owned and maintained by WE Energies. The utility company will be responsible for removal of their facilities within the project area.
- Proposed lighting systems are assumed to be owned by the Village of Jackson.
- The lighting unit make and model shall consist of the following:
 - Luminaire
 - RDA Lighting
 - Helix1-LED100A60-B-3K-T3-BK-DIM-PC-SP10
 - Set selectable lumen output to high (14,400 lumens)
 - Pole
 - 33' Direct Bury pole, fiberglass, smooth tapered, powder coated black
 - Thickness sized in accordance with manufacturer recommendation for corresponding equipment and wind loading requirements.
 - Furnish and install an externally protruding ground lug for utility locate purposes.
 - Arm
 - 72" single member arm, powder coated black
 - Clamp sized for compatibility with pole
- KL Engineering will provide guidance for performance metrics based on the roadway classification and geometry. A lighting alternative analysis is not included with this contract but can be completed via amendment.
- The estimate shall include the costs for the contractor to furnish and install all lighting equipment.
- Electrical infrastructure will be designed for overhead lighting and will not include accessories such as banner arms, receptacles or holiday decorations.
- This contract assumes that the electrical service can be extended from the existing streetlight at the Ridgeway Dr and Georgetown Dr intersection, and that a new service will not need to be coordinated for the Ridgeway Dr corridor.

- This contract assumes that the electrical service can be extended from the recent KL designed streetlighting system, controlled with a meter pedestal at the Hickory Dr and Aspen Dr intersection, and that a new service will not need to be coordinated for the Hickory Dr corridor North of the Cedar Creek Bridge.
- This contract assumes that aerial mapping will be used to provide plan background reference, sufficient for construction.
- This contract assumes that utility mapping will be performed by requesting diggers hotline planning tickets for PDF mapping of the project area, which will be transcribed to the plans in CAD. Field Survey is not included with this contract.
- Construction engineering inspection services are included in this contract as an if-authorized scope of services.

Scope of Engineering Services

- Preliminary Engineering
 - Includes one (1) site inspection and review.
 - Prepare removal plans showing existing infrastructure based on aerial mapping and field review.
 - Complete illumination modeling to assist the Village of Jackson with luminaire selection and create up to one (1) layout concept.
 - Coordinate with the utility for up to one (1) new electrical service if the Ridgeway system cannot be expanded.
 - WisDOT lighting permits are not required for this project.
 - Prepare a preliminary construction cost estimate.
- Design Engineering
 - Finalize lighting layout and document anticipated performance.
 - Complete electrical infrastructure design for conduits, junction boxes, and controls.
 - Complete voltage drop capacity calculations and circuiting.
- Meetings
 - Includes one (1) internal kick-off meeting.
 - Includes up to two (2) design review virtual meetings, for draft and final submittals.
 - Includes one (1) pre-construction meeting, assumed to be held virtually
- Bidding
 - Includes facilitation of project advertisement via the Quest bidding service.
 - This proposal is based on completing a plan set and bidding documents for one (1) letting.
 - Deliverables
 - Lighting Removal Plans
 - Lighting plans
 - Electrical specifications
 - Summary of bid items
 - Construction Estimate
 - Project Manual for Bidding

Scope of Post-Let Services

- Technical Support
 - This proposal includes up to four (4) hours for administrative and technical support to review equipment submittals for contractor approval.
 - This proposal includes up to eight (8) hours for technical support during construction to address inquiries regarding design intent, reviewing construction change requests, and teleconferences.

Scope of Construction Inspection Services – If Authorized

- Provide on-site electrical inspection
 - Electrical inspection may be provided on a part time basis, at major milestones as described below.
 - This contract assumes the following major milestones for inspection
 - Conduit trenching/boring – up to ten (10) hours to inspect construction methods and assist with connections to existing lighting infrastructure

- Direct Bury Pole Installation – up to ten (10) hours to confirm construction methods, ensure plumb installations, and verify equipment.
- Circuiting and fusing – up to ten (10) hours to spot check connectors, fuses and operations.
- Final punch list – up to ten (10) hours to provide final system inspection and punch list
- Scope of services includes up to twelve (12) hours of office support to coordinate milestones with the contractor, document findings, and provide technical support as needed.

Travel Expenses

Company or Personal Car Mileage IRS rate
Lodging and Subsistence at cost

Billing and Payment

Travel time is charged for work required to be performed out-of-office.

Invoicing is on a monthly basis for work performed. Payment for services is due within 30 days from the date of the invoice.

An interest charge of 1.5% per month is made on the unpaid balance starting 30 days after the date of the invoice.

This schedule of billing rates is effective November 1, 2025 and will remain in effect until October 31, 2026 unless unforeseen increases in operational costs are encountered. We reserve the right to change rates to reflect such increases.

General Terms and Conditions of the Engineering Services

1. KL Engineering, Inc. will begin engineering services upon written authorization from the Client to proceed. Receipt of a signed Agreement will be considered written authorization. For projects requiring phased services, a written authorization of approval of the prior phase and notice to proceed on the subsequent phase must be received prior to commencement of services. Phases, when applicable, shall be divided into study and report phase, preliminary design phase, final design phase and construction phase. For projects not requiring phased services, a final approval of the work is required prior to completion of the project.
2. Pursuant to the scope of the project described herein, KL Engineering, Inc. shall perform the services, which may include the preparation of design documents, all of which will be subject to Client's review and approval and all of which KL Engineering, Inc. shall perform and prepare within the fee terms described herein. If Client requests revisions to the services and/or design documents, and if the same is within the scope of services, KL Engineering, Inc. shall make the requested revisions at no additional cost in accordance with the terms of this Agreement. Any revisions requested beyond the original identified scope are provided as Additional Services and will be billed according to KL Engineering, Inc.'s current billing schedule.
3. KL Engineering, Inc. will bill the Client monthly with net payment due in thirty (30) days from the date of the invoice. Past due balances shall be subject to an interest charge at a rate of 1½% per month and Client shall be responsible for the cost of collection, including attorney's fees. In addition, KL Engineering, Inc., may after, giving seven (7) days' written notice, suspend service under this Agreement and any other agreement until the Client has paid in full all amounts due for services rendered and expenses incurred, including the interest charge on past due invoices.
4. The quoted fees and scope of engineering services constitute the estimate of the fees and tasks required to perform the services as defined. This Agreement, upon execution by both parties hereto, can be amended only by written instrument signed by both parties. For those projects involving conceptual or process development service, activities often cannot be fully defined during initial planning. As the project progresses, facts uncovered may reveal a change in direction which may alter the scope of the projects and/or services. KL Engineering, Inc., will promptly inform the Client in writing of such situations so that changes in this agreement can be made as required.
5. Costs and schedule commitments under this Agreement shall be subject to change for delays caused by the Client's failure to provide specified facilities, resources, or information or for delays caused by unpredictable occurrences including, without limitation, fires, floods, riots, strikes, unavailability of labor or materials, delays or defaults by suppliers of materials or services, process shutdowns, pandemics, acts of God or the public enemy, or acts or regulations of any governmental agency. Temporary delays of services caused by any of the above which result in additional costs beyond those outlined may require renegotiation of this agreement.
6. KL Engineering, Inc., will maintain insurance coverage for: Worker's Compensation, General Liability, Auto Liability, and Professional Liability. KL Engineering, Inc., will provide information as to specific limits upon written request. If the Client requires coverages or limits in addition to those in effect as of the date of the Agreement, premiums for additional insurance shall be paid by the Client. The liability of KL Engineering, Inc., to the Client for any indemnity commitments, or for any damages arising in any way out of performance of this Agreement is limited to such insurance coverages and amounts which KL Engineering, Inc., has in effect. IN NO EVENT SHALL KL ENGINEERING BE LIABLE TO THE CLIENT OR ANY THIRD PARTY FOR ANY LOSS OF USE, REVENUE OR PROFIT OR DIMINUTION OF VALUE OR ANY CONSEQUENTIAL, INDIRECT, INCIDENTAL, SPECIAL, OR PUNITIVE DAMAGES WHETHER ARISING OUT OF BREACH OF CONTACT, TORT OR OTHERWISE. IN NO EVENT SHALL KL ENGINEERING'S AGGREGATE LIABILITY ARISING OUT OF OR RELATING TO THIS AGREEMENT EXCEED THE TOTAL OF THE AMOUNTS PAID BY THE CLIENT TO KL ENGINEERING, INC. HEREUNDER.
7. Client shall indemnify and hold harmless KL Engineering, Inc. from and against all judgments, losses, damages, and expenses (including attorney fees and defense costs) to the extent such judgments, losses, damages, or expenses are caused by any negligent act, error, or omission of Client or any person or organization for which Client has engaged or is legally liable. Upon completion of all Services, obligations, and duties provided for in this Agreement, or in the event of termination of this Agreement for any reason, the terms and conditions of this Article shall survive.
8. In the event of a dispute between KL Engineering, Inc. and Client arising out of or related to this Agreement, the aggrieved party shall notify the other party of the dispute within a reasonable time after such dispute arises. If the parties cannot thereafter resolve the dispute, each party shall nominate a senior officer of its management to meet to resolve the dispute by direct negotiation or mediation. If such negotiation fails to resolve the dispute, KL Engineering, Inc. and Client agree that all disputes between them arising out of or relating to this Agreement may be submitted to non-binding mediation or either party may take other steps to resolve the dispute. During the pendency of any dispute, the parties shall continue diligently to fulfill their respective obligations hereunder.
9. Termination of this Agreement by the Client or KL Engineering, Inc., shall be effective upon seven (7) days' written notice to the other party. The written notice shall include the reasons and details for termination. KL Engineering, Inc., will prepare a final invoice showing all charges incurred through the date of termination; payment is due as stated in paragraph 2. If the Client violates the agreements entered into between KL Engineering, Inc., and the Client or if the Client fails to carry out any of the duties contained in these terms and conditions, KL Engineering, Inc., may upon seven (7) days' written notice, suspend services without further obligation or liability to the Client unless, within such seven (7) day period, the Client remedies such violation to the reasonable satisfaction of KL Engineering, Inc.
10. Reuse of any documents and/or engineering services pertaining to this project by the Client or extensions of this project or on any other project shall be at the Client's sole risk. The Client agrees to defend, indemnify, and hold harmless KL Engineering, Inc., from all claims, damages, and expenses including attorneys' fees and costs arising out of such reuse of the documents and/or engineering services by the Client or by others acting through the Client.
11. KL Engineering, Inc. is allowed to maintain for its own use and reference, its research and development and associated technologies it develops during the course of this Agreement and/or resulting from the performance of its services. Furthermore, KL Engineering, Inc. has created or acquired rights in certain intellectual property prior to this Agreement or unrelated to the services. KL Engineering, Inc. retains all ownership rights in this intellectual property, including all improvements, modifications, enhancements, and derivatives thereof.
12. KL Engineering, Inc., will provide engineering services in accordance with generally accepted professional practices. KL Engineering, Inc., does not make any warranty or guarantee, expressed or implied, nor have any agreement or contract for services subject to the provisions of any Uniform Commercial Code. Similarly, KL Engineering, Inc., will not accept those terms and conditions offered by the Client in its purchase order, requisition, or notice of authorization to proceed, except as set forth herein or expressly agreed to in writing. Written acknowledgement of receipt, or the actual performance of services subsequent to receipt of such purchase order, requisition, or notice of authorization to proceed is specifically deemed not to constitute acceptance of any terms or conditions contrary to those set forth herein. The terms herein shall exclusively govern the services to be provided by KL Engineering, Inc. to Client.
13. KL Engineering, Inc., intends to serve as the Client's professional representative for those services as defined in this Agreement, and to provide advice and consultation to the Client as a professional. Any opinions of probable project costs, reviews and observations, and other decisions made by KL Engineering, Inc., for the Client are rendered on the basis of experience and qualifications and represents the professional judgment of KL Engineering, Inc. However, KL Engineering, Inc., cannot and does not guarantee that proposals, bids or actual project or construction costs will not vary from the opinion of probable cost prepared by it. Client agrees to hold KL Engineering, Inc., harmless for any claim arising out of or related in any way to project or construction costs.
14. This Agreement shall not be construed as giving KL Engineering, Inc., the responsibility or authority to direct or supervise construction means, methods, techniques, sequence, or procedures of construction selected by the contractors or subcontractors or the safety precautions and programs incident to the work of the contractors or subcontractors.
15. This Agreement shall be construed and interpreted in accordance with the laws of the State of Wisconsin.
16. This Agreement cannot be changed or terminated orally. No waiver of compliance with any provision or condition hereof should be effective unless agreed in writing duly executed by the parties hereto.
17. This agreement contains the entire understanding between the parties on the subject matter hereof and no representations, inducements, promises or agreements not embodied herein (unless agreed in writing duly executed) shall be of any force or effect, and this agreement supersedes any other prior understanding entered into between the parties on the subject matter hereof.

TECHNICAL MEMORANDUM

To: Jack Straehler II
Village of Jackson

From: Jake Joyal, P.E.
KL Engineering, Inc.

Date: March 20, 2026

Subject: Construction Estimate – Ridgeway Dr & Hickory Ln Corridors, Village of Jackson

KL Engineering has assembled an estimate of probable construction costs for the potential lighting improvements along the Ridgeway Drive and Hickory Lane corridors. The estimate considered installation of lighting on Ridgeway Dr from Georgetown Drive and Willow Ridge Drive, including Chestnut Court, as well as the Hickory Lane corridor between Pine Drive and the Cedar Creek Bridge in the Village of Jackson.

The estimate was completed using bid prices from the recently bid Eagle Drive lighting project. KL Engineering scaled the cost of the Eagle Drive project to match the length of the proposed Ridgeway Drive and Hickory Lane lighting project. Additionally, several items were removed from the Eagle Drive project estimate because they were unique to that corridor. Assumptions included using the same type of lighting fixtures and underground structures, and that directional boring will not be required to install conduit.

The total estimated cost of construction is **\$375,000**. A draft breakdown of quantities and items are provided in **Table 1**.

Table 1. Estimated Cost of Construction

CONSTRUCTION COST	ITEM #	QUANTITY	UNIT	PRICE	AMOUNT
CONDUIT RIGID NONMETALLIC 2-INCH	500-01	8,200	LF	\$9.32	\$76,391.20
ELECTRICAL WIRE LIGHTING 6 AWG	500-04	20,500	LF	\$2.10	\$42,968.00
ELECTRICAL WIRE LIGHTING 4 AWG	500-05	41,000	LF	\$2.96	\$121,442.00
FURNISH AND INSTALL LIGHTING UNIT TYPE A	500-06	35	EACH	\$2,732.59	\$95,640.65
ELECTRICAL SERVICE METER BREAKER PEDESTAL SPECIAL	500-09	1	EACH	\$3,524.72	\$3,524.72
PULL BOXES QUAZITE 12X12X24-INCH	500-10	35	EACH	\$953.25	\$33,363.58
ESTIMATED COST					\$373,330.15

The quantities and estimate are considered approximate and are subject to change when design is completed. This estimate does not include items assumed to be incidental to the overall project such as traffic control, mobilization, and construction administration. It does not include design engineering fees.

STAFF MEMO

Village of Jackson Public Works

To: Brian Heckendorf, Village President
Jen Heidtke, Village Administrator

CC: Board of Public Works; Budget and Finance; Village Board

From: Jack Straehler, Director of Public Works

Subject: Review of Bids – 2026 Wastewater Treatment Plant Aeration Basin Upgrades

Meeting Date: March 31, 2026 – Board of Public Works

Background and Analysis:

This memo is to inform the Board of the bids received for the 2026 Wastewater Treatment Plant Aeration Basin Upgrades project.

Prior to bidding, an engineer's estimate was prepared during the design phase while the project was undergoing permitting and approval through the Wisconsin Department of Natural Resources (DNR) of approximately \$800,000.00. The Village budgeted \$880,000.00. Three bids were received for the project, with the low bid at \$1,247,000 and the high bid at \$1,600,889. Unfortunately, all three bids exceeded the engineer's estimate and what the Village budgeted for this project.

It was originally anticipated that this project would be funded using cash from the Sewer Utility Fund and later reimbursed through the Clean Water Fund Loan as part of the 2027 project financing.

Given the relatively small size of this project, it may be prudent to defer the work and incorporate it into next year's wastewater treatment plant projects. By combining it with other planned improvements, the larger project scope may attract more bidders and result in more competitive pricing.

Deferring the project would also avoid the need to utilize cash from the Sewer Utility Fund in 2026. Both the 2026 Aeration Basin Upgrades project and the planned 2027 Service Building Upgrades project could be funded fully through the Clean Water Fund Loan.

Please let me know if you have any questions.

JS

Recommendation:

Board of Public Works recommends the Budget and Finance Committee and Village Board reject bids and have it included with the 2027 service building upgrades project.

March 17, 2026

Village of Jackson
W194 N16660 Eagle Drive
Jackson, WI 53037

Attention: Jack Straehler – Director of Public Works

Subject: Analysis of Bids and Recommendation for Award of Contract
2026 Wastewater Improvements Aeration Basin

Bid Deadline: March 11, 2026 at 1:00 p.m. local time

Ladies and Gentlemen:

The purpose of this letter is to analyze the bids received for the Aeration Basin Improvements project. This project involves removal of the existing aeration equipment, raising the concrete walls of the two tanks by 4-foot, the installation of new aeration equipment, the addition of equipment platforms, electrical modifications to the structure and site, and the removal and replacement of the existing sidewalks around the basins.

The pre-bid estimate for the base bid was \$916,300, and the original budget set for the construction of these improvements was \$800,000. Twenty-two general contractors, subcontractors, and material suppliers requested sets of the plans, specifications and bidding documents. Three contractors submitted bids.

A summary of the bids is as follows:

Contractor	Base Bid
Rhode Brothers, Inc.	\$1,247,000.00
Staab Construction Corporation	\$1,373,000.00
J.H. Hassinger Construction	\$1,600,889.00

All of the bids were properly submitted. The low bidder is Rhode Brothers, Inc. of Plymouth, Wisconsin, an experienced mechanical contractor that completed a project last year for the Village as part of the Tertiary Filter and UV Disinfection Project. The bid prices are significantly higher than the original budget due to an abundance of projects currently available in the water / wastewater facilities market, as well as underestimated costs for specific items including the underground piping, electrical/instrumentation, and concrete work.

We understand that the Village budgeted \$880,000 for this project and does not currently have the cash available to fund these improvements at this price. The Village had intended to roll this project into a 2027 Clean Water Fund Loan Project but funds for that program will not be available until the 2027 Service Building Improvements project is bid, awarded, and the CWF loan closing completed next year. Due to the lack of cash

funding and the project being significantly over budget, we recommend that the Village consider not awarding a contract for this project and instead rebid this work as part of the Service Building Improvements next year.

If the Village elects to move forward with this project, the Village may need to secure interim financing from a local bank or other source to cashflow this work until the CWF loan can be secured in Spring, 2027. Rates on such loans are typically 1 point or more above market rate for up to 12 months.

The aeration basin equipment is in poor condition and in need of replacement, but it would be a calculated risk on the Village's part that this equipment can be maintained in service for another year before it is replaced. The Village may incur additional maintenance costs over the next year maintaining this equipment, but these costs may be lower than the cost of securing interim financing.

If you have any questions with respect to our thoughts on this matter, I am available at your convenience to discuss them with you.

Respectfully,
TOWN & COUNTRY ENGINEERING, INC.

Gregory J. Droessler, P.E.
Vice-President

CC: Board of Public Works; Budget and Finance; Village Board

From: Jack Straehler, Director of Public Works

Subject: Review of Bids – 2026 Street Improvements – Eagle Drive North Segment

Meeting Date: March 31, 2026 – Board of Public Works

Background and Analysis:

This memo is to inform the Board of bids received for the 2026 street improvement project of Eagle Drive, between the State Highway 60 roundabout and Living Word Lane, including the Living Word Lane roundabout.

Three contractor bids were received for this project. The work consists of milling approximately three inches of the existing pavement surface and installing two lifts of compacted asphalt binder course and surface course back in place.

This project is necessary due to the deteriorating condition of the existing pavement and the resulting poor drivability. Additionally, this section of roadway has generated a significant number of complaints.

Please see the attached bids for full detail results. Based on the bids received, it is my recommendation that the Board move forward with the proposal submitted by Stark Pavement Corporation in the amount of \$54,527.30.

Please let me know if you have any questions.

JS

Recommendation:

Board of Public Works recommends the Budget and Finance Committee and Village Board approve the bid from Stark Pavement Corporation in the amount of \$54,527.30.

2	HMA-3"	532.00	TON	\$76.40	\$40,644.80

Total Bid Price: \$54,527.30

Notes:

• **Inclusions / Exclusions:**

- All bid items are tied (unless otherwise discussed prior to bid opening).
- Bond is NOT Included
- One (1) mobilization is included. Any extra mobilizations will be charged to the contractor at \$3,000 each.
- Fine grading is included, all base course, staking and trucking by others. All base course shall be +/- 0.1' prior to Stark mobilizing.
- Stark Pavement Corp. will not be liable for liquidated damages resulting from other contractors' delays or our work not being scheduled in a timely manner.
- Prices DO NOT INCLUDE: flagging, railroad insurance, railroad flagging, traffic control, saw cutting, erosion control, clearing/grubbing, utility frame adjustments, pavement marking, signing, layout/staking, or any applicable permit fees.
- Stark requires a minimum of 1% slope to guarantee drainage. If the Owner directs construction with less than a minimum grade of 1%, it is understood and agreed that water ponding may occur and that no warranty will attach to the Work. Stark Pavement Corp. is not responsible for the redesigning of plan grades in order to establish a minimum of 1% drainage.
- As required by the Wisconsin Lien law, Stark Pavement Corporation, Inc., hereby notifies you that persons or companies furnishing labor or material for construction on your land may have lien rights on your land and buildings if not paid. Those entitled to lien rights, in addition to the undersigned, are those who contract directly with you or those who give you notice within 60 days after they first furnished labor or material for the construction. Accordingly, you will probably receive notice from those who furnish labor or material for the construction, you should give a copy of each notice received to your mortgage lender, if any. We agree to cooperate with you and your lender, if any, to see that all potential lien claimants are duly paid.
- **INSURANCE:**
Certificate of liability coverage and contractors' blanket additional insured endorsement are available upon request. Additional charges outlined below will be added to our proposal in the event the contract requires higher limits of coverage.
 - CG2010 (07/04), CG2037 (07/04), CG2010 (10/01), CG2037 (10/01): \$1,250/Per Form/Year
 - Umbrella to be primary/non-contributory ADD: \$1,000
 - Waiver of subrogation ADD: \$250
 - Pollution Liability Insurance requiring \$2,000,000 of coverage on contracts less than \$5,000,000 ADD: \$2,500
 - Pollution Liability Insurance requiring \$2,000,000 of coverage on contracts greater than \$5,000,000 ADD: \$3,500
 - Pollution Liability Insurance requiring greater than \$2,000,000 of coverage is not included & will be quoted on a per project basis
 - Professional Liability Insurance is not included & will be quoted on a per project basis
- Price reflects asphalt placement in temperatures at or above 40°F; if required by the Prime Contractor's schedule to place asphalt in temperatures lower than 40°F, Stark Pavement Corporation, Inc., will not be held liable for damage or defects attributed to temperature or other weather conditions.
- Price does not include paving work taking place between December 1st and April 15th of any year.

Payment Terms:

Payment terms of net 30 days from the date of invoice. A 1.5% service charge will be added on all past due outstanding balances. All prices are valid for no greater than 30 days.

Services

Eagle Drive Estimate

Asphalt Overlay

- Based on approximately 21,325 square feet of asphalt paving.
- Mill existing asphalt to allow for 3" of new pavement.
- Clean the existing pavement thoroughly and apply an emulsified tack coat.
- Construct a 2-course 3" compacted thickness hot mix asphalt pavement consisting of 4LT 58-28S mix design.
- Road closure and striping by others.

Total: \$62,452.18

T&C's

Heartland Paving Partners – Standard Terms & Conditions

Applicability: These Standard Terms & Conditions apply to all projects performed by Heartland Paving Partners (operating locally as Poblocki) and any of its affiliated entities or locations, collectively referred to as "HPP"

1. Scope of Work & Exclusions

Any work beyond the explicitly stated scope requires a separate written agreement.

Heartland Paving Partners (HPP) will not be responsible for:

- Damage to sealcoating caused by sprinkler systems or water runoff.
- Drainage issues resulting from existing site grades with slopes of less than 2%.
- Damage to underground utilities, sprinkler lines, or improperly buried utilities.
- Any task or work scope not specifically detailed in the approved proposal.
- Testing, inspections, permits, or associated fees unless specifically included.
- Site preparation, excavation, backfill, layout, or engineering unless explicitly listed in the proposal.
- Unforeseen site conditions including, but not limited to, hidden utilities, poor subgrade, or hazardous materials.

If these are encountered, HPP reserves the right to issue a change order for necessary additional work.

- Downtime: If work is halted due to safety concerns or site conditions beyond HPP's control (e.g., moving trains or other unforeseen interruptions), downtime will be tracked and billed at \$2,000 per hour, prorated based on actual downtime.
- Charges include labor, equipment, and trucking. Additionally, unused materials from asphalt plants caused by downtime will be billed separately. Downtime and associated costs will be reported daily to the Customer.
-

2. Project Requirements & Customer Responsibilities

The Customer shall be responsible for:

- Obtaining permits, bonds, and paying any required fees, unless specified otherwise.
- Ensuring unrestricted access to the job site, including removing vehicles and other obstructions.
- Notifying tenants and service providers about project scheduling.
- Turning off all sprinkler systems at least 24 hours before work begins, and keeping them turned off for a minimum of 48 hours after completion.
- Any required excavation, soil stabilization, or material replacement resulting from unsuitable conditions, which will be at the Customer's expense.

3. Scheduling & Delays

Project scheduling will be coordinated directly with the Customer. Delays caused by Customer actions or inactions may result in additional charges.

HPP is not responsible for delays caused by:

- Weather conditions, acts of nature, government actions, or other force majeure events.
- Delays involving third-party contractors or suppliers.
- Unanticipated site conditions requiring additional work.
- Cold, wet, or otherwise inclement weather may delay work or affect asphalt and sealcoating quality. Any work performed under adverse conditions at the Customer's explicit request is not covered by HPP's warranty.

4. Payment Terms

Payment terms and structure are as follows:

- Deposit: A deposit may be required before scheduling work.
- Progress Billing: Invoices may be issued weekly, bi-weekly, or upon project completion, based on project length and complexity.
- Final Payment: Due within 30 days from the final invoice date unless specified differently above.
- Late Payments: Outstanding balances are subject to a late payment charge of 1.5% per month (18% annually). (Note: Payment terms of net 45–60 may be available and must be agreed upon separately.)
- If payment is not received within 60 days of the invoice due date, HPP reserves the right to file a lien against the property in compliance with applicable state laws, including required notices and filing deadlines.
- Financing: Projects financed through CreditKey or other financing partners will include a one-time transaction fee of up to 3.99% of the total contract amount, payable by the Customer.
- Winter Concrete Charges: Due to additional supplier costs, all concrete materials are subject to a \$15.00/CY surcharge for work completed November 1 through April 30.

5. Warranty & Liability

HPP warrants its workmanship and materials against defects for one year from project completion.

This warranty expressly excludes:

- Normal wear and tear.
- Damage from improper use, lack of proper maintenance, or adverse weather conditions.
- Issues arising from site conditions or circumstances beyond HPP's control.
- HPP's total liability under this agreement shall never exceed the total contract amount.
- HPP will not be liable for indirect, incidental, or consequential damages, including lost profits, downtime, or business interruptions.
- Warranty repairs shall be performed at HPP's sole discretion and may involve patching, resurfacing, or other appropriate corrective measures.

6. Acceptance & Legal Considerations

- This document constitutes the complete agreement between Heartland Paving Partners and the Customer, superseding all prior written or oral agreements.
- No modifications or amendments to this Agreement will be valid unless they are documented in writing and signed by authorized representatives of both parties.
- This Agreement shall be governed by and construed according to the laws of the State of Illinois, without regard to conflicts of law principles, unless explicitly agreed otherwise in writing.
- Disputes arising under or related to this Agreement shall be resolved through arbitration or legal proceedings exclusively in DuPage County, Illinois, or the jurisdiction where the project is located, at the discretion of Heartland Paving Partners.
- Both parties explicitly waive their right to a jury trial in any dispute arising from this Agreement. The prevailing party in any arbitration or litigation arising from or related to this Agreement shall be entitled to reimbursement of reasonable attorney's fees, court costs, and related litigation expenses.

Acceptance

ACCEPTANCE OF THIS CONTRACT: The above material, scope of work and payment terms are satisfactory and hereby accepted by Customer. We therefore authorize Poblocki Paving, LLC. to proceed under the conditions of this contract. We will pay and discharge all reasonable costs, attorney's fees and expenses that shall be made and incurred by Poblocki Paving, LLC. in enforcing the provisions and covenants of this agreement. This Proposal will expire after 7 calendar days from the date of this quotation unless withdrawn, in writing, at an earlier date. All Proposed Work is subject to the Poblocki Paving, LLC. Standard Terms & Conditions page attached.

Eagle Drive Proposal

1. Sprinkler System Shutdown:
All sprinklers must be turned off 24 hours before the sealcoating application begins.
Sprinklers must remain off for 48 hours following the completion of the work to ensure the integrity of the newly applied sealcoating.
2. Vehicles left on the Premises:
All vehicles must be removed before the commencement of the job. If any vehicles are left behind, you will be required to arrange for a towing service, or you will incur an additional trip charge.
- NOTE: If your project involves Sealcoating, please note the following:
1. Stay Off Property for 24 Hours:
To allow the sealcoat to cure properly, please refrain from driving, walking, or placing any objects on the treated area for a minimum of 24 hours after the completion of the sealcoating process. This precaution helps prevent any damage or imperfections in the freshly applied sealcoat.
2. Restrictions on Large Deliveries:
Garbage trucks and other large deliveries should refrain from entering the parking lot for 48 hours prior to the scheduled sealcoating work and for 48 hours thereafter.

Dear Jack Straehler, thank you for the opportunity to provide you with this proposal. We look forward to answering any questions you may have and working with you on this project.

ASPHALT MILL & OVERLAY

\$62,218.00

Procedure to mill and overlay intersection 25,450 SF.

- Profile mill asphalt pavement to allow for 3.00 inches of new asphalt resurfacing and haul off-site.
- Sweep and clean asphalt pavement free of dust, dirt and debris and haul off-site.
- Apply tack coat (glue) prior to asphalt paving to ensure proper bond and adhesion.
- Machine lay hot mix asphalt to a compacted depth of 3.00 inches consisting of a 1.50 inch depth 3LT binder course and a 1.50 inch depth 4LT surface course.
- Layout and paint pavement markings.
- Provide traffic control.

PROPOSAL TOTAL: \$62,218.00

OPTIONAL ITEMS

CONCRETE CURB & GUTTER - REPAIR

\$6,472.00

Procedure to remove and replace 65 lineal feet of 30" Curb & Gutter (24" pan) x 6" thick" curb and gutter:

- Saw-cut, excavate, and remove existing curb & gutter.
- Shape, grade and compact base course. Include up to 1" maximum depth aggregate crushed aggregate base course for fine grading.
- Frame and pour using 4,000 psi commercial concrete mix.
- Drill and pin (if required) into adjacent concrete with 1/2" steel rebar.
- Lightly broom finish and sawcut joints.

OPTIONAL ITEMS TOTAL: \$6,472.00

This proposal is valid for thirty (30) days from the date written above. The proposal is subject to the terms and conditions enclosed, attached, and/or on the backside of the proposal.

This proposal contains confidential information belonging to the sender, which is legally privileged. The information is intended only for the use of the individual or entity named above. If you are not the intended recipient, you are hereby notified that any disclosure, copying, distribution, or the taking of any action in reliance on the contents of this proposal is strictly prohibited. If you have received this proposal in error, please immediately notify us by telephone to arrange for the return of the original documents to us.

Required payment Schedule: 25% due at time of execution of proposal, 75% due upon completion. All invoices are due 15 days after date on the invoice. Any payment not made when due shall accrue compound interest at a rate of 2% per month. Progress payments not received per this payment schedule will result in stoppage of

work. Should Customer wish to pay for this work with a credit card, a 4% markup to the total contract price including all accepted options and change orders will be added to the contract total.

Client Signature: _____ Today's date: _____

Parties: Parking Lot Maintenance, LLC, a Pave America company, ("PLM") and the Customer hereby mutually agree to be bound by these General Terms and Conditions ("Terms"), which are made part of and incorporated into the foregoing Proposal. These Terms and the Proposal including all attached pages are collectively referenced below as "the Agreement".

Terms and Conditions:

- Upon Customer's written acceptance of this proposal, the Customer accepts the project specifications and materials set forth herein. No other terms and conditions, or amendment to these terms and conditions, shall be enforceable unless set forth in writing and signed by all parties. Any refusal by the Customer to proceed with the project after acceptance of the proposal shall be deemed a material breach of this contract and Customer agrees to the recovery of damages incurred by Parking Lot Maintenance, LLC ("PLM") and/or its subcontractors for all lost profit and costs, including all planning, design, preparation, and materials identifiable to the contract.
- All permits are the Owner's responsibility prior to the commencement of the project unless PLM has specified otherwise in writing. • If PLM is unable to start or complete the proposed project due to obstructions (e.g., vehicles) or other actions of the Owner, the Owner shall be responsible for all costs associated with removing the obstruction (e.g., towing) or correcting the cause plus 30% over and above direct costs (labor, equipment) to cover PLM's overhead and profit.
- PLM shall have the right without obtaining consent from the Customer to subcontract all or any portion of PLM's Services to be provided under this Agreement. PLM shall remain responsible for the performance of any such subcontractor.
- PLM shall not be bound to any construction schedules unless agreed to in writing by Contractor. If no schedule is established, the Contractor will undertake the work during its normal operating schedule.
- **Due to the uncertainty of material pricing, for example, but not limited to: asphalt, fuel and concrete; PLM reserves the right to modify the contract price in the event the documented cost of the products increase for any reason, including tariff-related increases from the date of the proposal compared to the price at the time of contract execution.**
- If the price for any material utilized in the project increases for any reason, including tariff-related reasons by more than 10% between the contract execution date and the date that PLM purchases the material for the project, PLM shall have the right to adjust the contract price to cover the increased costs, supported by invoices and/or other supporting documentation to purchase such materials.

Exclusions: Customer acknowledges and shall be solely responsible for the following:

- Due to uncertainty with the soil conditions, if additional excavation is required due to unsuitable or unstable soils, any materials requiring to be removed at \$30/ton and replaced at \$30/ton. Final invoicing will be based on as-built quantities measured in the field and verified by load tickets.
- Unless otherwise noted in this proposal, PLM is not responsible for any damage to private electrical lines, private utilities, or anything not marked by Diggers Hotline
- PLM is not responsible for any landscape restoration related to construction activities.
- PLM is not responsible for tire marks on asphalt, sealcoat and/or concrete.
- PLM is not responsible for any damage to existing asphalt or concrete pavement from construction traffic requiring trucks and equipment to travel to perform the work outlined above.
- PLM is not responsible for property line delineation.
- All permits, engineering and testing, subgrade stabilization (undercutting), utility adjustments of underground facilities, manholes, water valves or underground structures and architectural drawings are by others including all fees associated unless otherwise agreed and noted in the above scope of work. Customer agrees to indemnify, protect and hold PLM harmless from any and all damages, expenses, attorneys' fees suffered or incurred on account of Customer's breach of any obligation or covenant of this proposal.

Site Drainage / Site Conditions:

- In the event underlying concrete, wood, other materials or unusual, unsuitable, unstable, or contaminated sub-surface conditions are discovered during excavation on the job.
- In any case where 1.5% drainage in all directions is not present or achievable, it is understood and agreed that water ponding may occur and that no warranty will attach to the paving work.
- Unless specifically stated in the description of the work to be performed, PLM is not responsible for modifying or changing the elevations of the existing asphalt or concrete to meet or exceed ADA standards or Compliance.
- PLM at its sole discretion may refuse to construct work when temperatures and moisture do not allow for a quality, warrantable finished product. When necessary, Owner/Agent will be required to sign off on a waiver of warranty which will be delivered to Owner/Agent in advance of construction with advance notice prior to construction activities.

Materials and Workmanship:

- All materials will be as specified. All work will be performed in a workmanlike manner in accordance with industry standards. PLM does not guarantee or warrant the project from cracking, whether original installation or resurfacing, and Owner understands that cracking is likely to occur. PLM is not responsible for filling cracks in existing deteriorated (alligator) areas unless otherwise specified in writing. PLM shall not be responsible for any damages based on abuse, misuse or Owner's failure to backfill edges of paved areas. All labor performed and material provided is conclusively accepted and satisfactory unless PLM is notified in writing within 5 days after project is completed. All stone, asphalt and concrete depths indicated are to be average depths after compaction.
- Although PLM will endeavor to cooperate fully with the progress of the work, it reserves the right to delay the start of work until the entire area of the job is ready to be poured, paved, or sealed. Unless otherwise noted, the total price is based on one move-in and complete access to work areas at the time of move-in. Purchaser agrees to pay Contractor \$2,500.00 for each additional move-in. The removal of vehicles from the work site is the sole responsibility of the Purchaser. Damage to vehicles left on the worksite is the responsibility of the Customer. The contractor is not responsible for crack sealant that adheres to tires. The contractor is not responsible for overspray on vehicles, curb and gutter, and all structures within 50 feet of the edge of the parking lot and or area being sealed or treated.
- Concrete projects are not guaranteed to be 100% consistent in color and depending on ambient temperature, moisture/humidity, sun/shade combinations the concrete may cure with inconsistent appearance.
- Any sealcoat project with shaded areas due to tree cover, buildings and obstructions may not cure properly or in a timely manner consistent with the remainder of the project and PLM reserves the right to not warranty these portions of the completed project.
- Customer agrees that this proposal is subject to PLM standard one (1) year warranty, on all materials and labor based on industry standards and reserves the sole right to determine the means and methods to complete any mutually agreed repairs
- Warranty is voided in the event of non-payment for any payment due based on original Proposal and any subsequent Change Orders until payment is received in full.

EXCLUSION OF CONSEQUENTIAL DAMAGES AND DISCLAIMER OF OTHER LIABILITY EXCLUSION OF CONSEQUENTIAL DAMAGES AND DISCLAIMER OF OTHER LIABILITY:

- PLM's liability with respect to any breach of this Contract or any breach of any warranty that would be found to exist shall not exceed the contract price. PLM shall not be subject to and disclaims:
- (1) Any other obligations or liabilities arising out of breach of contract or warranty, including any implied warranty of merchantability or fitness for a particular purpose
- (2) Any obligations whatsoever arising from tort claims (including negligence and strict liability) or arising under other theories of law with respect to products sold or services rendered by PLM, or any undertakings, acts or omissions relating thereto, and (3) All consequential, incidental special and/or contingent damages whatsoever. Owner agrees to indemnify and hold harmless PLM from any and all claims, liabilities, costs and expenses of any nature arising from injuries to third parties at the job site or the interruption or destruction of Owner/private underground cable, pipes or installations.

Work of Others:

- PLM shall not be liable for any damage because of any delay due to any cause beyond PLM's complete control, including but not limited to any act of God, act of Owner, embargo or other governmental act, regulation or request, fire, accident, strike, slow-down, war, riot, delay in transportation, delayed delivery by suppliers or Owner's or PLM's inability to obtain the necessary permits or licenses or comply with any other governmental regulations concerning the installation or performance.

• In the event of any such delay, the date of completion shall be extended for a period equal to the time lost by reason of the delay. Claims by Owner against PLM must be made in writing to PLM within five (5) days of knowledge of the alleged claim and failure to give such notice shall constitute unqualified acceptance and a waiver of all such claims by Owner.

Severability:

• If any of these Terms and Conditions shall be deemed illegal or unenforceable, such illegality or unenforceability shall not affect the validity and enforceability of any legal and enforceable provisions hereof which shall be construed as if such illegal and unenforceable provision or provisions had not been inserted herein, unless such illegality or unenforceability shall destroy the underlying business purpose of these Terms and Conditions.

Price and Payment:

• The prices in this proposal are PLM's prices for the goods and/or services with the Exclusion of Consequential Damages and Disclaimer of Other Liabilities, set forth above, including the disclaimer of strict liability and other tort liability, enforceable against the Owner. If Owner desires for PLM to provide a greater or additional warranty and/or to be liable for some or all of the matters disclaimed herein, then the Owner must notify PLM in writing and a new contract will be prepared which excludes this language, but which reflects higher sales prices reasonably compensating PLM for assuming that additional exposure.

• Each phase of work will be billed upon completion of that phase and payment is not contingent on 100% completion of the project.. PLM reserves the right to grant or deny credit and may withdraw credit privileges at any time, for any reason, at its own discretion. Customer agrees to pay all invoices within 15 days of the invoice date. Customer agrees to pay a service charge of 2.0% per month (24% per annum) on all past due balances and consents to the assignment of collection rights to its designated agent or assignee. Customer further agrees to pay all collection costs including reasonable attorney fees, lien fees and court fees; and herewith waives all claims or rights to claim exemptions under applicable state laws.. This contract shall be governed by the laws of the State of Wisconsin, County of Waukesha. If full payment (including aforementioned late charges) has not been received by Contractor within 45 days of substantial completion, all of Customer's warranty rights hereunder will be forfeited and automatically become void and Contractor shall be excused from further performance of work under this proposal, or any other contract with Purchaser and all amounts then due and owing, including retainage, shall become immediately payable. Should Customer wish to pay for this work with a credit card, a 4% markup to the total contract price including all accepted options and change orders will be added to the contract total.

• The pricing contained herein is based on all work being completed within 30 days of the date of this proposal unless otherwise agreed in writing. The terms for doing any work after this date may, at Contractor's option, be renegotiated between Contractor and Customer. To the extent Contractor has performed any work within 30 days of the date of this proposal, Contractor shall be compensated for all such work under the terms and conditions and including price as set forth in this proposal, including retainage, together with any costs incurred as a result of Customer delay in completion of the work. Customer agrees to compensate Contractor for ALL reasonable costs (and associated overhead and profit) for delays incurred completing the work.

NOTICE OF LIEN RIGHTS: "AS REQUIRED BY THE WISCONSIN CONSTRUCTION LIEN LAW, YOU ARE HEREBY NOTIFIED THAT PERSONS OR COMPANIES FURNISHING LABOR OR MATERIALS FOR THE CONSTRUCTION ON YOUR PROPERTY MAY HAVE LIEN RIGHTS ON YOUR LAND AND BUILDING(S) IF THEY ARE NOT PAID. THOSE ENTITLED TO LIEN RIGHTS, IN ADDITION TO THE UNDERSIGNED PRIME CONTRACTOR, ARE THOSE WHO CONTRACT DIRECTLY WITH YOU OR THOSE WHO GIVE YOU IDENTIFICATION NOTICE WITHIN SIXTY (60) DAYS AFTER THEY FIRST FURNISH LABOR AND MATERIALS FOR THE CONSTRUCTION. YOU PROBABLY WILL RECEIVE NOTICES FROM THOSE WHO FURNISH LABOR AND MATERIALS FOR CONSTRUCTION. YOU SHOULD GIVE A COPY OF EACH NOTICE YOU RECEIVE TO YOUR MORTGAGE LENDER, IF ANY. THE UNDERSIGNED PRIME CONTRACTOR AGREES TO COOPERATE WITH YOU AND YOUR LENDER, IF ANY, TO SEE THAT ALL POTENTIAL CLAIMANTS ARE DULY PAID.

PLM IS NOT RESPONSIBLE FOR PAVEMENT BREAKAGE DUE TO CONSTRUCTION TRAFFIC. PLM IS NOT RESPONSIBLE FOR DAMAGE TO OR INJURIES CAUSED BY ANY OWNER/PRIVATE INSTALLED UTILITIES, GAS, ELECTRIC, WATER, SEWER, CABLE, TELEPHONE, PIPES, LINES, CONDUITS, OR OTHER UNDERGROUND OBSTRUCTIONS, (herein "UNDERGROUND INSTALLATIONS").

• Customer shall not prematurely subject the work to any type of traffic; loads more than the design capacity before proper cure, or in a manner which may damage the work. PLM is not responsible for graffiti, tire tracks, animal, or human footprints, etc., on finished concrete/asphalt.

RESOLUTION #26-12

**PRELIMINARY RESOLUTION DECLARING INTENT TO
EXERCISE SPECIAL ASSESSMENT POLICE POWERS, UNDER
SECTION 66.0703 OF THE WISCONSIN STATUTES**

WHEREAS, the Village Board of the Village of Jackson, Washington County, Wisconsin is pursuing the construction and reconstruction of public improvements consisting of water and sanitary sewer mains; storm sewers; pavement; curb and gutter; and sidewalks and the related improvements and expenses for the benefit of the properties described on Exhibit A hereto.

BE IT RESOLVED, by the Village Board of the Village of Jackson, Washington County, Wisconsin:

1. The Village Board hereby declares its intention to exercise its police power under Section 66.0703 of the Wisconsin Statutes to levy special assessments upon the properties described in Exhibit A hereto, for special benefits conferred upon such property by the construction of public improvements consisting of water and sanitary sewer mains; storm sewers; pavement; curb and gutter; and sidewalks and the related improvements and expenses.
2. The Village Board hereby determines that the construction of such improvements is in the best interest of, and for the health and welfare of the municipality and the property benefited by the improvements and therefore constitutes an exercise of the police power.
3. The amount of such assessments shall be determined and levied upon completion of the construction of public improvements consisting of water and sanitary sewer mains; storm sewers; pavement; curb and gutter; and sidewalks and the related improvements and expenses.
4. The number of installments, rate of interest, and the terms of payment will be included in the Final Resolution after the Public Hearing; which will be held upon completion of the project, when final costs have been determined.
5. Every Special Assessment levied under this Resolution, shall be a lien against the property assessed, from the date of the Final Resolution of the Village Board determining the levy.
6. The Director of Public Works shall prepare a report consisting of the following:
 - a. Preliminary of the final plans and specifications for the Public Works.
 - b. An estimate of the entire cost of the proposed improvements.
 - c. A schedule of the proposed properties against which the assessments are to benefit.

d. A statement that each property against which the assessments are proposed, has been inspected and is benefited, setting forth the basis of such benefit.

e. Upon completion of the report, the Director of Public Works shall file a copy with the Village Clerk, and with the Village Treasurer.

7. The Village Clerk shall make a copy of the report available for public inspection.

RESOLUTION #26-17

**RESOLUTION AMENDING 2026 FEES FOR
THE VILLAGE OF JACKSON, WASHINGTON COUNTY,
WISCONSIN**

WHEREAS, the Village of Jackson is responsible to set fees for special services, penalties, and user fees established through policies and the Village Code; and

WHEREAS, these fees are referenced in the Village Code to be established by Resolution; and

WHEREAS, the enactment of 2025 Wisconsin Act 113 has resulted in increased court costs and municipal citation fees, necessitating corresponding revisions to the Village fee schedule; and

WHEREAS, the Village of Jackson maintains a Police Department to provide law enforcement services, public safety, and related administrative functions; and

WHEREAS, certain services provided by the Police Department require the collection of fees to offset administrative, personnel, and operational costs; and

WHEREAS, the Village Board has reviewed the current fee schedule and determined that updates are necessary to reflect actual costs, ensure fairness, and maintain fiscal responsibility;

WHEREAS, a list of these revised fees is attached to this Resolution; and

NOW, THEREFORE, BE IT RESOLVED that the Village of Jackson Village Board does hereby amend and implement the attached fee and penalty schedule for 2026.

	G) Commercial Refrigeration or freezer units (Each motor compressor unit)	\$15.00/each
	H) Air-Conditioning Units (each motor compressor unit)	\$20.00/each
	I) Heating unit- Furnace/Boiler/Wall unit/Magic-Pak/Electric Furnace or Heat pump	\$20.00/each
	J) Electric space heating & baseboard system	\$7.00 each
	K) Electric Appliances - Commercial & Residential- range/ oven/ dryer/ dishwasher/ disposal/ water htr.	\$10.00 each
	L) Swimming Pools (Temp. or Perm.)(includes assoc. wiring & Grounding /banding)	\$40.00 each
	M) Hydro-massage tub/ spa/ hot-tub/ sauna/ other	\$25.00 each 100A
	N) Fuel Dispensers for gasoline, oil or similar units	\$20.00 each
	O) Moving picture, x-ray machine, therapeutic apparatus & similar equipment	\$30.00 each
	P) Switches and Convenience outlets	\$0.75 each
	Q) Dimmers, Rheostats, Sensors, GFCI, AFCI, etc.	\$4.50 each
	R) Lighting Fixtures - LED/Incandescent/HID/Other	\$0.75 each
	S) Tubular Lamps (i.e. fluorescent, lumiline)	\$1.00/tube
	T) Strip lighting, track lighting, plug-in strip, trolley wire or similar	\$1.00 each
	U) Fire Alarm Systems	\$100.00 each
	V) Communication Systems (i.e. Cat 5, Coaxial, Door Bells, Security Systems, Antenna, etc.)	\$1.00 each
	W) Power receptacles over 150 volts	\$5.00 each

	X) Motors (Each motor including exhaust, paddle & vent fans)	\$5.00 each
	Y) Signs - Electric illuminated (Each Sign)(i.e. LED, Neon, Fluorescent, incandescent, other)	\$30.00 each
	Z) Power Generators & Alternate Power Systems (i.e. Photo-voltaic, Wind, etc.)	\$150.00 EACH
	AA) Miscellaneous/Other Installations, Alterations or Repairs not described above)	\$75.00/\$100.00
	Failure to call for inspection	\$75.00
	Re-Inspection Fee	First Re-inspection \$75.00, second \$100.00
	Minimum Fee	\$65.00
	FIRE DEPARTMENT	
Office Fee Section:		
	Copies of Reports - black and white no color	\$0.50/page
	Mailed Requests	Actual postage cost
	Administrative Costs	actual costs
False Alarm Section		
	False/Malfunction Alarm	First two (2) annually, no charge
	Third Alarm	\$200.00
	Fourth Alarm and Up	\$200.00 plus actual fire department costs
Miscellaneous Fee Section:		
	Commercial & Industrial Occupancy Inspection	\$25.00 rough, \$25.00 final
	Residential & Multi Family Occupancy Inspection	\$25.00 rough, \$25.00 final
	Hotel & Motel Occupancy Inspection	\$25.00 rough, \$25.00 final
	Educational & Institutional Occupancy Inspection	\$25.00 rough, \$25.00 final
	State Reimbursement for Vehicle Incidents	\$500.00 maximum
	Reimbursement for Vehicle Incidents (other)	\$500.00 maximum
	Extrication of a vehicle	\$500.00
	Event Standby	Actual cost as determined by department
	Fire Extinguisher Training (per session)	\$100.00
Regulated Fireworks/Pyrotechnics Permit Section:		
	Plan Review	\$100.00
Fire Prevention/Prevention Inspections Section:		
Plan Review	Alarm Systems - Heat, Smoke	\$100.00
	Fire Hose Racks	\$100.00
	Fire Suppression Systems - Booths, Hoods	\$100.00
	Private Fire Hydrants	\$100.00
	Private Siamese Connections	\$100.00
	Standpipe Systems	\$100.00
Devices:	Sprinkler Heads - each	\$1.00
	Smoke Detectors - each	\$1.00
	Heat Detectors - each	\$1.00
	Pull Stations - each	\$1.00
	Nozzles - each	\$1.00
	Alarm Notification Devices - each	\$1.00
Acceptance Tests:	Heat/Smoke Detection Systems	\$100.00
	Hood/Booth Suppression Systems	\$100.00
	State Approved Systems	\$100.00
	Sprinkler Systems	\$100.00
	Standpipe Systems	\$100.00
Variances:	Processing State Code Variances	\$100.00
	Processing Local Code Variances	\$100.00
Misc. Fire Protection/Prevention Fees:		
	Applications not filled out correctly/returned	\$25.00
	Minimum Fee	\$50.00
	Failure to call for final inspection	\$100.00
	Work started before permit issued	Double Fee or \$100.00 Minimum
	Occupancy before final inspection	Double Fee or \$100.00 Minimum
Hazardous Materials Response & Standby Costs Section:		
Wages:	Note: All rates are charged per hour or for any portion of an hour	
	Chief	\$65.00 per hour
	Assistant Chief	\$50.00 per hour
	Full-Time Lieutenant	\$40.00 per hour
	Full-Time FF/Paramedic	\$36.00 per hour
	Battalion Chief	\$25.00 per hour

	Captain	\$24.00 per hour
	Motor Pump Operator	\$23.00 per hour
	Firefighter	\$21.00 per hour
	Emergency Medical Technician	\$25.00 per hour
Apparatus:	Note all rates are charged per hour or for any portion of an hour	
	Ladder	\$235.00 per hour
	Engine	\$200.00 per hour
	Tender	\$150.00 per hour
	Command/Chief Vehicle	\$125.00 per hour
	Equipment Truck	\$125.00 per hour
	Ambulance	\$50.00 per hour
Contaminated Equipment Replacement, Materials used for Mitigation and Outside Agencies Cost, plus Ten (10) percent for administrative costs.		
Emergency Medical Services Section:		
Public CPR Training		
	CPR training, pocket mask, book & certification card	\$60.00
EMS continued		
Rate Charges:		
	Imagetrend Reporting per call	\$6.00
	ALS Base Rate for Transportation	\$1,550.00

RESOLUTION #26-18

**RESOLUTION AUTHORIZING THE ISSUANCE
AND SALE OF \$2,530,000 GENERAL OBLIGATION
PROMISSORY NOTES, SERIES 2026A**

WHEREAS, on March 10, 2026, the Village Board of the Village of Jackson, Washington County, Wisconsin (the "Village") adopted a resolution (the "Set Sale Resolution"), providing for the sale of General Obligation Promissory Notes, Series 2026A (the "Notes") for public purposes, including paying the cost of street improvement projects and financing a development incentive for Glacier Hills Credit Union (collectively, the "Project");

WHEREAS, the Village Board hereby finds and determines that the Project is within the Village's power to undertake and therefore serves a "public purpose" as that term is defined in Section 67.04(1)(b), Wisconsin Statutes;

WHEREAS, the Village is authorized by the provisions of Section 67.12(12), Wisconsin Statutes, to borrow money and issue general obligation promissory notes for such public purposes;

WHEREAS, pursuant to the Set Sale Resolution, the Village has directed Ehlers & Associates, Inc. ("Ehlers") to take the steps necessary to sell the Notes to pay the cost of the Project;

WHEREAS, Ehlers, in consultation with the officials of the Village, prepared a Notice of Sale (a copy of which is attached hereto as Exhibit A and incorporated herein by this reference) setting forth the details of and the bid requirements for the Notes and indicating that the Notes would be offered for public sale on April 14, 2026;

WHEREAS, the Village Clerk (in consultation with Ehlers) caused a form of notice of the sale to be published and/or announced and caused the Notice of Sale to be distributed to potential bidders offering the Notes for public sale on April 14, 2026;

WHEREAS, the Village has duly received bids for the Notes as described on the Bid Tabulation attached hereto as Exhibit B and incorporated herein by this reference (the "Bid Tabulation"); and

WHEREAS, it has been determined that the bid proposal (the "Proposal") submitted by the financial institution listed first on the Bid Tabulation fully complies with the bid requirements set forth in the Notice of Sale and is deemed to be the most advantageous to the Village. Ehlers has recommended that the Village accept the Proposal. A copy of said Proposal

submitted by such institution (the "Purchaser") is attached hereto as Exhibit C and incorporated herein by this reference.

NOW, THEREFORE, BE IT RESOLVED by the Village Board of the Village that:

Section 1. Ratification of the Notice of Sale and Offering Materials. The Village Board hereby ratifies and approves the details of the Notes set forth in Exhibit A attached hereto as and for the details of the Notes. The Notice of Sale and any other offering materials prepared and circulated by Ehlers are hereby ratified and approved in all respects. All actions taken by officers of the Village and Ehlers in connection with the preparation and distribution of the Notice of Sale and any other offering materials are hereby ratified and approved in all respects.

Section 1A. Authorization and Award of the Notes. For the purpose of paying the cost of the Project, there shall be borrowed pursuant to Section 67.12(12), Wisconsin Statutes, the principal sum of TWO MILLION FIVE HUNDRED THIRTY THOUSAND DOLLARS (\$2,530,000) from the Purchaser in accordance with the terms and conditions of the Proposal. The Proposal of the Purchaser offering to purchase the Notes for the sum set forth on the Proposal, plus accrued interest to the date of delivery, resulting in a true interest cost as set forth on the Proposal, is hereby accepted. The President and Village Clerk or other appropriate officers of the Village are authorized and directed to execute an acceptance of the Proposal on behalf of the Village. The good faith deposit of the Purchaser shall be applied in accordance with the Notice of Sale and any good faith deposits submitted by unsuccessful bidders shall be promptly returned. The Notes shall bear interest at the rates set forth on the Proposal.

Section 2. Terms of the Notes. The Notes shall be designated "General Obligation Promissory Notes, Series 2026A"; shall be issued in the aggregate principal amount of \$2,530,000; shall be dated May 1, 2026; shall be in the denomination of \$5,000 or any integral multiple thereof; shall be numbered R-1 and upward; and shall bear interest at the rates per annum and mature on May 1 of each year, in the years and principal amounts as set forth on the Pricing Summary attached hereto as Exhibit D-1 and incorporated herein by this reference. Interest shall be payable semi-annually on May 1 and November 1 of each year commencing on May 1, 2027. Interest shall be computed upon the basis of a 360-day year of twelve 30-day months and will be rounded pursuant to the rules of the Municipal Securities Rulemaking Board. The schedule of principal and interest payments due on the Notes is set forth on the Debt Service Schedule attached hereto as Exhibit D-2 and incorporated herein by this reference (the "Schedule").

Section 3. Redemption Provisions. The Notes maturing on May 1, 2036 and thereafter shall be subject to redemption prior to maturity, at the option of the Village, on May 1, 2035 or on any date thereafter. Said Notes shall be redeemable as a whole or in part, and if in part, from maturities selected by the Village, and within each maturity by lot, at the principal amount thereof, plus accrued interest to the date of redemption.

[The Proposal specifies that [some of] the Notes shall be subject to mandatory redemption. The terms of such mandatory redemption are set forth on an attachment hereto as Exhibit MRP and incorporated herein by this reference. Upon the optional redemption of any of the Notes subject to mandatory redemption, the principal amount of such Notes so redeemed

shall be credited against the mandatory redemption payments established in Exhibit MRP for such Notes in such manner as the Village shall direct.]

Section 4. Form of the Notes. The Notes shall be issued in registered form and shall be executed and delivered in substantially the form attached hereto as Exhibit E and incorporated herein by this reference.

Section 5. Tax Provisions.

(A) Direct Annual Irrepealable Tax Levy. For the purpose of paying the principal of and interest on the Notes as the same becomes due, the full faith, credit and resources of the Village are hereby irrevocably pledged, and there is hereby levied upon all of the taxable property of the Village a direct annual irrepealable tax in the years 2026 through 2045 for the payments due in the years 2027 through 2046 in the amounts set forth on the Schedule.

(B) Tax Collection. So long as any part of the principal of or interest on the Notes remains unpaid, the Village shall be and continue without power to repeal such levy or obstruct the collection of said tax until all such payments have been made or provided for. After the issuance of the Notes, said tax shall be, from year to year, carried onto the tax roll of the Village and collected in addition to all other taxes and in the same manner and at the same time as other taxes of the Village for said years are collected, except that the amount of tax carried onto the tax roll may be reduced in any year by the amount of any surplus money in the Debt Service Fund Account created below.

(C) Additional Funds. If at any time there shall be on hand insufficient funds from the aforesaid tax levy to meet principal and/or interest payments on said Notes when due, the requisite amounts shall be paid from other funds of the Village then available, which sums shall be replaced upon the collection of the taxes herein levied.

Section 6. Segregated Debt Service Fund Account.

(A) Creation and Deposits. There shall be and there hereby is established in the treasury of the Village, if one has not already been created, a debt service fund, separate and distinct from every other fund, which shall be maintained in accordance with generally accepted accounting principles. Debt service or sinking funds established for obligations previously issued by the Village may be considered as separate and distinct accounts within the debt service fund.

Within the debt service fund, there hereby is established a separate and distinct account designated as the "Debt Service Fund Account for General Obligation Promissory Notes, Series 2026A" (the "Debt Service Fund Account") and such account shall be maintained until the indebtedness evidenced by the Notes is fully paid or otherwise extinguished. There shall be deposited into the Debt Service Fund Account (i) all accrued interest received by the Village at the time of delivery of and payment for the Notes; (ii) any premium which may be received by the Village above the par value of the Notes and accrued interest thereon; (iii) all money raised by the taxes herein levied and any amounts appropriated for the specific purpose of meeting

principal of and interest on the Notes when due; (iv) such other sums as may be necessary at any time to pay principal of and interest on the Notes when due; (v) surplus monies in the Borrowed Money Fund as specified below; and (vi) such further deposits as may be required by Section 67.11, Wisconsin Statutes.

(B) Use and Investment. No money shall be withdrawn from the Debt Service Fund Account and appropriated for any purpose other than the payment of principal of and interest on the Notes until all such principal and interest has been paid in full and the Notes canceled; provided (i) the funds to provide for each payment of principal of and interest on the Notes prior to the scheduled receipt of taxes from the next succeeding tax collection may be invested in direct obligations of the United States of America maturing in time to make such payments when they are due or in other investments permitted by law; and (ii) any funds over and above the amount of such principal and interest payments on the Notes may be used to reduce the next succeeding tax levy, or may, at the option of the Village, be invested by purchasing the Notes as permitted by and subject to Section 67.11(2)(a), Wisconsin Statutes, or in permitted municipal investments under the pertinent provisions of the Wisconsin Statutes ("Permitted Investments"), which investments shall continue to be a part of the Debt Service Fund Account. Any investment of the Debt Service Fund Account shall at all times conform with the provisions of the Internal Revenue Code of 1986, as amended (the "Code") and any applicable Treasury Regulations (the "Regulations").

(C) Remaining Monies. When all of the Notes have been paid in full and canceled, and all Permitted Investments disposed of, any money remaining in the Debt Service Fund Account shall be transferred and deposited in the general fund of the Village, unless the Village Board directs otherwise.

Section 7. Proceeds of the Notes; Segregated Borrowed Money Fund. The proceeds of the Notes (the "Note Proceeds") (other than any premium and accrued interest which must be paid at the time of the delivery of the Notes into the Debt Service Fund Account created above) shall be deposited into a special fund (the "Borrowed Money Fund") separate and distinct from all other funds of the Village and disbursed solely for the purpose or purposes for which borrowed. Monies in the Borrowed Money Fund may be temporarily invested in Permitted Investments. Any monies, including any income from Permitted Investments, remaining in the Borrowed Money Fund after the purpose or purposes for which the Notes have been issued have been accomplished, and, at any time, any monies as are not needed and which obviously thereafter cannot be needed for such purpose(s) shall be deposited in the Debt Service Fund Account.

Section 8. No Arbitrage. All investments made pursuant to this Resolution shall be Permitted Investments, but no such investment shall be made in such a manner as would cause the Notes to be "arbitrage bonds" within the meaning of Section 148 of the Code or the Regulations and an officer of the Village, charged with the responsibility for issuing the Notes, shall certify as to facts, estimates, circumstances and reasonable expectations in existence on the date of delivery of the Notes to the Purchaser which will permit the conclusion that the Notes are not "arbitrage bonds," within the meaning of the Code or Regulations.

Section 9. Compliance with Federal Tax Laws. (a) The Village represents and covenants that the projects financed by the Notes and the ownership, management and use of the projects will not cause the Notes to be "private activity bonds" within the meaning of Section 141 of the Code. The Village further covenants that it shall comply with the provisions of the Code to the extent necessary to maintain the tax-exempt status of the interest on the Notes including, if applicable, the rebate requirements of Section 148(f) of the Code. The Village further covenants that it will not take any action, omit to take any action or permit the taking or omission of any action within its control (including, without limitation, making or permitting any use of the proceeds of the Notes) if taking, permitting or omitting to take such action would cause any of the Notes to be an arbitrage bond or a private activity bond within the meaning of the Code or would otherwise cause interest on the Notes to be included in the gross income of the recipients thereof for federal income tax purposes. The Village Clerk or other officer of the Village charged with the responsibility of issuing the Notes shall provide an appropriate certificate of the Village certifying that the Village can and covenanting that it will comply with the provisions of the Code and Regulations.

(b) The Village also covenants to use its best efforts to meet the requirements and restrictions of any different or additional federal legislation which may be made applicable to the Notes provided that in meeting such requirements the Village will do so only to the extent consistent with the proceedings authorizing the Notes and the laws of the State of Wisconsin and to the extent that there is a reasonable period of time in which to comply.

Section 10. Designation as Qualified Tax-Exempt Obligations. The Notes are hereby designated as "qualified tax-exempt obligations" for purposes of Section 265 of the Code, relating to the ability of financial institutions to deduct from income for federal income tax purposes, interest expense that is allocable to carrying and acquiring tax-exempt obligations.

Section 11. Execution of the Notes; Closing; Professional Services. The Notes shall be issued in printed form, executed on behalf of the Village by the manual or facsimile signatures of the President and Village Clerk, authenticated, if required, by the Fiscal Agent (defined below), sealed with its official or corporate seal, if any, or a facsimile thereof, and delivered to the Purchaser upon payment to the Village of the purchase price thereof, plus accrued interest to the date of delivery (the "Closing"). The facsimile signature of either of the officers executing the Notes may be imprinted on the Notes in lieu of the manual signature of the officer but, unless the Village has contracted with a fiscal agent to authenticate the Notes, at least one of the signatures appearing on each Note shall be a manual signature. In the event that either of the officers whose signatures appear on the Notes shall cease to be such officers before the Closing, such signatures shall, nevertheless, be valid and sufficient for all purposes to the same extent as if they had remained in office until the Closing. The aforesaid officers are hereby authorized and directed to do all acts and execute and deliver the Notes and all such documents, certificates and acknowledgements as may be necessary and convenient to effectuate the Closing. The Village hereby authorizes the officers and agents of the Village to enter into, on its behalf, agreements and contracts in conjunction with the Notes, including but not limited to agreements and contracts for legal, trust, fiscal agency, disclosure and continuing disclosure, and rebate calculation services. Any such contract heretofore entered into in conjunction with the issuance of the Notes is hereby ratified and approved in all respects.

Section 12. Payment of the Notes; Fiscal Agent. The principal of and interest on the Notes shall be paid by Bond Trust Services Corporation, which is hereby appointed as the Village's registrar and fiscal agent pursuant to the provisions of Section 67.10(2), Wisconsin Statutes (the "Fiscal Agent"). The Village hereby authorizes the President and Village Clerk or other appropriate officers of the Village to enter into a Fiscal Agency Agreement between the Village and the Fiscal Agent. Such contract may provide, among other things, for the performance by the Fiscal Agent of the functions listed in Wis. Stats. Sec. 67.10(2)(a) to (j), where applicable, with respect to the Notes.

Section 13. Persons Treated as Owners; Transfer of Notes. The Village shall cause books for the registration and for the transfer of the Notes to be kept by the Fiscal Agent. The person in whose name any Note shall be registered shall be deemed and regarded as the absolute owner thereof for all purposes and payment of either principal or interest on any Note shall be made only to the registered owner thereof. All such payments shall be valid and effectual to satisfy and discharge the liability upon such Note to the extent of the sum or sums so paid.

Any Note may be transferred by the registered owner thereof by surrender of the Note at the office of the Fiscal Agent, duly endorsed for the transfer or accompanied by an assignment duly executed by the registered owner or his attorney duly authorized in writing. Upon such transfer, the President and Village Clerk shall execute and deliver in the name of the transferee or transferees a new Note or Notes of a like aggregate principal amount, series and maturity and the Fiscal Agent shall record the name of each transferee in the registration book. No registration shall be made to bearer. The Fiscal Agent shall cancel any Note surrendered for transfer.

The Village shall cooperate in any such transfer, and the President and Village Clerk are authorized to execute any new Note or Notes necessary to effect any such transfer.

Section 14. Record Date. The 15th day of the calendar month next preceding each interest payment date shall be the record date for the Notes (the "Record Date"). Payment of interest on the Notes on any interest payment date shall be made to the registered owners of the Notes as they appear on the registration book of the Village at the close of business on the Record Date.

Section 15. Utilization of The Depository Trust Company Book-Entry-Only System. In order to make the Notes eligible for the services provided by The Depository Trust Company, New York, New York ("DTC"), the Village agrees to the applicable provisions set forth in the Blanket Issuer Letter of Representations, which the Village Clerk or other authorized representative of the Village is authorized and directed to execute and deliver to DTC on behalf of the Village to the extent an effective Blanket Issuer Letter of Representations is not presently on file in the Village Clerk's office.

Section 16. Payment of Issuance Expenses. The Village authorizes the Purchaser to forward the amount of the proceeds of the Notes allocable to the payment of issuance expenses to a financial institution selected by Ehlers at Closing for further distribution as directed by Ehlers.

Section 17. Official Statement. The Village Board hereby approves the Preliminary Official Statement with respect to the Notes and deems the Preliminary Official Statement as "final" as of its date for purposes of SEC Rule 15c2-12 promulgated by the Securities and Exchange Commission pursuant to the Securities and Exchange Act of 1934 (the "Rule"). All actions taken by officers of the Village in connection with the preparation of such Preliminary Official Statement and any addenda to it or final Official Statement are hereby ratified and approved. In connection with the Closing, the appropriate Village official shall certify the Preliminary Official Statement and any addenda or final Official Statement. The Village Clerk shall cause copies of the Preliminary Official Statement and any addenda or final Official Statement to be distributed to the Purchaser.

Section 18. Undertaking to Provide Continuing Disclosure. The Village hereby covenants and agrees, for the benefit of the owners of the Notes, to enter into a written undertaking (the "Undertaking") if required by the Rule to provide continuing disclosure of certain financial information and operating data and timely notices of the occurrence of certain events in accordance with the Rule. The Undertaking shall be enforceable by the owners of the Notes or by the Purchaser on behalf of such owners (provided that the rights of the owners and the Purchaser to enforce the Undertaking shall be limited to a right to obtain specific performance of the obligations thereunder and any failure by the Village to comply with the provisions of the Undertaking shall not be an event of default with respect to the Notes).

To the extent required under the Rule, the President and Village Clerk, or other officer of the Village charged with the responsibility for issuing the Notes, shall provide a Continuing Disclosure Certificate for inclusion in the transcript of proceedings, setting forth the details and terms of the Village's Undertaking.

Section 19. Record Book. The Village Clerk shall provide and keep the transcript of proceedings as a separate record book (the "Record Book") and shall record a full and correct statement of every step or proceeding had or taken in the course of authorizing and issuing the Notes in the Record Book.

Section 20. Bond Insurance. If the Purchaser determines to obtain municipal bond insurance with respect to the Notes, the officers of the Village are authorized to take all actions necessary to obtain such municipal bond insurance. The President and Village Clerk are authorized to agree to such additional provisions as the bond insurer may reasonably request and which are acceptable to the President and Village Clerk including provisions regarding restrictions on investment of Note proceeds, the payment procedure under the municipal bond insurance policy, the rights of the bond insurer in the event of default and payment of the Notes by the bond insurer and notices to be given to the bond insurer. In addition, any reference required by the bond insurer to the municipal bond insurance policy shall be made in the form of Note provided herein.

Section 21. Conflicting Resolutions; Severability; Effective Date. All prior resolutions, rules or other actions of the Village Board or any parts thereof in conflict with the provisions hereof shall be, and the same are, hereby rescinded insofar as the same may so conflict. In the event that any one or more provisions hereof shall for any reason be held to be illegal or invalid, such illegality or invalidity shall not affect any other provisions hereof. The foregoing shall take effect immediately upon adoption and approval in the manner provided by law.

DEPOSITORY OR ITS NOMINEE NAME: CEDE & CO.

PRINCIPAL AMOUNT: _____ THOUSAND DOLLARS
(\$_____)

FOR VALUE RECEIVED, the Village of Jackson, Washington County, Wisconsin (the "Village"), hereby acknowledges itself to owe and promises to pay to the Depository or its Nominee Name (the "Depository") identified above (or to registered assigns), on the maturity date identified above, the principal amount identified above, and to pay interest thereon at the rate of interest per annum identified above, all subject to the provisions set forth herein regarding redemption prior to maturity. Interest shall be payable semi-annually on May 1 and November 1 of each year commencing on May 1, 2027 until the aforesaid principal amount is paid in full. Both the principal of and interest on this Note are payable to the registered owner in lawful money of the United States. Interest payable on any interest payment date shall be paid by wire transfer to the Depository in whose name this Note is registered on the Bond Register maintained by Bond Trust Services Corporation (the "Fiscal Agent") or any successor thereto at the close of business on the 15th day of the calendar month next preceding each interest payment date (the "Record Date"). This Note is payable as to principal upon presentation and surrender hereof at the office of the Fiscal Agent.

For the prompt payment of this Note together with interest hereon as aforesaid and for the levy of taxes sufficient for that purpose, the full faith, credit and resources of the Village are hereby irrevocably pledged.

This Note is one of an issue of Notes aggregating the principal amount of \$2,530,000, all of which are of like tenor, except as to denomination, interest rate, maturity date and redemption provision, issued by the Village pursuant to the provisions of Section 67.12(12), Wisconsin Statutes, for public purposes, including paying the cost

of street improvement projects and financing a development incentive for Glacier Hills Credit Union, as authorized by a resolution adopted on April 14, 2026 (the "Resolution"). Said Resolution is recorded in the official minutes of the Village Board for said date.

The Notes maturing on May 1, 2036 and thereafter are subject to redemption prior to maturity, at the option of the Village, on May 1, 2035 or on any date thereafter. Said Notes are redeemable as a whole or in part, and if in part, from maturities selected by the Village, and within each maturity by lot (as selected by the Depository), at the principal amount thereof, plus accrued interest to the date of redemption.

[The Notes maturing in the years _____ are subject to mandatory redemption by lot as provided in the Resolution referred to above, at the redemption price of par plus accrued interest to the date of redemption and without premium.]

In the event the Notes are redeemed prior to maturity, as long as the Notes are in book-entry-only form, official notice of the redemption will be given by mailing a notice by registered or certified mail, overnight express delivery, facsimile transmission, electronic transmission or in any other manner required by the Depository, to the Depository not less than thirty (30) days nor more than sixty (60) days prior to the redemption date. If less than all of the Notes of a maturity are to be called for redemption, the Notes of such maturity to be redeemed will be selected by lot. Such notice will include but not be limited to the following: the designation, date and maturities of the Notes called for redemption, CUSIP numbers, and the date of redemption. Any notice provided as described herein shall be conclusively presumed to have been duly given, whether or not the registered owner receives the notice. The Notes shall cease to bear interest on the specified redemption date provided that federal or other immediately available funds sufficient for such redemption are on deposit at the office of the Depository at that time. Upon such deposit of funds for redemption the Notes shall no longer be deemed to be outstanding.

It is hereby certified and recited that all conditions, things and acts required by law to exist or to be done prior to and in connection with the issuance of this Note have been done, have existed and have been performed in due form and time; that the aggregate indebtedness of the Village, including this Note and others issued simultaneously herewith, does not exceed any limitation imposed by law or the Constitution of the State of Wisconsin; and that a direct annual irrepealable tax has been levied sufficient to pay this Note, together with the interest thereon, when and as payable.

This Note has been designated by the Village Board as a "qualified tax-exempt obligation" pursuant to the provisions of Section 265(b)(3) of the Internal Revenue Code of 1986, as amended.

This Note is transferable only upon the books of the Village kept for that purpose at the office of the Fiscal Agent, only in the event that the Depository does not continue to act as depository for the Notes, and the Village appoints another depository, upon surrender of the Note to the Fiscal Agent, by the registered owner in person or his duly authorized attorney, together with a written instrument of transfer (which may be endorsed hereon) satisfactory to the Fiscal Agent duly executed by the registered owner or his duly authorized attorney. Thereupon a new fully registered Note in the same aggregate principal amount shall be issued to the new depository in exchange therefor and upon the payment of a charge sufficient to reimburse the Village for any tax, fee or other governmental charge required to be paid with respect to such registration. The Fiscal Agent shall not be obliged to make any transfer of the Notes (i) after the Record Date, (ii) during the fifteen (15) calendar days preceding the date of any publication of notice of any proposed redemption of the Notes, or (iii) with respect to any particular Note, after such Note has been called for redemption. The Fiscal Agent and Village may treat and consider the Depository in whose name this Note is registered as the absolute owner hereof for the purpose of receiving payment of, or on account of, the principal or redemption price hereof and interest due hereon and for all other purposes whatsoever. The Notes are issuable solely as negotiable, fully-registered Notes without coupons in the denomination of \$5,000 or any integral multiple thereof.

This Note shall not be valid or obligatory for any purpose until the Certificate of Authentication hereon shall have been signed by the Fiscal Agent.

No delay or omission on the part of the owner hereof to exercise any right hereunder shall impair such right or be considered as a waiver thereof or as a waiver of or acquiescence in any default hereunder.

IN WITNESS WHEREOF, the Village of Jackson, Washington County, Wisconsin, by its governing body, has caused this Note to be executed for it and in its name by the manual or facsimile signatures of its duly qualified President and Interim Village Clerk; and to be sealed with its official or corporate seal, if any, all as of the original date of issue specified above.

RESOLUTION #26-19

**RESOLUTION AUTHORIZING THE ISSUANCE AND SALE OF
\$1,475,000 WATER AND SEWER SYSTEM
REVENUE BONDS, SERIES 2026B**

WHEREAS, the Village of Jackson, Washington County, Wisconsin (the "Village") owns and operates a Water System and a Sewer System which are operated for public purposes as separate public utilities by the Village and which are hereby combined for the purposes of this financing (hereinafter, the Village's Water System and Sewer System shall be referred to collectively as the "System"); and

WHEREAS, under the provisions of Section 66.0621, Wisconsin Statutes, any municipality in the State of Wisconsin may, by action of its governing body, provide funds for extending, adding to and improving a public utility from the proceeds of bonds, which bonds are payable only from the income and revenues derived from any source by such utility and are secured by a pledge of the revenues of the utility; and

WHEREAS, pursuant to a resolution adopted by the Village Board on June 13, 2023 (the "2023 Resolution"), the Village has heretofore issued its Water and Sewer System Revenue Bonds, Series 2023B, dated July 6, 2023 (the "2023 Bonds"), which 2023 Bonds are payable from the Revenues of the System; and

WHEREAS, pursuant to a resolution adopted by the Village Board on July 10, 2024 (the "2024 Resolution"), the Village has heretofore issued its Water and Sewer System Revenue Bonds, Series 2024, dated July 10, 2024 (the "2024 Bonds"), which 2024 Bonds are payable from the Revenues of the System on a parity with the 2023 Bonds (hereinafter the 2023 Bonds and the 2024 Bonds shall be referred to collectively as the "Prior Bonds" and the 2023 Resolution and the 2024 Resolution shall be referred to collectively as the "Prior Resolutions"); and

WHEREAS, the Prior Resolutions permit the issuance of additional bonds payable from revenues of the System on a parity with the Prior Bonds upon compliance with certain conditions, and those conditions have been met; and

WHEREAS, on March 10, 2026, the Village Board of the Village adopted a resolution providing for the issuance of Water and Sewer System Revenue Bonds, Series 2026B to finance certain additions, improvements and extensions to the System (the "Project"); and

WHEREAS, it is necessary, desirable and in the best interests of the Village to authorize and sell revenue bonds (the "Bonds") for the purpose of financing the Project payable solely

from the revenues of the System, which Bonds are to be authorized and issued pursuant to the provisions of Section 66.0621, Wisconsin Statutes, on a parity with the Prior Bonds; and

WHEREAS, other than the Prior Bonds, the Village has no bonds or obligations outstanding which are payable from the income and revenues of the System; and

WHEREAS, the Village has directed Ehlers & Associates, Inc. ("Ehlers") to take the steps necessary to sell the Bonds; and

WHEREAS, Ehlers, in consultation with the officials of the Village, prepared a Notice of Sale (a copy of which is attached hereto as Exhibit A and incorporated herein by this reference) setting forth the details of and the bid requirements for the Bonds and indicating that the Bonds would be offered for public sale on April 14, 2026; and

WHEREAS, the Village Administrator (in consultation with Ehlers) caused a form of notice of the sale to be published and/or announced and caused the Notice of Sale to be distributed to potential bidders offering the Bonds for public sale on April 14, 2026; and

WHEREAS, the Village has duly received bids for the Bonds as described on the Bid Tabulation attached hereto as Exhibit B and incorporated herein by this reference (the "Bid Tabulation"); and

WHEREAS, it has been determined that the bid proposal (the "Proposal") submitted by the financial institution listed first on the Bid Tabulation fully complies with the bid requirements set forth in the Notice of Sale and is deemed to be the most advantageous to the Village. Ehlers has recommended that the Village accept the Proposal. A copy of said Proposal submitted by such institution (the "Purchaser") is attached hereto as Exhibit C and incorporated herein by this reference.

NOW, THEREFORE, BE IT RESOLVED by the Village Board of the Village that:

Section 1A. Ratification of the Notice of Sale and Offering Materials. The Village Board of the Village hereby ratifies and approves the details of the Bonds set forth in Exhibit A attached hereto as and for the details of the Bonds. The Notice of Sale and any other offering materials prepared and circulated by Ehlers are hereby ratified and approved in all respects. All actions taken by officers of the Village and Ehlers in connection with the preparation and distribution of the Notice of Sale and any other offering materials are hereby ratified and approved in all respects.

Section 1B. Authorization of Bonds. For the purpose of paying the cost of the Project, the Village shall borrow on the credit of the Revenues of the System the sum of \$1,475,000. Negotiable, fully-registered bonds of the Village, in the denomination of \$5,000, or any whole multiple thereof, shall be issued in evidence thereof. The Bonds shall be designated "Water and Sewer System Revenue Bonds, Series 2026B", shall be numbered from R-1 upward and shall be dated May 1, 2026. The Bonds shall bear interest at the rates per annum set forth in the Proposal and shall mature on May 1 of each year, in the years and principal amounts as set forth on the Pricing Summary attached hereto as Exhibit D-1 and incorporated herein by this reference.

Interest on the Bonds shall be payable on May 1 and November 1 of each year, commencing May 1, 2027. Interest shall be computed upon the basis of a 360-day year of twelve 30-day months and will be rounded pursuant to the rules of the Municipal Securities Rulemaking Board.

The schedule of principal and interest payments due on the Bonds is set forth on the Debt Service Schedule attached hereto as Exhibit D-2 and incorporated herein by this reference (the "Schedule").

The Bonds maturing on May 1, 2036 and thereafter shall be subject to redemption prior to maturity, at the option of the Village, on May 1, 2035 or on any date thereafter. Said Bonds shall be redeemable as a whole or in part, and if in part, from maturities selected by the Village and within each maturity, by lot, at the principal amount thereof, plus accrued interest to the date of redemption. If the Proposal specifies that any of the Bonds are subject to mandatory redemption, the terms of such mandatory redemption are set forth on an attachment hereto as Exhibit MRP and incorporated herein by this reference. Upon the optional redemption of any of the Bonds subject to mandatory redemption, the principal amount of such Bonds so redeemed shall be credited against the mandatory redemption payments established in Exhibit MRP for such Bonds in such manner as the Village shall direct.

The schedule of maturities is found to be such that the amount of annual debt service payments is reasonable in accordance with prudent municipal utility practices.

Section 1C. Security for the Bonds. The Bonds, together with interest thereon, shall not constitute an indebtedness of the Village nor a charge against its general credit or taxing power. The Bonds, together with interest thereon, shall be payable only out of the Special Redemption Fund provided for in Section 4 herein, and shall be a valid claim of the registered owner or owners thereof only against the Special Redemption Fund and the Revenues of the System pledged to such fund, on a parity with the pledge granted to the owners of the Prior Bonds. Sufficient Revenues are hereby pledged to said Special Redemption Fund, and shall be used for no other purpose than to pay the principal of, premium, if any, and interest on the Prior Bonds, the Bonds and Parity Bonds as the same becomes due.

Section 2. Form of the Bonds. The Bonds shall be issued in registered form and shall be executed and delivered in substantially the form attached hereto as Exhibit E and incorporated herein by this reference.

Section 3. Definitions. In addition to the words defined elsewhere in this Resolution, the following words shall have the following meanings unless the context or use indicates another or different meaning or intent:

"Annual Debt Service Requirement" means the total amount of principal and interest due in any Fiscal Year on the Prior Bonds, the Bonds and Parity Bonds.

"Bond Year" means the Fiscal Year.

"Code" means the Internal Revenue Code of 1986, as amended.

"DTC" means The Depository Trust Company, New York, New York, or any successor securities depository for the Village with respect to the Bonds.

"Fiscal Year" means the fiscal year adopted by the Village for the System, which is currently the calendar year.

"Net Revenues" means the Revenues minus all Operation and Maintenance Expenses of the System.

"Operation and Maintenance Expenses" means the reasonable and necessary costs of operating, maintaining, administering and repairing the System, including salaries, wages, costs of materials and supplies, insurance and audits, but excluding depreciation, debt service, tax equivalents and capital expenditures.

"Parity Bonds" means additional bonds or obligations issued on a parity as to pledge and lien with the Prior Bonds and the Bonds in accordance with the provisions of Section 7 of this Resolution.

"Reserve Requirement" means an amount, determined as of the date of issuance of the Bonds, equal to the least of (a) the amount currently required to be on deposit in the Reserve Account prior to the issuance of the Bonds plus the amount permitted to be deposited therein from proceeds of the Bonds pursuant to Section 148(d)(1) of the Code and Regulations; (b) the maximum annual debt service on the 2023 Bonds and the Bonds in a Bond Year; and (c) 125% of average annual debt service on the 2023 Bonds and the Bonds in a Bond Year; provided, however, that on an ongoing basis it shall never exceed the remaining maximum annual principal and interest due on the outstanding 2023 Bonds and the Bonds in any Bond Year. The 2024 Bonds are not secured by the Reserve Account. If Parity Bonds which are to be secured by the Reserve Account are issued, the Reserve Requirement shall mean an amount, determined as of the date of issuance of the Parity Bonds, equal to the least of (a) the amount required to be on deposit in the Reserve Account prior to the issuance of such Parity Bonds, plus the amount permitted to be deposited therein from proceeds of the Parity Bonds pursuant to Section 148(d)(1) of the Code and Regulations; (b) the maximum annual debt service on outstanding obligations secured by the Reserve Account and the Parity Bonds to be issued; and (c) 125% of average annual debt service on the outstanding obligations secured by the Reserve Account and the Parity Bonds to be issued; provided, however, that on an ongoing basis it shall

never exceed the remaining maximum annual principal and interest due on the outstanding obligations secured by the Reserve Account and Parity Bonds in any Bond Year.

"Regulations" means the Regulations of the Commissioner of Internal Revenue under the Code.

"Revenues" means all income and revenue of the System, including the revenues received from the Village for services rendered to it and all moneys received from any other source, including moneys appropriated by the Village Board pursuant to Section 5 herein and income derived from investments.

"System" means the entire Water System and Sewer System of the Village specifically including that portion of the Project owned by the Village and including all property of every nature now or hereafter owned by the Village for the extraction, collection, storage, treatment, transmission, distribution, metering and discharge of industrial and potable public water, and the collection, transmission, treatment, storage, metering and disposal of domestic, industrial and public sewage, including all improvements and extensions thereto made by the Village while any of the Prior Bonds, the Bonds and Parity Bonds remain outstanding, including all real and personal property of every nature comprising part of or used or useful in connection with such Water System and Sewer System and including all appurtenances, contracts, leases, franchises and other intangibles.

Section 4. Income and Revenue Funds. When the Bonds shall have been delivered in whole or in part, the Revenues shall be set aside into the Water and Sewer System Revenue Fund and then transferred to the following separate and special funds in the order of priority listed below, which funds were created by the 2023 Resolution, continued by the 2024 Resolution and hereby further continued, to be used and applied as described below:

- Revenues of the Water System in amounts sufficient to provide for the reasonable and proper operation and maintenance of the Water System through the payment of Operation and Maintenance Expenses shall be set aside into the Water System Operation and Maintenance Fund (the "Water System Operation and Maintenance Fund").

- Revenues of the Sewer System in amounts sufficient to provide for the reasonable and proper operation and maintenance of the Sewer System through the payment of Operation and Maintenance Expenses shall be set aside into the Sewer System Operation and Maintenance Fund (the "Sewer System Operation and Maintenance Fund" and collectively with the Water System Operation and Maintenance Fund, the "Operation and Maintenance Funds").

- Revenues in amounts sufficient to pay the principal of and interest on the Prior Bonds, the Bonds and any Parity Bonds and to meet the Reserve Requirement shall be set aside into the Water and Sewer System Revenue Bond and Interest Special Redemption Fund (the "Special Redemption Fund"), to be applied to the payment of the principal of and interest on the Prior Bonds, the Bonds and Parity Bonds and to meet the Reserve Requirement. The monies standing in the Special Redemption Fund are irrevocably pledged to the payment of principal of and interest on the Prior Bonds, the Bonds and any Parity Bonds, except the 2024 Bonds which are not secured by the Reserve Account.

- Revenues of the Water System in amounts sufficient to provide a proper and adequate depreciation account for the Water System shall be set aside into the Water System Depreciation Fund (the "Water System Depreciation Fund").

- Revenues of the Sewer System in amounts sufficient to provide a proper and adequate depreciation account for the Sewer System shall be set aside into the Sewer System Depreciation Fund (the "Sewer System Depreciation Fund" and collectively with the Water System Depreciation Fund, the "Depreciation Funds").

The Operation and Maintenance Funds and Depreciation Funds shall be deposited as received in public depositories to be selected by the Village Board in the manner required by Chapter 34, Wisconsin Statutes and may be invested in legal investments subject to the provisions of Section 66.0603(1m), Wisconsin Statutes.

Money in the Operation and Maintenance Funds shall be used to pay Operation and Maintenance Expenses as the same come due; money not immediately required for Operation and Maintenance Expenses shall be used to accumulate a reserve in the Operation and Maintenance Funds equal to estimated Operation and Maintenance Expenses for one month. Any money then available and remaining in the Operation and Maintenance Funds may be transferred to the Surplus Fund, which fund was created by the 2023 Resolution and is hereby continued.

Revenues of the Water System and Sewer System shall be deposited in the respective Depreciation Funds each month until such amount as the Village Board may from time to time determine to constitute an adequate and reasonable depreciation account for the System (the "Depreciation Requirement") is accumulated therein. Money in the Depreciation Funds shall be available and shall be used, whenever necessary, to restore any deficiency in the Special Redemption Fund and for the maintenance of the Reserve Account therein. When the Special Redemption Fund is sufficient for its purpose, funds in the Depreciation Funds may be expended for repairs, replacements, new construction, extensions or additions to the respective Water System or Sewer System. Any money on deposit in the Depreciation Funds in excess of either Depreciation Requirement which is not required during the current Fiscal Year for the purposes of the Depreciation Funds may be transferred to the Surplus Fund.

It is the express intent and determination of the Village Board that the amount of Revenues to be set aside and paid into the Special Redemption Fund (including the Reserve Account) shall in any event be sufficient to pay principal of and interest on the Prior Bonds, the Bonds and Parity Bonds and to meet the Reserve Requirement, and the Village Treasurer shall each Fiscal Year deposit at least sufficient Revenues in the Special Redemption Fund to pay promptly all principal and interest falling due on the Prior Bonds, the Bonds and Parity Bonds and to meet the Reserve Requirement.

The Revenues so set aside for payment of the principal of and interest on the Prior Bonds, the Bonds and Parity Bonds shall be set apart and shall be paid into the Special Redemption Fund not later than the 10th day of each month. The amount deposited each month shall be not less than one-sixth of the interest next coming due, plus one-twelfth of the principal next maturing.

The minimum amounts to be so deposited for debt service on the Bonds are set forth on the Schedule.

The Special Redemption Fund shall be used for no purpose other than the payment of interest upon and principal of the Prior Bonds, the Bonds and Parity Bonds promptly as the same become due and payable or to pay redemption premiums. All money in the Special Redemption Fund shall be deposited in a special account and invested in legal investments subject to Section 66.0603(1m), Wisconsin Statutes, and the monthly payments required to be made to the Special Redemption Fund shall be made directly to such account.

The Reserve Account, established by the 2023 Resolution, shall be continued to additionally secure the payment of principal of and interest on the 2023 Bonds, the Bonds and any Parity Bonds, secured by the Debt Service Reserve Account (the "Reserve Account"). The Village shall, upon the issuance of the Bonds, deposit an amount equal to the Reserve Requirement into the Reserve Account, and an amount equal to the Reserve Requirement shall be maintained in the Reserve Account. The 2024 Bonds are not secured by the Reserve Account.

The Village covenants and agrees that at any time that the Reserve Account is drawn on and the amount in the Reserve Account shall be less than the Reserve Requirement, an amount equal to one-twelfth of the Reserve Requirement will be paid monthly into the Reserve Account from those funds in the Special Redemption Fund, the Operation and Maintenance Funds, the Depreciation Funds and the Surplus Fund which are in excess of the minimum amounts required by the preceding paragraphs to be paid therein until the Reserve Requirement will again have accumulated in the Reserve Account. No such payments need be made into the Reserve Account at such times as the monies in the Reserve Account are equal to the highest remaining annual debt service requirement on the 2023 Bonds, the Bonds and Parity Bonds secured by the Reserve Account in any Bond Year. If at any time the amount on deposit in the Reserve Account exceeds the Reserve Requirement, the excess shall be transferred to the Special Redemption Fund and used to pay principal and interest on the 2023 Bonds, the Bonds and any Parity Bonds secured by the Reserve Account. If for any reason there shall be insufficient funds on hand in the Special Redemption Fund to meet principal or interest becoming due on the 2023 Bonds, the Bonds or Parity Bonds secured by the Reserve Account, then all sums then held in the Reserve Account shall be used to pay the portion of interest or principal on such 2023 Bonds, the Bonds or Parity Bonds becoming due as to which there would otherwise be default, and thereupon the payments required by this paragraph shall again be made into the Reserve Account until an amount equal to the Reserve Requirement is on deposit in the Reserve Account. The Reserve Account is not pledged to the payment of the principal or interest on the 2024 Bonds and moneys on deposit therein shall under no circumstances be used to pay principal and interest on the 2024 Bonds.

Funds in the Special Redemption Fund in excess of the minimum amounts required to be paid therein plus reserve requirements may be transferred to the Surplus Fund.

Money in the Surplus Fund shall first be used when necessary to meet requirements of the Operation and Maintenance Funds including the one month reserve, the Special Redemption Fund including the Reserve Account, and the Depreciation Funds. Any money then remaining in the Surplus Fund at the end of any Fiscal Year may be used only as permitted and in the order

specified in Section 66.0811(2), Wisconsin Statutes. Money thereafter remaining in the Surplus Fund may be transferred to any of the funds or accounts provided for by this section.

Section 5. Service to the Village. The reasonable cost and value of any service rendered to the Village by the System by furnishing water and sewer services for public purposes shall be charged against the Village and shall be paid by it in monthly installments as the service accrues, out of the current revenues of the Village collected or in the process of collection, exclusive of the Revenues, and out of the tax levy of the Village made by it to raise money to meet its necessary current expenses. It is hereby found and determined that the reasonable cost and value of such service to the Village in each year shall be in an amount which, together with Revenues of the System, will produce Net Revenues equivalent to not less than 1.25 times the Annual Debt Service Requirement. Such compensation for such service rendered to the Village shall, in the manner provided hereinabove, be paid into the separate and special funds described in Section 4 of this Resolution. However, such payment is subject to (a) annual appropriations by the Village Board therefor, (b) approval of the Wisconsin Public Service Commission, or successors to its function, if necessary, and (c) applicable levy limits, if any; and neither this Resolution nor such payment shall be construed as constituting an obligation of the Village to make any such appropriation over and above the reasonable cost and value of services rendered to the Village and its inhabitants or to make any subsequent payment over and above such reasonable cost and value.

Section 6. Operation of System; Village Covenants. It is covenanted and agreed by the Village with the owner or owners of the Bonds, and each of them, that:

(a) The Village will faithfully and punctually perform all duties with reference to the System required by the Constitution and Statutes of the State of Wisconsin, including the making and collecting of reasonable and sufficient rates lawfully established for services rendered by the System, and will collect and segregate the Revenues of the System and apply them to the respective funds and accounts described hereinabove;

(b) The Village will not sell, lease, or in any manner dispose of the System, including any part thereof or any additions, extensions, or improvements that may be made part thereto, except that the Village shall have the right to sell, lease or otherwise dispose of any property of the System found by the Village Board to be neither necessary nor useful in the operation of the System, provided the proceeds received from such sale, lease or disposal shall be paid into the Special Redemption Fund or applied to the acquisition or construction of capital facilities for use in the normal operation of the System, and such payment shall not reduce the amounts otherwise required to be paid into the Special Redemption Fund;

(c) The Village will cause the Project to be completed as expeditiously as reasonably possible;

(d) The Village will pay or cause to be paid all lawful taxes, assessments, governmental charges, and claims for labor, materials or supplies which if unpaid could become a lien upon the System or its Revenues or could impair the security of the Bonds;

(e) The Village will maintain in reasonably good condition and operate the System, and will establish, charge and collect such lawfully established rates and charges for the service rendered by the System, so that in each Fiscal Year Net Revenues shall not be less than 125% of the Annual Debt Service Requirement, and so that the Revenues of the System herein agreed to be set aside to provide for the payment of the Prior Bonds, the Bonds and Parity Bonds and the interest thereon as the same becomes due and payable, and to meet the Reserve Requirement, will be sufficient for those purposes;

(f) The Village will prepare a budget not less than sixty days prior to the end of each Fiscal Year and, in the event such budget indicates that the Net Revenues for each Fiscal Year will not exceed the Annual Debt Service Requirement for each corresponding Fiscal Year by the proportion stated hereunder, will take any and all steps permitted by law to increase rates so that the aforementioned proportion of Net Revenues to the Annual Debt Service Requirement shall be accomplished as promptly as possible;

(g) The Village will keep proper books and accounts relative to the System separate from all other records of the Village and will cause such books and accounts to be audited annually by a recognized independent firm of certified public accountants including a balance sheet and a profit and loss statement of the System as certified by such accountants. Each such audit, in addition to whatever matters may be thought proper by the accountants to be included therein shall include the following: (1) a statement in detail of the income and expenditures of the System for the Fiscal Year; (2) a statement of the Net Revenues of the System for such Fiscal Year; (3) a balance sheet as of the end of such Fiscal Year; (4) the accountants' comment regarding the manner in which the Village has carried out the requirements of this Resolution and the accountants' recommendations for any changes or improvements in the operation of the System; (5) the number of connections to the System at the end of the Fiscal Year, for each user classification (i.e., residential, commercial, public and industrial); (6) a list of the insurance policies in force at the end of the Fiscal Year setting out as to each policy the amount of the policy, the risks covered, the name of the insurer, and the expiration date of the policy; and (7) the volume of water used as the basis for computing the service charge; and

(h) So long as any of the Bonds are outstanding the Village will carry for the benefit of the owners of the Bonds insurance of the kinds and in the amounts normally carried by private companies or other public bodies engaged in the operation of similar systems. All money received for loss of use and occupancy shall be considered Revenue of the System payable into the separate funds and accounts named in Section 4 of this Resolution. All money received for losses under any casualty policies shall be used in repairing the damage or in replacing the property destroyed provided that if the Village Board shall find it is inadvisable to repair such damage or replace such property and that the operation of the System has not been impaired thereby, such money shall be deposited in the Special Redemption Fund, but in that event such payments shall not reduce the amounts otherwise required to be paid into the Special Redemption Fund.

Section 7. Additional Bonds. The Bonds are issued on a parity with the Prior Bonds as to the pledge of Revenues of the System. No bonds or obligations payable out of the Revenues of the System may be issued in such manner as to enjoy priority over the Prior Bonds and the

Bonds. Additional obligations may be issued if their lien and pledge is junior and subordinate to that of the Bonds. Additional obligations may be issued on a parity with the Bonds as to the pledge of Revenues of the System ("Parity Bonds") only if all of the following conditions are met:

- a. Either:
 - i. The Net Revenues for the last completed Fiscal Year preceding the issuance of such Parity Bonds must have been at least equal to 1.25 times the average combined annual principal and interest requirements on all Bonds and any Parity Bonds then outstanding payable from the revenues of the System (other than Bonds and any Parity Bonds being refunded), and the Parity Bonds proposed to be issued, for any succeeding Fiscal Year in which there shall be a principal maturity on such outstanding bonds; provided, however, that if prior to the authorization of such additional obligations the Village shall have adopted and put into effect a revised schedule of rates, then the Net Revenues of the System for the last completed Fiscal Year which would, in the calculations of an independent consulting engineer, registered municipal advisor or independent certified public accountant employed for that purpose, have resulted from such rates had they been in effect for such period may be used in lieu of the actual Net Revenues for the last completed Fiscal Year; or
 - ii. An independent certified public accountant, registered municipal advisor or consulting professional engineer provides calculations setting forth for each of the three Fiscal Years commencing with the Fiscal Year following that in which the projects financed by such additional obligations are to be completed, the projected Net Revenues and the maximum annual interest and principal requirements on all bonds outstanding payable from the Gross Revenues of the System and on the Parity Bonds proposed to be issued (the "Maximum Annual Debt Service Requirement"); and demonstrating that for each of the three Fiscal Years the projected Net Revenues will be in an amount not less than 125% of such Maximum Annual Debt Service Requirement;
- b. The payments required to be made into the funds and accounts enumerated in Section 4 of this Resolution (including the Reserve Account, but not the Surplus Fund) must have been made in full.
- c. The Parity Bonds must have principal maturing on May 1 of each year in which principal falls due and interest falling due on May 1 and November 1 of each year.

d. If the Parity Bonds are to be secured by the Reserve Account, the amount on deposit in the Reserve Account must be increased to an amount equal to the Reserve Requirement applicable upon the issuance of Parity Bonds as defined in Section 3 of this Resolution.

e. The proceeds of the Parity Bonds must be used only for the purpose of providing additions, extensions or improvements to the System, or to refund obligations issued for such purpose.

Section 8. Sale of Bonds. The bid of the Purchaser for the purchase price set forth in the Proposal be and it hereby is accepted and the President and Village Clerk are authorized and directed to execute an acceptance of the offer of said successful bidder on behalf of the Village. The good faith deposit of the Purchaser shall be applied in accordance with the Notice of Sale, and any good faith deposits submitted by unsuccessful bidders shall be promptly returned. The officers of the Village are authorized and directed to do any and all acts necessary to conclude delivery of the Bonds to the Purchaser, upon receipt of the purchase price, as soon after adoption of this Resolution as is convenient.

Section 9. Application of Bond Proceeds. All accrued interest received from the sale of the Bonds shall be deposited into the Special Redemption Fund. An amount of proceeds of the Bonds sufficient to make the amount currently on deposit in the Reserve Account equal to the Reserve Requirement shall be deposited in the Reserve Account. The balance of the proceeds, less the expenses incurred in authorizing, issuing and delivering the Bonds, shall be deposited in a special fund designated as "Water and Sewer System Improvement Fund." Said special fund shall be adequately secured and used solely for the purpose of meeting costs of extending, adding to and improving the System, as described in the preamble hereof. The balance remaining in said Improvement Fund after paying said costs shall be transferred to the Special Redemption Fund for use in payment of principal of and interest on the Bonds.

Section 10. Amendment to Resolution. After the issuance of any of the Bonds, no change or alteration of any kind in the provisions of this Resolution may be made until all of the Bonds have been paid in full as to both principal and interest, or discharged as herein provided, except:

a. The Village may, from time to time, amend this Resolution without the consent of any of the owners of the Bonds, but only to cure any ambiguity, administrative conflict, formal defect, or omission or procedural inconsistency of this Resolution; and

b. This Resolution may be amended, in any respect, with the written consent of the owners of not less than two-thirds of the principal amount of the Bonds then outstanding, exclusive of Bonds held by the Village; provided, however, that no amendment shall permit any change in the pledge of Revenues derived from the System, or in the maturity of any Bond issued hereunder, or a reduction in the rate of interest on any Bond, or in the amount of the principal obligation thereof, or in the amount of the redemption premium payable in the case of redemption thereof, or change the terms upon which the Bonds may be redeemed or make any other modification in the terms of the payment of such principal or interest without the written consent of the owner of each such Bond to which the change is applicable.

Section 11. Defeasance. When all Bonds have been discharged, all pledges, liens, covenants and other rights granted to the owners thereof by this Resolution shall cease. The Village may discharge all Bonds due on any date by depositing into a special account on or before that date a sum sufficient to pay the same in full; or if any Bonds should not be paid when due, it may nevertheless be discharged by depositing into a special account a sum sufficient to pay it in full with interest accrued from the due date to the date of such deposit. The Village, at its option, may also discharge all Bonds called for redemption on any date when they are prepayable according to their terms, by depositing into a special account on or before that date a sum sufficient to pay them in full, with the required redemption premium, if any, provided that notice of redemption has been duly given as required by this Resolution. The Village, at its option, may also discharge all Bonds of said issue at any time by irrevocably depositing in escrow with a suitable bank or trust company a sum of cash and/or bonds or securities issued or guaranteed as to principal and interest of the U.S. Government, or of a commission, board or other instrumentality of the U.S. Government, maturing on the dates and bearing interest at the rates required to provide funds sufficient to pay when due the interest to accrue on each of said Bonds to its maturity or, at the Village's option, if said Bond is prepayable to any prior date upon which it may be called for redemption, and to pay and redeem the principal amount of each such Bond at maturity, or at the Village's option, if said Bond is prepayable, at its earliest redemption date, with the premium required for such redemption, if any, provided that notice of the redemption of all prepayable Bonds on such date has been duly given or provided for. Upon such payment or deposit, in the amount and manner provided by this Section, all liability of the Village with respect to the Bonds shall cease, terminate and be completely discharged, and the owners thereof shall be entitled only to payment out of the money so deposited.

Section 12. Investments and Arbitrage. Monies accumulated in any of the funds and accounts referred to in Sections 4 and 9 hereof which are not immediately needed for the respective purposes thereof, may be invested in legal investments subject to the provisions of Sec. 66.0603(1m), Wisconsin Statutes, until needed. All income derived from such investments shall be credited to the fund or account from which the investment was made; provided, however, that at any time that the Reserve Requirement is on deposit in the Reserve Account, any income derived from investment of the Reserve Account shall be deposited into the Special Redemption Fund and used to pay principal and interest on the Bonds. A separate banking account is not required for each of the funds and accounts established under this Resolution; however, the monies in each fund or account shall be accounted for separately by the Village and used only for the respective purposes thereof. The proceeds of the Bonds shall be used solely for the purposes for which they are issued but may be temporarily invested until needed in legal investments. No such investment shall be made in such a manner as would cause the Bonds to be "arbitrage bonds" within the meaning of Section 148 of the Code or the Regulations.

An officer of the Village, charged with the responsibility for issuing the Bonds, shall, on the basis of the facts, estimates and circumstances in existence on the date of closing, make such certifications as are necessary to permit the conclusion that the Bonds are not "arbitrage bonds" under Section 148 of the Code or the Regulations.

Section 13. Resolution a Contract. The provisions of this Resolution shall constitute a contract between the Village and the owner or owners of the Bonds, and after issuance of any of

the Bonds no change or alteration of any kind in the provisions of this Resolution may be made, except as provided in Section 10, until all of the Bonds have been paid in full as to both principal and interest. The owner or owners of any of the Bonds shall have the right in addition to all other rights, by mandamus or other suit or action in any court of competent jurisdiction, to enforce such owner's or owners' rights against the Village, the governing body thereof, and any and all officers and agents thereof including, but without limitation, the right to require the Village, its governing body and any other authorized body, to fix and collect rates and charges fully adequate to carry out all of the provisions and agreements contained in this Resolution.

Section 14. Utilization of The Depository Trust Company Book-Entry-Only System. In order to make the Bonds eligible for the services provided by The Depository Trust Company, New York, New York ("DTC"), the Village agrees to the applicable provisions set forth in the Blanket Issuer Letter of Representations which the Village Administrator or other authorized representative of the Village is authorized and directed to execute and deliver to DTC on behalf of the Village to the extent an effective Blanket Issuer Letter of Representations is not presently on file in the Village Clerk's office.

Section 15. Payment of the Bonds; Fiscal Agent. The principal of and interest on the Bonds shall be paid by Bond Trust Services Corporation, which is hereby appointed as the Village's registrar and fiscal agent pursuant to the provisions of Section 67.10(2), Wisconsin Statutes (the "Fiscal Agent"). The Village hereby authorizes the President and Village Clerk or other appropriate officers of the Village to enter into a Fiscal Agency Agreement between the Village and the Fiscal Agent. Such contract may provide, among other things, for the performance by the Fiscal Agent of the functions listed in Section 67.10(2)(a) to (j), Wisconsin Statutes, where applicable, with respect to the Bonds.

Section 16. Persons Treated as Owners; Transfer of Bonds. The Village shall cause books for the registration and for the transfer of the Bonds to be kept by the Fiscal Agent. The person in whose name any Bond shall be registered shall be deemed and regarded as the absolute owner thereof for all purposes and payment of either principal or interest on any Bond shall be made only to the registered owner thereof. All such payments shall be valid and effectual to satisfy and discharge the liability upon such Bond to the extent of the sum or sums so paid.

Any Bond may be transferred by the registered owner thereof by surrender of the Bond at the office of the Fiscal Agent, duly endorsed for the transfer or accompanied by an assignment duly executed by the registered owner or his attorney duly authorized in writing. Upon such transfer, the President and Village Clerk shall execute and deliver in the name of the transferee or transferees a new Bond or Bonds of a like aggregate principal amount, series and maturity and the Fiscal Agent shall record the name of each transferee in the registration book. No registration shall be made to bearer. The Fiscal Agent shall cancel any Bond surrendered for transfer.

The Village shall cooperate in any such transfer, and the President and Village Clerk are authorized to execute any new Bond or Bonds necessary to effect any such transfer.

Section 17. Record Date. The fifteenth day of each calendar month next preceding each interest payment date shall be the record date for the Bonds (the "Record Date"). Payment of interest on the Bonds on any interest payment date shall be made to the registered owners of the

Bonds as they appear on the registration book of the Village at the close of business on the Record Date.

Section 18. Compliance with Federal Tax Laws. (a) The Village represents and covenants that the projects financed by the Bonds and the ownership, management and use of the projects will not cause the Bonds to be "private activity bonds" within the meaning of Section 141 of the Code. The Village further covenants that it shall comply with the provisions of the Code to the extent necessary to maintain the tax-exempt status of the interest on the Bonds including, if applicable, the rebate requirements of Section 148(f) of the Code. The Village further covenants that it will not take any action, omit to take any action or permit the taking or omission of any action within its control (including, without limitation, making or permitting any use of the proceeds of the Bonds) if taking, permitting or omitting to take such action would cause any of the Bonds to be an arbitrage bond or a private activity bond within the meaning of the Code or would otherwise cause interest on the Bonds to be included in the gross income of the recipients thereof for federal income tax purposes. The officers of the Village charged with the responsibility of issuing the Bonds shall provide an appropriate certificate of the Village certifying that the Village can and covenanting that it will comply with the provisions of the Code and Regulations.

(b) The Village also covenants to use its best efforts to meet the requirements and restrictions of any different or additional federal legislation which may be made applicable to the Bonds provided that in meeting such requirements the Village will do so only to the extent consistent with the proceedings authorizing the Bonds and the laws of the State of Wisconsin and to the extent that there is a reasonable period of time in which to comply.

The foregoing covenants shall remain in full force and effect, notwithstanding the defeasance of the Bonds, until the date on which all of the Bonds have been paid in full.

Section 19. Designation as Qualified Tax-Exempt Obligations. The Bonds are hereby designated as "qualified tax-exempt obligations" for purposes of Section 265 of the Code, relating to the ability of financial institutions to deduct from income for federal income tax purposes, interest expense that is allocable to carrying and acquiring tax-exempt obligations.

Section 20. Payment of Issuance Expenses. The Village authorizes the Purchaser to forward the amount of the proceeds of the Bonds allocable to the payment of issuance expenses to a financial institution selected by Ehlers at Closing for further distribution as directed by Ehlers.

Section 21. Official Statement. The Village Board hereby approves the Preliminary Official Statement with respect to the Bonds and deems the Preliminary Official Statement as "final" as of its date for purposes of SEC Rule 15c2-12 promulgated by the Securities and Exchange Commission pursuant to the Securities and Exchange Act of 1934 (the "Rule"). All actions taken by officers of the Village in connection with the preparation of such Preliminary Official Statement or Final Official Statement and any addenda to it are hereby ratified and approved. In connection with the closing of the Bonds, the appropriate Village official shall certify the Preliminary Official Statement or Final Official Statement and any addenda. The appropriate Village official shall cause copies of the Preliminary Official Statement or Final Official Statement and any addenda to be distributed to the Purchaser.

Section 22. Undertaking to Provide Continuing Disclosure. The Village hereby covenants and agrees, for the benefit of the owners of the Bonds, to enter into a written undertaking (the "Undertaking") if required by the Rule to provide continuing disclosure of certain financial information and operating data and timely notices of the occurrence of certain events in accordance with the Rule. The Undertaking shall be enforceable by the owners of the Bonds or by the Purchaser on behalf of such owners (provided that the rights of the owners and the Purchaser to enforce the Undertaking shall be limited to a right to obtain specific performance of the obligations thereunder and any failure by the Village to comply with the provisions of the Undertaking shall not be an event of default with respect to the Bonds).

To the extent required under the Rule, the officers of the Village charged with the responsibility for issuing the Bonds, shall provide a Continuing Disclosure Certificate for inclusion in the transcript of proceedings, setting forth the details and terms of the Village's Undertaking.

Section 23. Record Book. The Village Clerk shall provide and keep the transcript of proceedings as a separate record book (the "Record Book") and shall record a full and correct statement of every step or proceeding had or taken in the course of authorizing and issuing the Bonds in the Record Book.

Section 24. Bond Insurance. If the Purchaser determines to obtain municipal bond insurance with respect to the Bonds, the officers of the Village are authorized to take all actions necessary to obtain such municipal bond insurance. The President and Village Clerk are authorized to agree to such additional provisions as the bond insurer may reasonably request and which are acceptable to the President and Village Clerk including provisions regarding restrictions on investment of Bond proceeds, the payment procedure under the municipal bond insurance policy, the rights of the bond insurer in the event of default and payment of the Bonds by the bond insurer and notices to be given to the bond insurer. In addition, any reference required by the bond insurer to the municipal bond insurance policy shall be made in the form of Bond provided herein.

Section 25. Execution of the Bonds; Closing; Professional Services. The Bonds shall be issued in printed form, executed on behalf of the Village by the manual or facsimile signatures of the President and Village Clerk, authenticated, if required, by the Fiscal Agent, sealed with its official or corporate seal, if any, or a facsimile thereof, and delivered to the Purchaser upon payment to the Village of the purchase price thereof, plus accrued interest to the date of delivery (the "Closing"). The facsimile signature of either of the officers executing the Bonds may be imprinted on the Bonds in lieu of the manual signature of the officer but, unless the Village has contracted with a fiscal agent to authenticate the Bonds, at least one of the signatures appearing on each Bond shall be a manual signature. In the event that either of the officers whose signatures appear on the Bonds shall cease to be such officers before the Closing, such signatures shall, nevertheless, be valid and sufficient for all purposes to the same extent as if they had remained in office until the Closing. The aforesaid officers are hereby authorized and directed to do all acts and execute and deliver the Bonds and all such documents, certificates and acknowledgements as may be necessary and convenient to effectuate the Closing. The Village hereby authorizes the officers and agents of the Village to enter into, on its behalf, agreements and contracts in conjunction with the Bonds, including but not limited to agreements and

contracts for legal, trust, fiscal agency, disclosure and continuing disclosure, and rebate calculation services. Any such contract heretofore entered into in conjunction with the issuance of the Bonds is hereby ratified and approved in all respects.

Section 26. Conflicting Ordinances or Resolutions. All prior ordinances, resolutions (other than the Prior Resolutions), rules, or orders, or parts thereof heretofore enacted, adopted or entered, in conflict with the provisions of this Resolution, are hereby repealed and this Resolution shall be in effect from and after its passage. In case of any conflict between this Resolution and the provisions of the Prior Resolutions, the terms of the Prior Resolutions shall prevail so long as any Prior Bonds are outstanding.

Adopted, approved and recorded April 14, 2026.

(Form of Bond)

REGISTERED UNITED STATES OF AMERICA DOLLARS
STATE OF WISCONSIN
WASHINGTON COUNTY
NO. R-____ VILLAGE OF JACKSON \$_____
WATER AND SEWER SYSTEM REVENUE BOND, SERIES 2026B

MATURITY DATE: ORIGINAL DATE OF ISSUE: INTEREST RATE: CUSIP:
May 1, _____ May 1, 2026 _____% _____

DEPOSITORY OR ITS NOMINEE NAME: CEDE & CO.

PRINCIPAL AMOUNT: _____ THOUSAND DOLLARS
(\$_____)

FOR VALUE RECEIVED, the Village of Jackson, Washington County, Wisconsin (the "Village"), hereby acknowledges itself to owe and promises to pay to the Depository or its Nominee Name (the "Depository") identified above (or to registered assigns), solely from the fund hereinafter specified, on the maturity date identified above, the principal amount identified above, and to pay interest thereon at the rate of interest per annum identified above, all subject to the provisions set forth herein regarding redemption prior to maturity. Interest shall be payable semi-annually on May 1 and November 1 of each year commencing on May 1, 2027 until the aforesaid principal amount is paid in full. Both the principal of and interest on this Bond are payable to the registered owner in lawful money of the United States. Interest payable on any interest payment date shall be paid by wire transfer to the Depository in whose name this Bond is registered on the Bond Register maintained by Bond Trust Services Corporation (the "Fiscal Agent") or any successor thereto at the close of business on the 15th day of the calendar month next preceding the semi-annual interest payment date (the "Record Date"). This Bond is payable as to principal upon presentation and surrender hereof at the office of the Fiscal Agent.

The Bonds maturing on May 1, 2036 and thereafter are subject to redemption prior to maturity, at the option of the Village, on May 1, 2035 or on any date thereafter. Said Bonds are redeemable as a whole or in part, and if in part, from maturities selected by the Village and within each maturity, by lot (as selected by the Depository), at the principal amount thereof, plus accrued interest to the date of redemption.

【The Bonds maturing in the years _____ are subject to mandatory redemption by lot as provided in the Resolution referenced below at the redemption price of par plus accrued interest to the date of redemption and without premium.】

In the event the Bonds are redeemed prior to maturity, as long as the Bonds are in book-entry-only form, official notice of the redemption will be given by mailing a notice by registered or certified mail, overnight express delivery, facsimile transmission, electronic transmission or in any other manner required by the Depository, to the Depository not less than thirty (30) days nor more than sixty (60) days prior to the redemption date. If less than all of the Bonds of a maturity are to be called for redemption, the Bonds of such maturity to be redeemed will be selected by lot. Such notice will include but not be limited to the following: the designation, date and maturities of the Bonds called for redemption, CUSIP numbers, and the date of redemption. Any notice provided as described herein shall be conclusively presumed to have been duly given, whether or not the registered owner receives the notice. The Bonds shall cease to bear interest on the specified redemption date provided that federal or other immediately available funds sufficient for such redemption are on deposit at the office of the Depository at that time. Upon such deposit of funds for redemption the Bonds shall no longer be deemed to be outstanding.

This Bond is one of an issue aggregating \$1,475,000, issued to finance additions, improvements and extensions to the Village's Water System and Sewer System (collectively, the "System"), pursuant to Article XI, Section 3, of the Wisconsin Constitution, Section 66.0621, Wisconsin Statutes, acts supplementary thereto and a Resolution adopted April 14, 2026, and entitled: "Resolution Authorizing the Issuance and Sale of \$1,475,000 Water and Sewer System Revenue Bonds, Series 2026B" (the "Resolution") and is payable only from the income and revenues of the System. Such revenues have been set aside and pledged as a special fund for that purpose and identified as "Special Redemption Fund", created by a resolution adopted by the Village on June 13, 2023 and continued by the Resolution. The Bonds are issued on a parity with the Water and Sewer System Revenue Bonds, Series 2023B, dated July 6, 2023 and the Water and Sewer System Revenue Bonds, Series 2024, dated July 10, 2024. This Bond does not constitute an indebtedness of the Village within the meaning of any constitutional or statutory debt limitation or provision.

This Bond has been designated by the Village Board as a "qualified tax-exempt obligation" pursuant to the provisions of Section 265(b)(3) of the Internal Revenue Code of 1986, as amended.

This Bond is transferable only upon the books of the Village kept for that purpose at the office of the Fiscal Agent, only in the event that the Depository does not continue to act as depository for the Bonds, and the Village appoints another depository, upon surrender of the Bond to the Fiscal Agent, by the registered owner in person or his duly

authorized attorney, together with a written instrument of transfer (which may be endorsed hereon) satisfactory to the Fiscal Agent duly executed by the registered owner or his duly authorized attorney. Thereupon a new fully registered Bond in the same aggregate principal amount shall be issued to the new depository in exchange therefor and upon the payment of a charge sufficient to reimburse the Village for any tax, fee or other governmental charge required to be paid with respect to such registration. The Fiscal Agent shall not be obliged to make any transfer of the Bonds (i) after the Record Date, (ii) during the fifteen (15) calendar days preceding the date of any publication of notice of any proposed redemption of the Bonds, or (iii) with respect to any particular Bond, after such Bond has been called for redemption. The Fiscal Agent and Village may treat and consider the Depository in whose name this Bond is registered as the absolute owner hereof for the purpose of receiving payment of, or on account of, the principal or redemption price hereof and interest due hereon and for all other purposes whatsoever. The Bonds are issuable solely as negotiable, fully-registered Bonds without coupons in the denomination of \$5,000 or any integral multiple thereof.

It is hereby certified, recited and declared that all conditions, things and acts required by law to exist, happen, and be performed precedent to and in the issuance of this Bond have existed, have happened and have been performed in due time, form and manner as required by law; and that sufficient of the income and revenue of the Village's System has been pledged to and will be set aside into a special fund for the payment of the principal of and interest on this Bond.

This Bond shall not be valid or obligatory for any purpose until the Certificate of Authentication hereon shall have been signed by the Fiscal Agent.

IN WITNESS WHEREOF, the Village of Jackson, Washington County, Wisconsin, by its governing body, has caused this Bond to be executed for it and in its name by the manual or facsimile signatures of its duly qualified President and Interim Village Clerk; and to be sealed with its official or corporate seal, if any, all as of the original date of issue specified above.

Jackson Fire Department

N168W19851 Main Street
Jackson, Wisconsin 53037
Telephone (262) 677-3811

Dear Members of the Village Board,

The Fire Department respectfully submits this memo requesting authorization to conduct fundraising efforts to support the purchase of a new Utility Task Vehicle (UTV) for department operations.

Purpose and Intended Use of UTV

The addition of a UTV will enhance our emergency response capabilities, particularly in environments where traditional apparatus cannot safely or effectively operate. Intended uses include:

- Marsh and wilderness rescues
- Support of Department of Natural Resources (DNR) prescribed burn agreements
- Grass and wildland fire response
- Mutual aid requests in surrounding jurisdictions
- Railroad-related emergency calls
- Farm equipment fires and rural incidents
- Access to confined or limited-access areas
- Ice rescue and snowmobile trail incidents
- Rapid response for time-sensitive emergencies
- Public relations and community engagement events – Fair park, Action in Jackson, sporting events

Estimated Project Cost

The anticipated total cost for the UTV and associated equipment is approximately **\$70,000**, which includes:

- Base UTV unit
- Fire/rescue skid package
- Emergency lighting, sirens, and vehicle graphics
- Warranty coverage/Maintenance contingency

Fundraising Plan

To minimize the financial burden on the Village, the Department proposes a diversified fundraising approach, including:

- Targeted solicitation of local businesses and corporate partners
- Community-based events such as car washes and brat fry fundraisers
- A joint campaign coordinated with the Department's annual public education funding request

This investment will significantly improve operational efficiency, responder safety, and service delivery to our community. We respectfully request the Board's approval to proceed with the outlined fundraising efforts.

Thank you for your consideration and continued support of the Fire Department.

Sincerely,
Jason Gonzalez
Battalion Chief

Jackson UTV

Capabilities/Usage

- Marsh Rescues – crew/equipment and patient accessibility
- DNR agreement to assist in maintenance burns
- Grass fires
- Mutual aid requests
- Railroad calls
- Farm equipment fires
- Drive anywhere in the area/ New policies
- Confined areas/ Limited Access
- Ice Rescue/ snowmobile trail calls
- Quick Response
- PR Events (Fair Park/Action in Jackson/ Block Party/Sporting events)

UTV Options

- Seats 2-4
- Gas tank or diesel
- 1000 lb cargo bed capacity
- Winch if equipped
- Base Price
 - \$17000-20000
- Inclosed Cab Option w/
climate control, winch,
glass windows
 - \$35000
- Wheel plus Track option
 - \$7000 plus install

Skid Unit – Fire/EMS

- QTAC, Skeeter
- \$7,995.00-10,995.00
- Average tank size 85 gallons

Total cost approximation

- UTV unit - \$35,000
- Fire/Rescue Skid unit - \$10,000
- Lights/sirens/graphics - \$ 10,000
- Trailer - \$10,000
- Extended Warranty/Maintenance - \$5,000

- **Total fundraiser goal - \$70,000**

Fundraiser efforts

- Targeted company campaign
- Joint Public Education/general annual campaign
- Ongoing variety of fundraising activities : car wash, brat fry, restaurant nights
- Exploring partnership with Fair Ground activities/vendors

STAFF MEMO

Village of Jackson Plan Commission

Meeting Date: March 19, 2026

Agenda Item: Item #4

To: Brian Heckendorf, Village President
Village of Jackson Plan Commission
Jen Heidtke, Village Administrator

From: Collin Johnson, Director of Inspections and Zoning

Subject: Conditional Use and Site Plan Review – N160 W19170 Sherman Road– Elite Energy Distribution – David Strange

Background and Analysis:

Factory Surplus Batteries, Inc. d/b/a Elite Energy Distribution seeks to purchase the property located at N160 W19170 Sherman Road and operate an electronics recycling and retail battery supply business at the location. Elite Energy Distribution is an EPA and WI-DNR approved professional supplier of recycling services ranging from household electronics to commercial equipment. Their primary focus is the recycling of a variety of batteries, metals, and e-scrap.

The site is comprised of nearly nine acres with an adjacent 5-acre undeveloped parcel and is bordered to the north, east, south, and west by residential development. The main site includes a 43,500 sf. manufacturing facility and a 7,086 standalone office building. Total building area is 50,586 sf. The site was previously home to Sigma Engineered Solutions, a metal casting a finishing business serving a variety of industries. Sigma closed in 2024 and the buildings have remained vacant since.

The warehouse and distribution business would operate Monday through Friday from 7:00am to 5:00pm and employ up to 20 people. Trucking operations would consist of roughly 1 to 5 trucks entering/leaving the property with approximately five retail customers visiting throughout any given day to drop off electronics for recycling or to purchase battery supplies.

There are 30 parking spaces including one ADA parking stall currently available. This is consistent with current Village code. Several site improvements are planned to include roof replacement, repainting the building exterior, a fenced refuse enclosure, and general clean up and enhancement of the overall landscaping. The existing monument sign would be reused. A fenced in outdoor yard area will also be established along the west side of the building to house eight large recycling/storage containers.

Comprehensive Plan & Zoning Impacts:

The property is designated as Industrial under the current Comprehensive Plan and currently zoned M-1 Limited Manufacturing. The M-1 District is intended to provide for manufacturing, industrial, and related uses of a limited nature and size in situations where such uses are not located in basic industrial groupings and where the relative proximity to other uses requires more restrictive regulation. There are no anticipated current or future impacts to either the Comprehensive Plan or zoning designation.

Site Plan:

See attached location map and site plan

Additional Staff Comments:

Building Inspection and Zoning

Staff recommends approval of the Conditional Use and Site Plan as detailed in the submittal.

Review Procedures:

The Plan Commission is advisory; and the Village Board makes the final decision.

Notice Requirements:

- Posting on the agenda
- Notification of all contiguous property owners
- Publication of a Class II Legal Notice is required prior to the Public Hearing

Potential Action:

Motion to recommend the Village Board approve the conditional use and site plan for Elite Energy Distribution, to operate an electronics recycling and retail battery supply business at N160 W19170 Sherman Road.

Please provide as much detailed information as possible. (Add additional pages if needed.)

Briefly explain what you are requesting to be reviewed and/or approved:

I am writing to formally express our intent to request consideration for a zoning approval for the property located at N160W19170 Sherman Road in the Village of Jackson. Our business (Elite Energy Distribution) requires a site that is Light Industrial/Manufacturing(M1) which is ideal for warehouse storage, logistics, and distribution activities. We would be owner-occupied business.

Provide a brief overview of proposed use(s) of entire property and/or lease space:

The property, N160W19170 Sherman Rd, with building(s) would be home to our warehouse/distribution and the corporate offices. As a large quantity universal waste handler, approved by the US EPA and the DNR of Wisconsin we manage almost all electronics such as laptops, PCs, servers, printers and smaller devices such as cellphones which carry a BCD, battery containing device, which we manage batteries as well. These batteries could be as small as AA alkaline batteries and as big a vehicle or forklift battery and almost everything in between.

We also are a distributor of batteries; automotive, lawn & garden, boat and many more. We sell directly to businesses and directly to consumers via our retail outlets.

Hours of Operation:

Monday – Friday 7:00am to 5:00pm

Provide a brief overview of proposed daily on-site operations:

We daily receive goods, inventory management, order picking, packaging, and shipping. Our shipping and receiving would operate forklifts. Our electronic technicians will segregate material by type and finished goods packaged in compliance with industry standards. Our battery technicians in the same way manage batteries by type and package according to industry standards. These same techs will assist in stocking and filling battery orders for our customers. We deliver our products via common carrier and our own vehicles. Administration would handle accounting, clerical tasks, scheduling and other internal and external communications.

Describe any potential environmental impacts from the proposed use including but not limited to exterior storage, noise, smoke, dust, odors, hazardous materials, vibration, horns, speakers, vehicles and equipment operation and exterior generators, HVAC, or other stationary mechanical equipment, etc.:

Since we do not handle hazardous materials, our environmental impacts are very limited. The buildings contain exterior HVAC units which seem to operate normally, we have delivery vehicles and containers that will be parked outside, and, in the future, we would like to install a backup generator in case of power failure. Regarding containers outside they would be shipping containers and commercial trailers all fully closed as to not collect water and allow for no runoff. Inside the building we have electric conveyors, box tippers, washer, forklifts, pallet jacks, air compressor. There will be no noise above the normal state, with zero smoke, dust, odors, horns or loudspeakers.

Describe all businesses, properties and other entities located adjacent to the proposed use:

The property adjacent to the west is vacant land, the property directly to the north is housing, the property to the east is 2 single family units. The property directly south across Sherman Road is a subdivision.

Describe any proposed, development, on-site improvements, or other construction/remodeling activities:

Parts of this property are unsightly and would need the following improvements: roof (4 sections), interior renovations to warehouse, upgrade bathrooms, demo old rooms which would open more warehouse space, clean, update and paint interior. Exterior would get a curb appeal; designate parking areas, trim trees and bushes, landscape, fix all man doors, overhead doors and make exterior of the building airtight by fixing siding, paint exterior, on northside of building open lot to accommodate outside storage of trucks and equipment.

Describe any proposed grading, and/or stormwater management plan:

We need a lot to park our trucks, equipment and turnabout for semi-trucks to access the docks. The location would be on the north side of the building away from any public Right-Of-Way (Encroachment). There will be dirt needed along the east side of the building to make ground level with building for landscaping purposes.

Describe any proposed landscape plan/improvements including driveways, sidewalks, vegetative plantings, etc.:

Trim existing bushes and trees to make sure they are out of right-of-way of public, pull weeds, remove overgrown/dead undergrowth from flowerbeds, mow and trim.

Describe any proposed on-site security measures including site lighting:

24-hour camera security both indoors and outdoors, with cloud base backup, and 3rd party monitoring service. Outside lighting would be on the building downward facing to illuminate pathways and parking area.

Describe any existing or proposed Life Safety Systems (Includes fire hydrants, fire suppression & fire alarm systems):

The building comes with an existing fire suppressant system and property has a fire hydrant directly in front of the property. Additional fire alarm system would be added and integrated with our security system.

Describe the projected traffic circulation and impacts:

Traffic would include our employee and customer parking (10-20 vehicles), trucks coming in and out daily (1-5). All vehicles would approach from either the east or west on Sherman Road. No trucks would park or idle on Sherman Road as the property has plenty of room to accommodate staging. Consumers will have daily access to drop off electronics. Currently we average 1-5 customers daily.

List all setbacks from rights-of-way and property lines and height limitations:

Warehouse setback is 87.51' from Sherman Road directly south and 182.37' from west property line and 649.02' to north property line. Office setback is 48.90' from Sherman Road directly south. Building height at peak is 25' and less. Height restrictions for the east side of the property due to high tension power lines but there is a 125' easement so no buildings will be built under that.

Provide status of State/Federal License(s) or Certificate(s) required for operation, if any:

US EPA site ID will be needed once occupancy permit is obtained. We currently have one at all our locations.

Does this project require other Jurisdictional Approvals from other Governmental or Regulatory entities?

NO

Describe any proposed signage including type, size, and location:

Monument sign, 5' height x 6.5' length x 1' width (reuse of existing sign on property) Location of sign is southwest of the office, in between the office and the road. See sign picture.

If construction is proposed, describe proposed exterior building materials (type, color, etc.):

The exterior façade is made up of metal and concrete. Renovations to the exterior; replacement of some of the metal panels, where needed and replace all exit doors, where needed. Paint the metal exterior gray, see paint sample. The office building has textured block, and the newer warehouse is Spancrete (concrete) so there is no need for paint. This will blend nicely with (Battleship) grey.

Describe any site-specific features/constraints, etc.:

None

Outline proposed parking requirements including number of spaces plus those dedicated for handicapped parking:

30 parking spaces for employees and visitors with 1-dedicated Handi-cap parking space. See parking plan.

Describe all proposed screening/buffering from adjacent properties (where required by ordinance):

There is an existing mound around the northwest and north side of the property line. The other half of the north boundary borders woods. The west side of the property line is bordered by bushes. The south side of the property is on Sherman Road.

Describe the proposed provisions for refuse and recycling collection/storage and required screening/buffering:

Our 8-yard containers will be placed in a containment area shielded by a fence and will be readily and easily accessible to the waste company.

Projected Sewer/Wastewater Usage: 125K gal/year

Projected Water Usage: 95K gal/year

ACKNOWLEDGEMENT & SIGNATURES

I/We hereby certify that I/We have reviewed the above Village of Jackson Plan Commission application and requirements, and hereby certify that the above information, attachments, and exhibits are complete, true and correct. I/We further understand that any missing or incomplete information may result in a delay of the review of this application. The Village reserves the right to request additional information as deemed necessary.

You MUST sign and date this Application!

Letter of Intent

To whom it may concern,

I am writing on behalf of Factory Surplus Batteries, Inc., doing business as Elite Energy Distribution, to request consideration for zoning approval for the property located at N160 W19170 Sherman Road in the Village of Jackson. Our business requires light Industrial/manufacturing (M1) site, suitable for operations such as warehousing, logistics, and distribution. Elite Energy Distribution is a registered E-cycle Collector with the Wisconsin DNR and holds multiple certifications including ISO:45001, ISO:14001, and R2V3. We manage a wide range of electronics, including laptops, PCs, servers, printers, and smaller devices such as cellphones. Additionally, we manage batteries from household alkaline to automotive types. Our distribution includes the sale of automotive, lawn and garden, and marine batteries, serving both businesses and individual consumers. Our client base includes auto-part stores and boat dealerships across the region.

We kindly request that this proposal be added to the agenda for the next Plan Commission meeting. I would greatly appreciate the opportunity to present our plans and answer any questions.

Thank you for your time and consideration.

Sincerely,
David Strange
President/CEO

STAFF MEMO

Village of Jackson Public Works

To: Brian Heckendorf, Village President
Jen Heidtke, Village Administrator

CC: Board of Public Works; Village Board

From: Jack Straehler, Director of Public Works

Subject: Review of 2025 Jackson Water Utility – Consumer Confidence Report (CCR)

Meeting Date: March 31, 2026 – Board of Public Works

Background and Analysis:

This memo is to inform the Board of the 2025 Consumer Confidence Report (CCR) for the Village of Jackson Water Utility. The report includes the testing of all five (5) municipal wells and has been completed in accordance with state and federal regulations. The Village of Jackson works to ensure transparency and public confidence in our water supply.

This report includes key information on water sources, detected contaminants, and potential health effects. It summarizes the quality of drinking water provided to our residents over the past year and demonstrates continued compliance with water quality standards. A few key definitions are provided below for interpretation and clarification.

- **Range:** This shows the lowest and highest levels of the contaminant that were detected across all five wells.
 - *Example:* If the range is 1.0 – 3.0 ppm, it means the lowest level found was 1.0 ppm and the highest level was 3.0 ppm.
- **MCL (Maximum Contaminant Level):** This is the highest level of contaminant that is allowed in drinking water, as established by regulatory authorities.
- **Level Found:** This is reported as the highest level detected in any of the five wells. This value is compared to the MCL to determine compliance.

Please let me know if you have any questions.

JS

Recommendation:

Board of Public Works recommends the Village Board approve the 2025 Consumer Confidence Report and authorize staff to publish the report on the Village website and in the local newspaper as required by the Wisconsin Department of Natural Resources.

Water System Information and Opportunity for input on decisions affecting your water quality

The Jackson Water Utility is pleased to report that the drinking water is safe and meets federal and state requirements. If you have any questions about this report or your water utility, please contact Jack Straehler, Director of Public Works or Luke Paulus, Water Utility Supervisor at 262-677-070. The Jackson Water Utility wants the valued customers to be informed about their water utility. In the continuing efforts to maintain a safe and dependable water supply, there may be times necessary to make improvements to the water system. The costs of these improvements may be reflected in the rate structure. Rate adjustments may be necessary to address these improvements. Also, you are invited to attend any of our regularly scheduled Village Board meetings. Village board meets the second Tuesday of each month at 7:30 PM, and the Board of Public Works meets the last Tuesday of each month at 6:00 PM.

Health Information

Drinking water, including bottled water, may reasonably be expected to contain at least some small amounts of contaminants. The presence of contaminants does not necessarily indicate that water poses a health risk. More information about contaminants and potential health effects can be obtained by calling the Environmental Protection Agency's safe drinking water hotline (800-426-4791).

Some people may be more vulnerable to contaminants in drinking water than the general population. Immuno-compromised persons such as persons with cancer undergoing chemotherapy, persons who have undergone organ transplants, people with HIV/AIDS or other immune systems disorders, some elderly, and infants can be particularly at risk from infections. These people should seek advice about drinking water from their health care providers. EPA/CDC guidelines on appropriate means to lessen the risk of infection by cryptosporidium and other microbial contaminants are available from the Environmental Protection Agency's safe drinking water hotline (800-426-4791).

Source(s) of Water

100% ground water, obtained from five (5) active producing wells, of which two (2) of the wells are artesian flowing. Other facilities include two (2) water towers for a combined storage capacity of 750,000 gallons and one (1) booster station. The utility uses chlorine as a disinfecting agent and adds a blended phosphate to the drinking water. This blend of phosphates is a sequestering agent used to control red water, discoloration, scale deposits, and corrosion of watermains, service lines and plumbing. Phosphorus is a major component in a

person's diet and is found in almost all foods. The National Sanitation Foundation and the Underwriters Laboratories approve this food grade formula for use in public drinking water. The utility also maintains a total of approximately 52 miles of water main, and 3784 customers connected to those mains. In 2025, the water utility pumped a total of 249,538,201 gallons of water.

Source ID	Source	Depth (in feet)	Status
1	Groundwater	260	Active
3	Groundwater	304	Active
4	Groundwater	457	Active
5	Groundwater	215	Active
6	Groundwater	370	Active

Educational Information

The sources of drinking water, both tap water and bottled water, include rivers, lakes, streams, ponds, reservoirs, springs and wells. As water travels over the surface of the land or through the ground, it dissolves naturally occurring minerals and, in some cases, radioactive material, and can pick up substances resulting from the presence of animals or from human activity.

Contaminants that may be present in source water include:

- Microbial contaminants, such as viruses and bacteria, which may come from sewage treatment plants, septic systems, agricultural livestock operations and wildlife.
- Inorganic contaminants, such as salts and metals, which can be naturally- occurring or result from urban stormwater runoff, industrial or domestic wastewater discharges, oil and gas production, mining or farming.
- Pesticides and herbicides, which may come from a variety of sources such as agriculture, urban stormwater runoff and residential uses.
- Organic chemical contaminants, including synthetic and volatile organic chemicals, which are by-products of industrial processes and petroleum production, and can also come from gas stations, urban stormwater runoff and septic systems.
- Radioactive contaminants, which can be naturally occurring or be the result of oil and gas production and mining activities.

In order to ensure that tap water is safe to drink, EPA prescribes regulations that limit the amount of certain contaminants in water provided by public water systems. FDA regulations establish limits for contaminants in bottled water, which shall provide the same protection for public health.

Definitions

Term	Definition
AL	Action Level: The concentration of a contaminant which, if exceeded, triggers treatment or other requirements which a water system must follow.
HA and HAL	HA: Health Advisory. An estimate of acceptable drinking water levels for a chemical substance based on health effects information. HAL: Health Advisory Level is a concentration of a contaminant which, if exceeded, poses a health risk and may require a system to post a public notice. Health Advisories are determined by US EPA.
HI	HI: Hazard Index: A Hazard Index is used to assess the potential health impacts associated with mixtures of contaminants. Hazard Index guidance

	for a class of contaminants or mixture of contaminants may be determined by the US EPA or Wisconsin Department of Health Services. If a Health Index is exceeded a system may be required to post a public notice.
Level 1 Assessment	A Level 1 assessment is a study of the water system to identify potential problems and determine, if possible, why total coliform bacteria have been found in our water system.
Level 2 Assessment	A Level 2 assessment is a very detailed study of the water system to identify potential problems and determine, if possible, why an E. coli MCL violation has occurred or why total coliform bacteria have been found in our water system, or both, on multiple occasions.
MCL	Maximum Contaminant Level: The highest level of a contaminant that is allowed in drinking water. MCLs are set as close to the MCLGs as feasible using the best available treatment technology.
MCLG	Maximum Contaminant Level Goal: The level of a contaminant in drinking water below which there is no known or expected risk to health. MCLGs allow for a margin of safety.
MFL	million fibers per liter
MRDL	Maximum residual disinfectant level: The highest level of a disinfectant allowed in drinking water. There is convincing evidence that addition of a disinfectant is necessary for control of microbial contaminants.
MRDLG	Maximum residual disinfectant level goal: The level of a drinking water disinfectant below which there is no known or expected risk to health. MRDLGs do not reflect the benefits of the use of disinfectants to control microbial contaminants.
mrem/year	millirems per year (a measure of radiation absorbed by the body)
NTU	Nephelometric Turbidity Units
pCi/l	picocuries per liter (a measure of radioactivity)
ppm	parts per million, or milligrams per liter (mg/l)
ppb	parts per billion, or micrograms per liter (ug/l)
ppt	parts per trillion, or nanograms per liter
ppq	parts per quadrillion, or picograms per liter
PHGS	PHGS: Public Health Groundwater Standards are found in NR 140 Groundwater Quality. The concentration of a contaminant which, if exceeded, poses a health risk and may require a system to post a public notice.
RPHGS	RPHGS: Recommended Public Health Groundwater Standards: Groundwater standards proposed by the Wisconsin Department of Health Services. The concentration of a contaminant which, if exceeded, poses a health risk and may require a system to post a public notice.
SMCL	Secondary drinking water standards or Secondary Maximum Contaminant Levels for contaminants that affect taste, odor, or appearance of the drinking water. The SMCLs do not represent health standards.
TCR	Total Coliform Rule
TT	Treatment Technique: A required process intended to reduce the level of a contaminant in drinking water.

Detected Contaminants

Your water was tested for many contaminants last year. We are allowed to monitor for some contaminants less frequently than once a year. The following tables list only those contaminants which were detected in your water. If a contaminant was detected last year, it will appear in the

following tables without a sample date. If the contaminant was not monitored last year, but was detected within the last 5 years, it will appear in the tables below along with the sample date.

Disinfection Byproducts

Contaminant (units)	Site	MCL	MCLG	Level Found	Range	Sample Date (if prior to 2025)	Violation	Typical Source of Contaminant
HAA5 (ppb)	B-11	60	60	2	2		No	By-product of drinking water chlorination
TTHM (ppb)	B-11	80	0	2.2	2.2		No	By-product of drinking water chlorination

Inorganic Contaminants

Contaminant (units)	Site	MCL	MCLG	Level Found	Range	Sample Date (if prior to 2025)	Violation	Typical Source of Contaminant
ARSENIC (ppb)		10	n/a	7	2 - 7	9/11/2023	No	Erosion of natural deposits; Runoff from orchards; Runoff from glass and electronics production wastes
BARIUM (ppm)		2	2	0.079	0.066 - 0.079	9/11/2023	No	Discharge of drilling wastes; Discharge from metal refineries; Erosion of natural deposits
FLUORIDE (ppm)		4	4	0.2	0.2 - 0.2	9/11/2023	No	Erosion of natural deposits; Water additive which promotes strong teeth; Discharge from fertilizer and aluminum factories
NICKEL (ppb)		100		1.4000	0.0000 - 1.4000	9/11/2023	No	Nickel occurs naturally in soils, ground water and surface waters and is often used in electroplating, stainless steel and alloy products.
NITRATE (N03-N) (ppm)		10	10	2.70	0.00 - 2.70		No	Runoff from fertilizer use; Leaching from septic tanks,

Contaminant (units)	Site	MCL	MCLG	Level Found	Range	Sample Date (if prior to 2025)	Violation	Typical Source of Contaminant
								sewage; Erosion of natural deposits
SODIUM (ppm)		n/a	n/a	21.00	8.40 - 21.00	9/11/2023	No	n/a

Contaminant (units)	Action Level	MCLG	90th Percentile Level Found	Range	# of Results	Sample Date (if prior to 2025)	Violation	Typical Source of Contaminant
COPPER (ppm)	AL=1.3	1.3	0.5300	0.0210 - 0.6900	0 of 20 results were above the action level.	9/10/2024	No	Corrosion of household plumbing systems; Erosion of natural deposits; Leaching from wood preservatives
LEAD (ppb)	AL=15	0	2.40	0.00 - 24.00	1 of 20 results were above the action level.	9/10/2024	No	Corrosion of household plumbing systems; Erosion of natural deposits

Radioactive Contaminants

Contaminant (units)	Site	MCL	MCLG	Level Found	Range	Sample Date (if prior to 2023)	Violation	Typical Source of Contaminant
GROSS ALPHA, EXCL. R & U (pCi/l)		15	0	2.1	0.0 - 2.1	9/15/2020	No	Erosion of natural deposits
RADIUM, (226 + 228) (pCi/l)		5	0	1.3	0.0 - 1.3	9/15/2020	No	Erosion of natural deposits
COMBINED URANIUM (ug/l)		30	0	0.6	0.0 - 0.6	10/19/2020	No	Erosion of natural deposits

Unregulated Contaminants

Unregulated contaminants are those for which EPA has not established drinking water standards. The purpose of unregulated contaminant monitoring is to assist EPA in determining the occurrence of unregulated contaminants in drinking water and whether future regulation is warranted. EPA required us to participate in this monitoring.

Contaminant (units)	Level Found	Range	Sample Date (if prior to 2025)
Lithium (ppb)	9.9	9.0– 9.9	1/23/2024-8/6/2024

Additional Health Information

While your drinking water meets USEPA's standard for **arsenic**, it does contain low levels of arsenic. USEPA's standard balances the current understanding of arsenic's possible health effects against the costs of removing arsenic from drinking water. USEPA continues to research the health effects of low levels of arsenic, which is a mineral known to cause cancer in humans at high concentrations and is linked to other health effects such as skin damage and circulatory problems.

Lead can cause serious health problems, especially for pregnant women and young children. Lead in drinking water is primarily from materials and components associated with service lines and home plumbing. Jackson Waterworks is responsible for providing high quality drinking water and removing lead pipes but cannot control the variety of materials used in plumbing components in your home. You share the responsibility for protecting yourself and your family from the lead in your home plumbing. You can take responsibility by identifying and removing lead materials within your home plumbing and taking steps to reduce your family's risk. Before drinking tap water, flush your pipes for several minutes by running your tap, taking a shower, doing laundry or a load of dishes. You can also use a filter certified by an American National Standards Institute accredited certifier to reduce lead in drinking water. If you are concerned about lead in your water and wish to have your water tested, contact Jackson Waterworks (Luke Paulus at 262) 677-0707. Information on lead in drinking water, testing methods, and steps you can take to minimize exposure is available at <http://www.epa.gov/safewater/lead>.

Additional Information on Service Line Materials

We developed an inventory of service lines connected to our distribution system. You can access the inventory by visiting the Village of Jackson website: <https://villageofjacksonwi.gov/>

Respectfully submitter,
Jack Straehler, Director of Public Works

STAFF MEMO

Village of Jackson Public Works

To: Brian Heckendorf, Village President
Jen Heidtke, Village Administrator

CC: Board of Public Works; Budget and Finance; Village Board

From: Jack Straehler, Director of Public Works

Subject: Ordinance Amendment- Chapter 42, Section 86 – Limited Parking in Certain Areas

Meeting Date: March 31, 2026 – Board of Public Works

Background and Analysis:

This memo is to inform the board of an update to Chapter 42, Section 86 – Limited Parking in Certain Areas.

In connection with the West Bend School District Jackson Elementary site improvements, a traffic study was conducted by Traffic Analysis and Design, Inc. (TADI). The study was reviewed by the Village's consultant engineer, Cedar Corporation, as well as by staff and the Village Board.

As a result of these reviews, it is recommended that the ordinance be amended to include no parking in the following locations:

- Jackson Drive: East side between Main Street and Hickory Lane
- Jackson Drive: West side between Main Street and Hickory Lane
- Spruce Street: North side between Ridgeway Drive and the West Bend School District driveway
- Hemlock Street: East side between Hickory Lane and Spruce Street

Please see the attached updated ordinance to reflect these changes.

If you have any questions, please let me know.

JS

Recommendation:

Board of Public Works recommends the Village Board approve the ordinance update to Chapter 42, Section 86 – Limited Parking in Certain Areas.

ORDINANCE #26-01

**AMENDING CHAPTER 42 OF THE VILLAGE CODE
REGARDING SEC. 42-86 – LIMITED PARKING IN CERTAIN AREAS;
LOADING ZONES**

**THE VILLAGE BOARD OF THE VILLAGE OF JACKSON, WASHINGTON COUNTY,
WISCONSIN**, does hereby ordain the following changes to the Village Code:

SECTION I. Chapter 42 Section 86. (1) a. of the Village Code of the Village of Jackson is hereby recreated to read as follows:

- (1) No parking.
a. No parking at any time in the following areas:

Street/Location	Area
Main Street (South 60)	North and south side from the eastern village limits to the western village limits.
Jackson Drive	East side, north of Wilshire Drive to 38 feet north.
	East side, south of Wilshire Drive to 15 feet south.
	West side, north of Main Street (South 60) to six feet north of the alley.
	East and west side, between Main Street (South 60) and Hickory Lane.
Industrial Drive	West side, south of Tower Drive, 110 feet south.
	East side, between Main Street (South 60) to the entrance to Green Valley III.
Tower Drive	North side, east of Industrial Drive, 50 feet east.
	South side, from Industrial Drive to Center Street.
Eagle Drive	East and west sides from Main Street (South 60) to Hickory Lane.
Cedar Run Drive	South and west side from just west of to the intersection of Lea Fon Circle as posted.
Glen Brooke Drive	East and west side from Main Street (South 60) to South Street.
	East and west sides from Sherman Road to approximately 100 feet south of Glen Hill Drive.
Reynolds Street	North side from Western Avenue to Center Street.
South Street	South side from Western Avenue to Center Street.
Western Avenue	West side from Main Street to South Street.
Cedar Parkway	West side north of Sysco Drive approximately 275 feet north.

North Ridgeway Drive	West side, south of Willow Ridge Drive, south to approximately 50 feet north of the south lot line W198 N17011 North Ridgeway Drive.
North Center Street	East side from Main Street approximately 188 feet north.
Hickory Lane	North side of Hickory Lane from the east property line of the Jackson Area Community Center west to Jackson Drive.
Stonewall Drive	East side of Stonewall Drive from Georgetown Drive to 380 feet north along Stonewall Drive.
Highland Road	South side of Highland Road at N171W20131 Highland Road, from the east driveway approach extending to the west approximately 205 feet.
Hickory Lane	South side of Hickory Lane 40 feet east of the Hickory Lane Park driveway to 135 feet west of the Hickory Lane Park driveway, across from the Jackson Community Center.
Spruce Street	North side, between Ridgeway Drive and the West Bend School District property driveway.
Hemlock Street	East side, between Hickory Lane and Spruce Street.

SECTION II. This Ordinance shall take effect from and after its passage and posting.

Introduced by: _____ Seconded by: _____

Vote: _____ aye _____ nay Passed and Approved: _____

VILLAGE OF JACKSON

By: _____
Donald Olson, President Pro Tem

Attest: _____
Pamela Wolf, Interim Village Clerk

Proof of Posting:

I, the undersigned, certify that I posted copies of this Ordinance on bulletin boards at the Village Hall, Post Office, Jackson Community Center, and the Village of Jackson website.

Dated: _____ Village Official: _____
